

LABOR CAUTIONED TO BE TOLERANT

Federal Mediator Decries Friction in Industry.

TRUTH NEED OF HOUR

Washington State Federation Puts Fair Association on Unfair List of Unionism.

VANCOUVER, Wash., July 12.—(Special)—A feature of the session of the Washington State Federation of Labor today was an address by E. P. Marsh, ex-president of the organization and at present an attorney of the federal department of labor.

Mr. Marsh detailed the work of the government in bringing about cooperation between employers and workers. He said that the workers in the oil fields of California were operating outside the closed-shop system and were satisfied, as a result of mediation by the federal government.

"Labor cannot hope to hold the reins of government until it can govern itself," said Mr. Marsh. "The need of the hour is more truth between employer and employee. Labor must learn tolerance and charity."

Fair Association Attacked.

President Short directed that a resolution be drafted for adoption by the federation placing the Western Washington Fair association on the "unfair list." The order was the result of a complaint from the state council of carpenters that the fair association was employing non-union craftsmen and paying them only 40 cents an hour. The resolutions committee also will return a memorial pledging the support of the federation to the striking printers of Tacoma.

Bremerton May Get Convention.

Two cities were after the 1922 convention, though it is generally conceded that Bremerton will land it. A large number of the delegates are wearing the "Bremerton, 1922," badge, but opposition developed this morning when a telegram was received from the mayor of Anacortes asking that the next convention be held there.

Unions Also Oppose Paper.

According to the official report of the executive council of the federation there has been attacks on the paper from unions in the state, and a special committee was appointed to investigate these attacks. This committee will report to the convention.

The report described the formation of the third party in the last political campaign and deprecated the fact that the farmer-labor organization did not enter the campaign primaries. The sweeping republican victory and the defeat of the farmer-labor party were the result of an independent primary, it said. The third party move could have mustered 100,000 votes, it said, and could have many important republican nominations.

The membership in the federation has greatly decreased during the last year because of unemployment, the report said.

The delegates went tonight on a sight-seeing tour. A smoker will be held tomorrow night and a dance Thursday evening.

TUBERCULIN TESTS ASKED

Eastern Oregon Farmers Take Steps for State-Federal Inspections.

LA GRANDE, Or., July 12.—(Special)—Albert Hunter, representative from Union county and an active member of the local farm bureau, was instructed by the executive committee of that association to get in touch with Dr. W. H. Lytle, state veterinarian, and find out whether eastern Oregon was a suitable area for the tuberculin testing work now being done free of charge by the state and federal governments.

According to reports reaching here, western Oregon was getting nine-tenths of the testing work in the state. If this report is found to be correct, an effort will be made to have a man located in eastern Oregon in order that this part of the state may have its share of the work. Many requests have been made by the local farmers for the tests to be made.

GRAIN HARVESTING BEGUN

Heavy Crops Reported in Portions of Lane County.

EUGENE, Or., July 12.—(Special)—Grain bidding began in some parts of Lane county yesterday, and it is believed that the work of harvesting fall grain will be general the last of the week. The few hot days of the last week hastened the ripening of fall grain.

In some localities a heavy stand of grain is reported, while in other conditions are less favorable. Farmers in the Junction city locality say there was not enough moisture there late in the spring.

Threshing is expected to begin earlier this summer than usual and the owners of machines now are talking about the wage scale and the prices to be charged for threshing.

RESERVES TO HAVE TESTS

Naval Recruits Being Mobilized for Two Weeks' Cruise.

ABERDEEN, Wash., July 12.—(Special)—Physical examinations for Aberdeen naval reserve recruits, planning the two weeks' cruise starting July 17, will be held tomorrow night at the American Legion building.

Divorce Suit Follows Arrest.

CENTRALIA, Wash., July 12.—(Special)—H. G. Hartman, arrested Sunday night on a charge of driving an auto while intoxicated, was made defendant in a suit for divorce yesterday by Mary A. Hartman, who charges that her husband is cruel and that he squanders his earnings on liquor and in pool halls. The couple were married in 1911. The plaintiff seeks the custody of three minor children. Last night Hartman was sentenced to serve ten days in the city jail. About 10:30 o'clock he set fire to a mattress while smoking a cigarette and the fire department was called to the jail.

PHARMACY SCHOOL URGED

DRUGGISTS OF OREGON WANT BIG STATE INSTITUTION.

Convention at Seaside Declares Against any Move to Saddle Liquor Upon Trade.

SEASIDE, Or., July 12.—(Special)—United in the opinion that Oregon should have the greatest pharmaceutical college in the west, and one that would compare favorably with any in the country, the Oregon State Pharmaceutical association today passed a resolution favoring the speedy construction of a building at Oregon Agricultural college that would be devoted exclusively to the study of pharmacy.

