## Househeating

Mr. E. B. Hyatt, 140 E. 41st St. N. (Phono-graph business at 350 Alder St.), installed a gas-fired boiler in his 10 R. home. He could not give comparative cost, as he did not use the boiler in his house with solid fuel. Has a gas floor furnace and two Radiantfires for mild weather and uses the boiler only in extreme weather. Mr. Hyatt stated that all the gas equipment has given entire satisfaction and that he considers it O. K. in every respect.

Dr. W. B. Holden, 572 Spring St. (Surgeon with offices in the Stevens Bldg.), replaced a hot-water boiler with a gas-fired boiler. Is very well pleased in every way with the comfort and says he likes the even, steady heat. Dr. Holden stated that with gas at 70 to 75c he considers that it would be no more expensive than to heat the house with solid fuel.

Mr. Geo. W. Hoyt, 603 Hillcrest Drive (Cashier, N. W. Nat. Bank), replaced a system of Rado Radiators with a 16-section Gasco furnace. Mr. Hoyt made the gratifying statement that "the past Winter has been the most comfortable, orderly and satisfactory in every way, as respects heating, of any Winter spent during the past 15 years."

Monday see what Mr. W. A. MacRae, Mr. A. C. Catto and Mr. Geo. W. Herron think of the Gasco Furnace.
