PORTLAND, OREGON, TUESDAY, JUNE 7, 1921

PRICE FIVE CENTS

## PORTLAND READY FOR FETE TO OPEN

### Annual Event Will Be Launched Tomorrow.

## FLEET ARRIVES IN HARBOR

### Two Warships From Canadian Navy to Be Here.

## MANY FROLICS PLANNED

### Frips Over Highway, Dances and Several Other Events Arranged to Entertain Sailors.

## HIGH LIGHTS OF ROSE FESTIVAL WEEK.

United States warships arrive in Portland harbor. Public may go on board fleet this afternoon from 1 to 5.

Two vessels of the Canadian navy will arrive tonight and remain throughout festival.

Queen Dorothy and royal suite arrive tomorrow noon to rule over Rose Festival. Coronation at Laurelhurst park at 2:30 P. M.

Rose show opens at auditorium tomorrow afternoon at 2 o'clock.

Dedication of Festival Center tomorrow at 4 P. M.

"Pageant of the Roses" at Laurelhurst park tomorrow night at 8.

Floral parade Thursday at 2 P. M.

Fireworks display at Multnomah field Thursday night at 9.

Royal Rosarian grand ball at Coit hall Thursday night at 9.

Rose Festival regatta Friday at 2 P. M.

Admiral's ball at Multnomah hotel Friday at 9 P. M.

## Portland's 15th Rose Festival is ready and awaits only the ringing up of the curtain tomorrow.

Directors met yesterday noon and declared every last detail had been provided for. Then they dispatched the official committee of welcome down the river to greet the incoming flotilla of warships, first of the official festival visitors.

Tonight another fleet, flying another flag, will drop anchor in Portland harbor, bringing greetings from Canada to Portland's flower fete, whose fame has spread across the international border.

## Canadians to Be Here.

H. M. scout cruiser Aurora and the destroyer Patricia, flying the union Jack, were ordered yesterday from Astoria to Portland.

Word was received first that it would be impossible for the two Canadian craft to visit Portland, but after an invitation had been sent by the Rose Festival, the city and the Chamber of Commerce, the Canadian authorities decided to accept the proffered hospitality and yesterday the following message was received by Mayor Baker from G. J. Desharata, deputy minister of the naval service, Ottawa, Canada:

"Please accept my thanks for your kind invitation for Canadian ships to visit Portland. Senior officer has been instructed to proceed there."

The two vessels are commanded by Captain Adam and are en route from the British Columbia naval station at Esquimalt to Halifax, through the Panama canal. It was expected they would be on duty at Halifax permanently after arriving in east Canadian waters.

## Crews to Be Entertained.

A Rose Festival, civic and Chamber of Commerce committee of welcome will greet the Canadian sailors and will look after their entertainment while in the city. The Aurora carries a crew of 300 and the Patricia 100. Officers and men will be taken for rides over the Columbia river highways, they will be in the parades, probably occupying a position of honor toward the head of the column, and officers will be guests at the Royal Rosarian and Admiral's balls. In between there will be much other entertainment, Canadian and British organizations planning to make their stay in the city particularly happy.

The personnel of the United States fleet in the harbor will fraternize with their cousins from across the line. The American contingent, officers and men, will be taken for a trip over the highway today. Various civic organizations will provide cars for this bit of entertainment. The public may go aboard the visiting war ships today, taking launches at the foot of Stark street.

## Buildings Are Decorated.

Decoration of the downtown streets and buildings was pretty well completed yesterday and the city put on an appearance truly gala. Many-colored banners gave a holiday air, and this gaiety will be supplemented tomorrow by the music of bands and the profusion of flowers, by which

## M'ARTHUR REFUSES TO HELP WOERNLE

### CASE OF ALLEGED AIDE TO GERMAN SPY IGNORED.

### Representative Declines to Interfere With Cancellation of American Citizenship.

THE OREGONIAN NEWS BUREAU, Washington, D. C., June 6.—Representative McArthur declined today to interfere with the cancellation by the department of labor of the citizenship papers of Joseph Woernle of Portland. In explanation of his attitude, Mr. McArthur issued the following statement:

"I am in receipt of a number of telegrams requesting me to intercede with the department of labor, where an action is now pending for the cancellation of the citizenship papers of Joseph Woernle of Portland, and after a careful inquiry into the facts and circumstances surrounding this case, I find that I cannot recommend that these proceedings be quashed. The evidence shows that Woernle permitted Hans W. Boehm, a German spy, to impersonate him for the purpose of obtaining a passport to visit Germany October, 1917.

