One Soldier and Two Civilians Are Killed, Latter When They Did Not Halt at Challenge.

DUBLIN, June 20.—(By the Associated Press.)—Second Lieutenant Breeze of the Worcestershire regiment was taken from an automobile in which he was riding yesterday with three young women and shot to death.

The car was held up by armed men who shot and badly wounded the lieutenant. Leaving two of the women by the roadside, they forced the third young woman to drive them with the officer into the Dublin hills, where they stood Breeze up against a wall and killed him.

The bodies of three military officers kidnaped yesterday were found today near Clonmel. It is officially reported the bodies bore a number of bullet and shotgun wounds and that each man had been blindfolded.

A soldier was shot dead yesterday in Carrick. A Irish private, County Cork, two civilians who failed to halt when challenged were killed.

NEW YORK, June 20.—Eamon de Valera has been re-elected president of the "Irish republic." It was announced today by his secretary, Harry Boland.

He also stated that Sean (James) O'Connell, former Irish "envoy" to Paris, had been elected speaker of the Dail Eireann, the Sinn Fein parliament.

BELFAST, June 20.—(By the Associated Press.)—The senate of the Ulster of northern Irish parliament, comprising 22 unionists, elected without opposition on June 11, held its meeting today and elected the Marquis of Dufferin and Ava, son of a former Canadian viceroy, as speaker.

When the nationalists were humiliated, the nationalists and Sinn Feiners ignored them, although the unionists had left seats open for those organizations.

Accordingly, the unionists nominated men for all the seats.

EMPIRE DECLARED AT STAKE Norris Wants Senate to Announce Itself for Independence.

WASHINGTON, June 20.—The future of the British empire depends upon England doing justice to Ireland, Senator Norris, republican, Nebraska, declared today in a speech in urging adoption of his resolution putting the senate on record as saying "that the Irish people are entitled to a government of their own choice."

"Ireland free will be England's friend; Ireland in subjection will be England's enemy," the senator said. "It will require an army of Englishmen to hold Ireland in subjection and this must go on all the time. When the days of trouble come it will be perfectly natural and logical for the Irish people to embrace the day of Great Britain's trouble and make another struggle for Irish freedom."

The treatment of the Irish people by the British government, he declared, the military forces, he charged, violate every civilized rule of warfare and cannot be defended, and that there is no parallel for existing conditions in Ireland could be found except in the darkest days of barbarism.

Senator Norris contended that adoption of the declaration contained in his resolution would tend to "bring about peace, harmony and continued friendship among the nations." He said he appealed in the name of "liberty and freedom, progress and justice" for an expression of this sentiment by the senate.

HOUSE WOULD DROP BARS BILL WOULD LET 10,000 MORE ALIENS LAND.

Excess Over June Quota Would Be Charged Off the Quotas of the Later Months Under Act.

WASHINGTON, D. C., June 20.—The Johnson bill to permit aliens who arrived on or before June 8 last to land at American ports is passed today by the house. The excess admitted over the June quota established under the percentage immigration law would be charged off against later monthly quotas.

The measure was taken up by a vote of 211 to 70 under suspension of the rules.

The number which the measure would permit to enter the United States is estimated at approximately 10,000. The bill goes to the senate.

Chairman Johnson of the immigration committee declared the measure should be pressed to relieve congestion at various ports, especially New York.

The bill was opposed by Representative Box, Texas, and Representative Baker, California, democratic members of the immigration committee. Mr. Baker declared 10,000,000 aliens were seeking admission to the United States, "where five million men are out of work." He charged that steamship companies had violated the new immigration law by bringing aliens here by shiploads.

LABOR CANDIDATES OUT

(Continued From First Page.) change the "whole political complexion" of the convention. They said there probably would be candidates put into the field in opposition to the present members of the executive council. Up to tonight, however, there had been no indication of such a move.

Miners Pledge Aid. Mr. Lewis has established a campaign headquarters at one of the downtown hotels and is being aided in his campaign by a large force of mine workers officials from all sections of the country. Practically all of executive board members are in the city working in his behalf.

