

# SOCIALISTS CALL JUNE CONVENTION

## Union With Socialism or Communism Is Proposed.

### CIVIL STRIFE PROPHESED

#### Dictatorship of Proletariat to Suppress Counter-Revolutionary Movements of Capitalists.

DETROIT, Mich., June 20.—Whether socialism is to retain its present identity or be amalgamated with sovietism or communism is one of the issues which the socialist national convention, set for June 25 here, will be called upon to decide.

Under the "agenda" system of voting, adopted by the socialists for the first time this year, all motions proposed for submission to the convention must be circulated in advance among the membership of the party for assimilation and discussion. Any faction or group within the party, however small and unrepresentative may submit such a tentative motion for inclusion in the agenda with the distinct understanding however, that this procedure carries with it absolutely no indorsement or sanction for the proposal by the committee who makes up the agenda.

Thus among a mass of other motions to be submitted at the meeting will be the following, taken from the printed copy of the agenda issued: A motion that "the socialist party of the United States renew its application for membership in the communist international upon the basis of complete acceptance of the 21 points of affiliation."

**Civil Strife Held Unavoidable.**  
Another motion on the same subject says: "That the socialist party of the United States renew its application for membership in the communist international with the reservation that we accept no binding formula for the attainment or organization of the socialist society, and retain complete autonomy in matters of membership, organization and affiliation in regard to our programme and declarations regarding questions which are primarily of domestic concern."

A resolution dealing with opposite viewpoint will be offered, which states that "Be it resolved, that until such time as the communist international has officially withdrawn the appeal for workers to leave the American socialist party and others of a similar import members of the socialist party supporting or indorsing the communist international or advocating affiliation therewith shall be subject to expulsion by their respective branches."

**Political Power Issued.**  
Still another motion to be presented says: "The socialist party of the United States advocates the dictatorship of the proletariat. The dictatorship should be established to suppress counter-revolutionary movements of the capitalists and to firmly establish the new order. The working class, having captured the political power, must use that power to intrude themselves as the dominant ruling class, until such time as the appropriation of capitalist property and the abolition of interest, rent and profit has eliminated economic classes, class interests and class antagonisms."

Another motion states that "the socialist party regards the general strike as a powerful weapon of the working class." This motion adds, however: "However, considering that it requires a high degree of organization, discipline and solidarity, it is evident that the advocacy of a general strike in the United States under present conditions is folly. Years of education and organization lie before the American working class before the general strike can pass from theory to reality."

**Vigorous Measures Advocated.**  
Political strikes are advocated in one motion, but warns that it is ineffective where there is sufficient sentiment to insure a general and willing compliance with the strike orders, and that political strikes called for light or trivial reasons are foredoomed to failure and will result in discrediting this powerful weapon.

Another motion dealing with the socialist attitude toward organized labor says in part: "As part of the militant forces of the working class of this country, we reaffirm that adherence to a policy of political begging, of political trading with the capitalist parties, on the part of the labor movement, is degrading and detrimental to the interest of the workers."

### ONALASKA TO CELEBRATE

#### Committees at Work on Numerous Features for July 4.

ONALASKA, Wash., June 20.—(Special)—Onalaska is planning a big celebration July 4. Boosters in 12 automobiles have covered the territory from Tacoma and Olympia on the north, to Seaside in Oregon on the south, with posters and billboards.

The programme will include a dance to start at noon and last until midnight. Another feature will be a wrestling match between Bert Hall of Anaslaska and Dew Taylor, Canadian favorite.

The committee in charge includes Harry Henstone, dance; J. H. McCarty, baseball game; Dewey Reed, concessions; Bert Hall, smoker; Hugo Hallin and Foster Hovies, sports. William G. Elliott and Ira Waldron will be marshal of the day.

### PACKING COMPANY FORMS

#### Seek Differential Corporation Capitalized for \$100,000.

Moore & McGill has been incorporated by H. P. McGill, G. E. Moore and A. G. Rushlight. The capital stock is \$10,000 and headquarters will be in Portland.