"Woernle may not have had knowledge of all of the activities of Boehm while he was using the name of Woernle, but he was nevertheless, willing that the United States should suffer whatever embarrassment might result. If Woernle regarded his citizenship as a thing to be treated so lightly, I cannot make any recommendation toward his continuance as a citizen and, furthermore, I feel that congressional recommendations in these matters should be made only in the rare instances where it is quite apparent that an injustice has been done."

## SLAYER FREE ON ERROR

### Federal Trial of Indian in Idaho Is Held to Be Illegal.

SAN FRANCISCO, June 6.—Eugene Sol Louis, an Indian of the Coeur d'Alene reservation of Idaho, was freed today by the United States circuit court of appeals from a sentence of 15 years in prison, imposed by the federal district court of Idaho for the murder of Adeline Louis. He was ordered discharged.

The court of appeals held that Congress in its act of 1908, allotting the lands of the Coeur d'Alene reservation, had provided expressly that henceforth these Indians should be subject to the state laws. Louis should not have been tried before a federal court. It was decided.

If Louis is brought before the state courts a plea of "one in jeopardy" can be made, attorneys said.

## WISCONSIN BANS HAZING

### Leaders in Class Battle to Be Tried; Green Cap Voted Out.

MADISON, Wis., June 6.—All forms of hazing have been abolished by the student body of the University of Wisconsin, following injury of eight freshmen and sophomores who were cut and burned Saturday night in a class battle involving about 1000 students.

The historic green cap was voted out, along with the annual class rush cap night and "lake parties."

Leaders of both the freshman and sophomore classes will go on trial before the student self-governing body this week on demand of the university authorities to face charges of inciting trouble. Conviction will mean their expulsion from school.

## SCIENTISTS' HEAD NAMED

### I. C. Tomlinson of Boston President of Mother Church.

BOSTON, June 6.—The annual meeting of the Mother church, First Church of Christ, Scientists, was held today.

These meetings are open to members only, but it was made public that W. P. Emory of Detroit, the retiring president, announced I. C. Tomlinson of this city as his successor.

Emory said that in the last year's members had required of the need of great fidelity, unity and fuller realization of responsibility in upholding the mother church, through the recognition of its government by the manual as given to them by Mary Baker Eddy.

## SALEM CONVICT CAUGHT

### George Evans to Be Brought Back From Wyoming.

SALEM, Or., June 6.—(Special.)—George Evans, who escaped from the state penitentiary here on May 22, was captured yesterday by officers at Kemmerer, Wyoming, according to a telegram received today. Percy Verney, state parole officer, will leave for Wyoming tonight in quest of the prisoner.

Lee Holliday, who escaped with Evans, has not yet been apprehended. At the time the men made their getaway they were emulating teamsters at the prison farm. Evans was serving a term of five years for larceny, committed in Union county.

## IRRIGATORS ON WAY HERE

### King Alfalfa and Followers Leave Prineville for Portland.

PRINEVILLE, Or., June 6.—(Special.)—Thirty cars containing 150 Crook county irrigators, headed by King Alfalfa and Queen Elsie and her ladies in waiting, will leave early tomorrow morning for the Rose Festival.

Overalls and straw hats with badges of unique bales of hay will be the insignia of the club. The Portland hotel will be headquarters of the irrigators.

(Concluded on Page 2, Column 3.)

## SOUTH FACES CUT TO 70 DELEGATES

### Republican Committee Is to Meet Today.

## WILL HAYS IS TO RETIRE

### John T. Adams of Iowa to Be Next Chairman.

## CONVENTION IS PROBLEM

### Total Number in Attendance May Be Increased From 1089 Last Year to 1300 in Future.

BY MARK SULLIVAN.  
(Copyright by the New York Evening Post, Inc. Published by Arrangement.)

WASHINGTON, D. C., June 6.—(Special.)—When the republican national committee meets here tomorrow, Will Hays will retire as chairman, after a career marked by extraordinary good fortune on the part of both the party and of Mr. Hays himself.