Reports that he would not be able to control the votes of his own organization were denied tonight by his supporters, who announced that the 4237 voters the miners would be cast in favor of their leader.

State Treasurer Defends Securities of Oregon Municipalities.

SALEM, Or., June 20.—(Special.)—O. P. Hoff, state treasurer, in a statement issued today denied that the city of Reedsport had defaulted in the payment of interest due on May 1 on bonds purchased some time ago by the state.

"To correct any impression that may have been conveyed by recent newspaper statements that the city of Reedsport has defaulted in the payment of interest on its bonds of May 1, 1921, held by the state treasurer, please be advised that this interest has been paid in full," said Mr. Hoff's statement.

"It frequently happens that there is a few days' delay in meeting interest payments due on bonds of various Oregon municipalities, but this is never considered sufficient reason for publishing to the world that they have defaulted in their obligations, thereby discrediting the municipality and depreciating the value of its securities. It impresses me that the play to Oregon municipalities entitled them to reasonable press assistance in meeting their obligations, rather than attacks that can only result in the destruction of credit."

STORE TO BE REMODELED

Eastern Outfitting Company to Reconstruct Quarters.

In spite of the talk of depressed financial conditions, the Eastern Outfitting Co. has decided to start a complete reconstruction of its store.

"Our business has increased to such an extent that we must remodel," declared Joseph Shemanski, manager of the concern, "old fixtures will be taken out and new ones installed. When the changes have been made our selling space will have increased almost one-third."

Portland-made products will be used in the reconstruction of the present quarters, according to the management. Already orders have been given for the construction of cabinets, show cases, counters and other equipment. The offices, which are now scattered in various parts of the store, will be brought together in a centralized location.

The Eastern Outfitting company has been in business in Portland for 30 years.

BIG BREWERY UNCOVERED

Abandoned Federal Detention Station Near Seattle Utilized.

SEATTLE, Wash., June 20.—(Special.)—Discovery of what police dry squad men declared to have been the most completely equipped brewery they have seen since the days of open saloons in this state, was made early this morning when city detectives arrested H. L. Merford at the "brewery" in the old frame building at 10th and Olive streets.

The place was held at the city jail on an open charge, while the owner of the place is being sought.

The place contained, when the dry squad men arrived, 200 pints of finished beer and 45 gallons of malt ready to bottle. It was estimated there were 2000 bottles of all kinds cleaned and ready for filling. One thing that attracted the police was the lack of raw material. They found no hops, syrup nor sugar. Indications were that the place had been used for a large scale and had used up the raw ingredients.

Educators from all sections of western Oregon were in Salem today grading papers in the recent teachers' examinations held recently in various parts of the state. The work of grading these papers will continue throughout the week.

Registered Hogs Bring High Price. BAKER, Or., June 20.—(Special.)—D. M. Cartwheel of the Powder river valley was the purchaser of the highest priced sows at the sale of registered hogs held at the Baily ranch yesterday afternoon, when many fine specimens of Poland China were put up for bids by the owners, L. E. Bailey and Fred Entermille. H. G. Masterson of Wallawa paid \$110 for a boar 1 year old. W. W. Lloyd, one of the highest breeders of hogs in the county, if not in the state, purchased some additional stock, as did J. M. Swagart, Marion G. Balesley and W. E. Martin.

Additional Roads Will Reduce Wages. Board to Extend Order Cutting Pay of Workers.

CHICAGO, June 20.—Announcement of a wage reduction order affecting nearly all railroads involved in the \$500,000,000 wage award of July, 1920, and not named in the reduction order of June 1, is expected this week, it was learned at the United States railroad labor board today.

A brief hearing covering about 30 roads asking wage cuts was held today. The board's decision on this case and on the hearing of June 9, when more than 150 roads presented petitions, will be rendered simultaneously. The decision, it was learned today, will be drawn as an addendum to the wage reduction order of June 1, and the reductions will be virtually identical with the average 12 per cent cut granted by that order.

The addendum probably will be completed by the end of this week, a member of the board said today. It is the board's intention to publish it as far in advance of July 1 as possible. The addendum order, when the original reduction decision also goes into effect.