### PINE BEETLE IS TARGET

#### COPY OF FEDERAL BILL BEFORE STATE FORESTER.

#### Proposed Law Provides \$90,000 Appropriation and Outlines Plan of Activity.

SALEM, Or., June 20.—(Special)—W. B. Greeley, United States forester, has sent to F. A. Elliott, state forester, a copy of the bill to be introduced in congress appropriating funds and outlining a plan of action to combat the so-called pine beetle, which is said to have destroyed thousands of dollars' worth of valuable timber in Oregon and California during the last few years.

The bill is almost identical with the resolution approved by the Oregon legislature during the 1921 session. The measure, if approved, will carry an appropriation of \$90,000, and will provide for infested zones. When these zones are established the owners of the timber included will have 30 days in which to eliminate the pest. If action is not taken within that period, then the state forester is authorized to proceed against the beetle and assess the cost of the campaign against the infestation.

State Forester Elliott said that from reports he had received, the loss of timber through the activities of the pine beetle would aggregate more than \$100,000 in Oregon, while even a greater loss had been sustained by the timber owners of California.

Letters received by the state forester indicate that the proposed law has the support of Senators McNary and Staffield and Representatives Sinnott and Hawley.

### MRS. CORBIN ON STAND

#### WIFE OF RAILROAD BUILDER TELLS OF PAST LIFE.

Spokane Woman, Accused of Arson, Says She Had Planned to Murder Chauffeur.

SPOKANE, Wash., June 19.—Details of her past life with D. C. Corbin, wealthy railroad builder, were disclosed in cross-examination of Mrs. Anna L. Corbin in superior court here this afternoon in the trial of Louis L. Lilje, her former chauffeur, on a charge of arson in connection with the alleged attempted destruction by fire of the Corbin home here last winter.

Mrs. Corbin declared in reply to questions of counsel for Mr. Lilje, that Mr. Corbin had sent her abroad and east to study after she had worked for him as his housekeeper for a number of years, and that later they were married. Mr. Corbin died in 1918, leaving her \$100,000 and their home here, valued at \$40,000.

On her direct examination Mrs. Corbin told of alleged plans of her husband and Lilje to burn the house to collect the insurance, because of the heavy expense to which she was put in maintaining it. She said she had expressed a preference to donate the residence to a Scandinavian hospital association but that Lilje had refused to consent.

Mrs. Corbin testified that she and Lilje had planned to be married after they had obtained the insurance money and travel through the south. Mrs. Corbin is charged with arson in connection with the fire.

### President Scholz Honored.

#### UNIVERSITY OF OREGON, Eugene, June 20.—(Special)—President Scholz of Reed college, a commencement guest at the University of Oregon. Tonight he was honored at a dinner given by Mrs. Eric W. Allen, who was a classmate of his at the University of Wisconsin. Other guests were President and Mrs. Campbell, Dean and Mrs. Dymont, Dean and Mrs. Robbins, Dean Lawrence, Mrs. George Gerlinger and Mr. and Mrs. Charles F. Elliott, parents of Mrs. Allen.

### Cruiser Ordered to Astoria.

THE OREGONIAN NEWS BUREAU, Washington, D. C., June 20.—The cruiser Salem has been ordered to join the fleet of destroyers which will participate in the July 4 celebration at Astoria.

# "Strings of Cash"

NO dainty coin purse or neat check book for milady of Korea. When she shops, she is followed about from bazaar to bazaar by a stalwart coolie bearing a huge bundle of stringed cash upon his shoulders.

Attempts to introduce a more modern system of coinage meet with great resistance. For, reasons the sagacious Korean, money without a hole in the middle is *mang-jun*—"blind money"—and "will not a country go to pieces that uses blind money?"

All business transactions call for an actual payment of cash. A cumbersome process when you consider that it takes six horses to transport one hundred dollars!

"Pocket money" is quite out of the question.

Contrast with this the convenience of a bank account with The First National and making payments by check or draft!

Ask for our booklet "The First National Bank West of the Rockies."

## THE FIRST NATIONAL BANK OF PORTLAND OREGON

### THE FIRST NATIONAL BANK WEST OF THE ROCKY MOUNTAINS

The First National Bank of Portland wishes to extend a welcome to the delegates of the Fourteenth Annual Convention of the National Association of Building Owners and Managers.