The new chairman will undoubtedly be John T. Adams of Dubuque, Ia. Mr. Adams is a manufacturer with whom politics is an avocation. Thirteen years ago, he was manager of the campaign of Senator Allison and in 1915 was the manager of the Taft campaign in Iowa. He has been a member of the republican national committee since 1912, and vice-chairman since 1917.

The change in the chairmanship will be a simple enough matter. There will probably be no opposition to Mr. Adams.

## Convention Is Problem.

But thereafter the committee will have business which will involve difference of opinion. One of the important items will be the fixing of representation to the next national convention.

The national convention last year was composed of 1089 delegates. The committee tomorrow will probably fix a basis of representation which will cause the next national convention to consist of close to 1200 members. But while the number of delegates will be increased, certain changes will be made which will cause the number of southern delegates to be smaller.

In the past, the south has had about 120 delegates. If the plan that

## MAYOR OF CHICAGO REVERSED AT POLLS

### WILLIAM THOMPSON REVERSED BY VOTERS.

### Judicial Ticket Sweeps Against Candidates of Republican Boss.

CHICAGO, June 6.—William Hale Thompson suffered his first reversal at the polls today, since his election as mayor in 1915, when a coalition judicial ticket swept Chicago, defeating every Thompson candidate.

The Thompson candidates, all republicans, were opposed by the bar association and other civic bodies, and resulted in the selection of the coalition ticket made up of both democrats and republicans.

## MARITAL BARK FOUNDERS

### Honeymoon That Hit Rocks Year Ago Has Police Court Sequel.

A honeymoon which hit the rocks of disaster a year ago foundered completely in police court yesterday, when J. V. Shelley was fined \$25 for beating his wife and then announced he was willing that Mrs. Shelley procure a divorce.

A few days after his marriage, Shelley was arrested for failing to give assistance after an automobile accident. He was fined by Judge Roasman. Shelley had no money at the time and his bride refused to come forward with the money to procure his release. As a result he spent the first two or three months of his honeymoon in the city jail.

## FIRE LOSSES \$388,910

### Two of Month's Blazes Outside of Portland Incendiary.

SALEM, Or., June 6.—(Special.)—Losses from fires in Oregon, exclusive of Portland, for the month of May aggregated \$388,910, according to a report prepared here today by A. C. Barber, state fire marshal. The most disastrous blaze was at Baker, where a quarrel mill was destroyed with a loss of \$85,000.

There were 28 fires reported, of which 19 ignited from an unknown origin. Two of the fires were reported as incendiary origin.

## SENATE AIDS 1925 FAIR

### President Is Authorized to Invite Foreign Nations to Portland.

WASHINGTON, D. C., June 6.—Foreign nations might be invited by the president to take part in an exposition to be held at Portland, Or., in 1925, under a resolution adopted today by the senate.

The exposition was planned in celebration of the anniversary of the completion of the first transcontinental highway and of the development of hydro-electric power.

## FIFTY PER CENT VOTE IS FORECAST TODAY

### ESTIMATE BASED ON PREVIOUS SPECIAL ELECTION.

### Possibility of Heavier Vote, However, Conceded Because of Bond and Local Measures.

SALEM, Or., June 6.—(Special.)—The registration of voters for tomorrow's special election, as shown by reports received at the offices of the secretary of state from every county in Oregon, aggregates 317,000, or approximately 47,000 less than was reported prior to the general election in November, 1920.

The registration for the general election in November, 1920, totaled 364,469, of which 247,839 votes were cast. At the special election in May, 1920, when the issues submitted to the voters were of equal if not of greater importance than those to be presented to the electorate tomorrow, only 171,592 ballots were cast.

## MAYOR HELD AS SPEEDER

### First Arrest by New Officer Is That of St. Helens Official.

ST. HELENS, Or., May 6.—(Special.)—Some time ago the city council decided to employ a city speed cop. Mayor Ballagh was absent Saturday and two of the council appointed a patrolman. Sunday morning the mayor was in a hurry to reach his home and was stepping along at a lively pace when the speed officer overhauled him.

The mayor does not enjoy the distinction of being the first man arrested by his own policeman. His case has not yet been brought before the recorder.