Attention was called to the fact that at the college the pharmacy department is housed in the attic of the chemistry building, where there is not adequate room for the school. That Oregon's growth had reached a point where it was necessary to provide a first-class pharmaceutical school and that the present quarters of the department at Oregon Agricultural college were entirely too small, was argued by Stanley J. Hammel, an alumnus of Corvallis Agricultural college. The association will exert its influence between now and the next session of the legislature to encourage the people of the state to support a movement for the establishment of the greatest pharmaceutical school in the west in Corvallis.

LIBRARY COURSES BEGUN

Twenty-One Students Are Enrolled for Summer Studies.

UNIVERSITY OF OREGON, Eugene, July 12.—(Special)—Twenty-one students have been enrolled in the two courses in school library methods at the University of Oregon summer session. The classes are being conducted by Miss Mary Brown Humphrey, reference librarian of Washington state college.

The greater part of the class work consists of actual practice in the library of the university.

On the library staff for the summer term is Gordon Fletcher of Eugene, who graduated from the university in 1919. He is now a student in the Portland medical school. Immediately after the close of the summer session the annual inventory of the library will be taken.

Cowlitz Harvest Begins.

KEILSO, Wash., July 12.—(Special)—Cowlitz county's hay yield will establish a new record. Every farmer is busy gathering the biggest crop in years, and weather conditions are perfect in curing. Grain is also ripening splendidly, and a record crop of oats and wheat is expected, especially if the fall rains do not set in too early.

Norbach Acquitted of Perjury.

ABERDEEN, Wash., July 12.—(Special)—J. H. Norbach of Aberdeen, charged with perjury as an outgrowth of the trial of L. W. W. defendants at the last term of court, has been acquitted by a jury.

WANTED!

WANTED—A salesman to associate himself with a reputable company that has been established in Portland for 5 years, selling a motor car in the five thousand class. Applicant must have had successful experience and the necessary polish to meet and associate with customers who can afford cars of this class. Apply by letter. J 805, Oregonian.

HARBOR WILL HAVE FAIR

New Grounds and Buildings and Attractive Programme Guaranteed.

ABERDEEN, Wash., July 12.—(Special)—Definite decision to have a county fair this year has been announced by the fair management, and the premium lists have been sent out. The fair has been a yearly institution, under private management for a long time, but about three years ago was taken over by the county commissioners and run as a county institution.

The county fair is guaranteed these things: New grounds and new buildings, an attractive entertainment programme, with entries completed for four races, and more active cooperation from commercial bodies and community organizations than ever before has been pledged or delivered.

MINING INDUSTRY REVIVES

NEW DISCOVERIES REPORTED IN SOUTHERN OREGON.

GRANTS PASS, Or., July 12.—(Special)—The mining industry in southern Oregon received an added impetus recently through new discoveries and further development of old properties. One of the latest developments was the work being done at the Lady Margaret mine, which lies in the Sucker creek region, just west of the rich Boswell mine. The mine was being opened up by Grants Pass and Medford men, with them being associated Dr. A. M. Knapp, who has had experience in many of the best camps of the west.

M. G. Delfelsen Held for Trial.

ABERDEEN, Wash., July 12.—(Special)—M. G. Delfelsen, who was a candidate for the council, at the last election, has been bound over to the superior court on charges of robbing Charles Luokko of \$245. Delfelsen was charged originally with impersonating an officer and robbery. The state elected to try him on the robbery count. He is at liberty on \$250 bail.

Paving Completed This Week.

GRANTS PASS, Or., July 12.—(Special)—By the end of the week there will be a continuous paved highway from Grants Pass to the Colifornia state line. The last work is being done this week near Gold Hill by S. S. Schell, who has done the majority of the work between this city and Medford. Work will begin soon on the paving of the road north of Grants Pass, the contract for ten miles having recently been let.

Fashion's Decree

becomes genuinely alluring in the season's light, airy fabrics. For Delatone has enabled women of fastidious taste to have perfect freedom in the exposure of shoulders and arms.

DELATONE

is a well-known scientific preparation for removing hair from neck, face or underarms. It works safely and surely. Prepared scientifically and recommended by beauty specialists, it leaves the skin clear, firm and perfectly smooth.

Easy to apply—simple directions with every jar. At Any Druggist's or Department Store

Too Much of a Good Thing

"It is six years since I had my first stomach trouble. It rapidly grew worse. My food would not digest and I was reduced to skin and bone. My doctor put me on a starvation diet, and when my pains grew worse I concluded it was too much of a good thing. On the advice of my druggist I tried Mayr's Wonderful Remedy, and an hour entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince you of its power. The Owl Drug Store and druggists everywhere.