### CITY TO BUY FIRE TRUCKS

#### BIDS TO BE ADVERTISED FOR \$26,000 EQUIPMENT.

#### Council Agreed to Provide Funds to Meet Emergency, When Tenders Have Been Accepted.

The city is in the market for two triple combination fire trucks for use of the fire department, following authorization by the council yesterday for the purchasing agent to advertise for bids on the new equipment. The cost is estimated roughly at \$26,000 for the two.

Specifications call for a pumper capable of throwing 1000 gallons a minute at 130 pounds pressure at the pump, or 500 gallons at 200 pounds pressure. In addition the truck must carry a 40-gallon chemical tank with equipment and have a hose bed for 1200 feet of regulation hose. Specifications are the same for both pumps.

One of the new machines will be installed at fire station No. 1, Fourth and Taylor streets, and the other held in reserve for the present, to be assigned whenever equipment in any of the stations is laid up for repairs. It is expected that a part of the money needed will be obtained from unused funds in the fire bureau budget and the remainder appropriated from the general fund. Members of the council have agreed to vote the necessary funds to meet the emergency as soon as the bids have been accepted.

The purchase of the pumps was contemplated as one of the items to be met from the proposed \$200,000 bond issue which was decisively beaten at the special election June 17. The two pumps are needed urgently to insure proper protection for the downtown district, according to Commissioner Bigelow and Fire Chief

### BULLDOGGING RECORD SET

#### McCarroll Now Holder of World's Championship, Pendleton Learns.

PENDLETON, Or., June 20.—(Special)—Frank McCarroll, well-known Pendleton round-up performer, is now holder of the world's bulldogging record, according to Yakima Canutt, world champion bucking-horse rider in 1917-1919, who in a letter to H. W. Collins, president of the round-up here, said McCarroll bulldogged in 13.5 seconds recently at Parsons, Kansas. Previous to this performance Slim Caskey of Texas, claimed the championship with a record of 23.5 seconds. Canutt says he witnessed the performance and inclosed a picture in his letter showing McCarroll executing his remarkable feat.

Both Frank McCarroll and Canutt will be here for the round-up September 22, 23 and 24. Canutt has been attending all the shows in the south and middle west this spring.

Ray McCarroll, a brother of Frank, bulldogged a steer in 10 seconds at Centralia last year.

### Mr. Emily May Be New Lookout.

LA GRANDE, Or., June 20.—(Special)—Mr. Emily, situated on the west side of the Grand Ronde valley, may become the lookout station for the old Umattilla forest, the old Minam forest, part of the Wallowa forest, part of the Whitman forest and the Wenaha forest, according to

Young, and special efforts have been made to devise means to raise the funds for their purchase.

A party of forest supervisors who this week end made a trip of inspection to the top of the mountain. From the highest peak of Mt. Emily, a wide range of territory can be overseen.

## It Took All the Grit Mason Had To Stick It Out

"Every time I go out on a run now, I feel thankful to Tanlac for I'm convinced it kept me on the job," said William W. Mason, 1924 McClellan St., Philadelphia, for the past nine years a motorman for the Rapid Transit Co.

"I had stomach trouble in a bad form for three years and was going down hill fast. Nothing I ate agreed with me and after every meal I was sure to have heartburn, dizziness and sometimes awful cramps. I got in such a nervous condition my hand shook like a man with the palsy and at nights my sleep was broken and restless. In the mornings I felt so miserable I used to dread the time to come for me to take out my car, and it took every ounce of grit I could muster to stick until quitting time. Finally I got so weak and was so discouraged I was ready to give up.

"This was my condition when I started taking Tanlac and I owe all my present good health to this wonderful medicine and to nothing else. The first thing it did for me was to whet my appetite and I soon found I could eat anything without fear of bad after-effects. It's a fact, four bottles made a new man out of me. My nerves are quiet, I sleep like a log and wake up in the morning feeling fine. Then I eat a big breakfast and go to work whistling like I used to long ago. If people knew Tanlac like I do the clerks in the drug stores couldn't wrap it up fast enough to supply the demand. It's great."

Tanlac is sold in Portland by the Owl Drug Co. and all leading druggists.—Adv.