## REDUCED TO 43 CENTS HOUR.

The scale of pay has been fixed at 43 cents an hour and the order to work at this scale will be actually enforced by militia authorities. Upon refusal to work men will be placed under military guard and compelled to work without compensation.

"Visiting sightseers must leave the city or go to work.

"Residents of Pueblo will not be permitted to remain idle.

"All employers of labor should be made request for men to Chief of Police Daly at Elks' club building, who is in charge of the emergency employment bureau."

The only official estimate of the amount of the damage from the flood was one of \$5,000,000 by the Pueblo Manufacturers' association, other estimates varied from \$10,000,000 to \$15,000,000.

Transportation Big Need.

Transportation east and north from the city was declared to be the greatest need. Governor Shoup today telegraphed Senator Phipps and Senator Nicholson to make every effort to get an appropriation of \$20,000,000 for the state of Colorado to repair tracks and rebuild bridges on the lines entering from these directions.

The senators replied that they did not feel they "could consistently make such a request for federal assistance until facts and conditions have been more definitely determined."

Late this afternoon a report came to office of the Nuckolls Packing company that 50 bodies had been recovered at Boons on the river about 20 miles east. This report was unconfirmed.

Recovery of Bodies Doubtful.

"Whatever figures the death list finally reaches, not half the bodies of the victims of the flood will be recovered," R. G. Breckinridge, president of the Pueblo Rotary club, said today. He based this statement on peculiarities of the river channel and the drifting of mud over the flooded area.

No additional bodies were brought to the morgue on the south side today. The number remained at 12, of which 11 were identified. The unidentified body today was believed to be that of a Mrs. Westcott of Pueblo. No further information was available.

Bodies Can't Be Buried.

All recovered bodies were held in the morgues. It will be impossible, undertakers said, to bury the bodies for several days, roads to the cemeteries being impassable. One body at an undertaker's since last Wednesday has not yet been buried.

It was expected this morning that many bodies would be recovered to-

(Concluded on Page 3, Column 1.)

## PUEBLO DIGS WAY OUT OF WRECKAGE

### Every Able-Bodied Man in City Drafted to Help.

## 52 BODIES ARE RECOVERED

### Scrapers at Work Getting Business Streets Clear.

## TOURISTS TOLD TO LEAVE

### Any Lingerer to Be Met by Arrest and Forced Work, According to Military Order.

PUEBLO, Colo., June 6.—(By the Associated Press.)—After a day's search through the debris in the flooded districts of Pueblo, 52 bodies had been recovered tonight. These included 42 in morgues and ten recovered this afternoon on the St. Charles mesa. These last ten were not identified.

By noon today the waters had virtually receded from the flooded district of the city.

With the issuance of an order this afternoon by Lieutenant-Colonel Paul F. Newton, in charge of the city under martial law, drafting every able-bodied man in the city for labor, the work of cleaning up was progressing rapidly. Scrapers were at work in the streets in the business section, clearing away the mud.

Debris was being removed from the streets and sidewalks preparatory to being carted away.

Gasoline engines were being pressed into service on all available pumps for clearing basements of the stores and buildings in the flooded area.

## Idlers Subject to Arrest.

The order which put every able-bodied man to work in the reconstruction of Pueblo provided pay of 43 cents an hour. Those who refuse to work were made subject to arrest and could be put to work without compensation. Tourists and sightseers have been ordered to leave town. If they remain they will be put to work, the order said.

The proclamation follows: "Danger from fire and pestilence make the removal of debris in the flooded area immediately necessary. Military troops and Colorado rangers are being used for guard and patrol duty so that the actual work in cleaning streets must be done by civilian population. Every able-bodied man in Pueblo must apply himself to this duty.

Pay Fixed at 43 Cents Hour.

The scale of pay has been fixed at 43 cents an hour and the order to work at this scale will be actually enforced by militia authorities. Upon refusal to work men will be placed under military guard and compelled to work without compensation.

"Visiting sightseers must leave the city or go to work.

"Residents of Pueblo will not be permitted to remain idle.

"All employers of labor should be made request for men to Chief of Police Daly at Elks' club building, who is in charge of the emergency employment bureau."

The only official estimate of the amount of the damage from the flood was one of \$5,000,000 by the Pueblo Manufacturers' association, other estimates varied from \$10,000,000 to \$15,000,000.

## OREGON BAR IS SHUT OUT OF ALBERS CASE

### SUPREME COURT REFUSES TO PERMIT INTERVENTION.

### Action Now Will Be Sent Back to District Court Where Retrial Will Be Possible.

WASHINGTON, D. C., June 6.—A petition of the Oregon Bar association that it be permitted to intervene as a friend of the court in the case of Henry Albers was denied today by the supreme court. Conviction of Albers, a wealthy citizen of Portland, of violating the espionage act, was reversed when the government confessed error.

While no reason for the court's action was announced, it was understood to have been on the ground that the bar association had no direct interest in the case which would serve to give it legal standing. The petition was presented by Senator McNary of Oregon.

The action of the supreme court concluded the case insofar as the Oregon State Bar association is concerned, according to Harrison G. Platt, president of the association.

The regular routine of the case would now be its reference back to the district court of Oregon, where it had its inception, together with a mandate reversing the decision of the lower court and setting aside the sentence imposed.

In the lower court the case can either be retried or dismissed at the discretion of the United States attorney. Lester W. Humphreys, the federal prosecutor, has already announced his intention of having the case retried unless he receives orders to the contrary from Washington. In case of a new trial, such evidence as Solicitor-General Frierson confessed error on would be carefully eliminated.

"There is nothing more that the Oregon State Bar association can do in the matter," said Mr. Platt last night. "The supreme court has refused to reconsider the case, and that ends it so far as we are concerned. It was solely a matter of practice, and the refusal of the supreme court establishes its course in such affairs."

## SHRINE MEETING SOUGHT

### San Francisco to Wage Campaign for 1922 Session.

SAN FRANCISCO, June 6.—(Special.)—San Francisco today laid plans for a campaign to land the 1922 national session of the Shrine. At a meeting of delegates of Islam temple and the board of supervisors of the city, which was addressed by Mayor Baker of Portland, the entire Shrine organization as well as the city officials arranged for a campaign at the coming July convention.

Mayor Baker spoke of the wonderful results of the convention held in Portland in 1920, and pledged the support of the Shrine of the north-west in its effort to land the convention, but also in helping to make it a big affair.

## Bond Issue Proposed.

Under the provisions of the bonus and loan measure, permission would be given the state to issue bonds up to 3 per cent of the assessed valuation of the property in the state. The bonus will be limited to 21 1/2 months for the period of service, but not to exceed \$500. The loan has been limited to 75 per cent of appraised value of real estate not to exceed \$4000. There has been no opposition voiced and the measure is expected to carry. This measure was referred to the people by the 1921 session of the legislature and the other measures were also referred by the legislature.

One of the measures would increase the length of the legislative session from 90 to 60 days and would increase the pay from \$1 to \$5 a day. Another would provide that the governor can veto an item to cover an emergency clause without affecting other items in the bill. The other two state measures are the hygienic marriage examination and the granting to women the right to serve as jurors with the additional right of declining to serve if they wish.

Fire Bond Issue Protested.

The Port of Portland measure would enable the governor to select members of the commission instead of having this task performed, as at present, by the legislature.

On the city ballot the measure proposing \$200,000 bonds for fire apparatus (Concluded on Page 4, Column 2.)

## REDS INVADING CENTRALIA

### Many I. W. W. Coming Into Town and Trouble Expected.

CENTRALIA, Wash., June 6.—Members of I. W. W. organizations are coming into Centralia in considerable numbers and a score have been arrested for their activities. One of those put in jail said, "we'll fill your jails for you," the chief of police reports.

Police are preparing for an influx and there is talk of opening the county rock quarry, where those rounded up can be put to work.

## Elks Would Help Pueblo.

On behalf of the Portland lodge of Elks, W. S. McKenney, exalted ruler, last night telegraphed to the Pueblo lodge offering assistance. He asked instructions in case anything could be done here, and expressed the deepest sympathy for the citizens of the stricken city.

## Montana Register Named.

WASHINGTON, D. C., June 6.—Robert M. Gedy for Festival, Page 1. President Harding to be land office register at Kalispell, Mont.
