Coroner's Jury Takes Up Case at Roseburg.

COURT HAS BIG CROWD

Shoe Dealer Declares Pair Found on Murdered Man Are Like Those Sold to Russell.

ROSEBURG, Or., July 19.—(Special.)—That the shoes found on the body in the wrecked Brumfield auto will figure prominently in the identification of the headless body over which the coroner's inquest was started today, was proved when I. Selig, Myrtle Creek merchant, took the stand, just before the close of the day's session.

"I had known Dennis Russell for many years, Mr. Selig said, and several months ago he bought a pair of shoes at my store. The shoes were of the Star brand.

He was shown the pair of burned shoes, found in the wreck, and asked if they were those he had sold to Russell. He replied that he could not identify them positively, but that they were of the same brand and the same size as those he had sold.

Shoes Are Compared.

Mr. Selig produced a pair of shoes identical with those he sold Russell, and they were compared with the burned shoes taken from the body. They were of about a number 7 size, which was the size Russell wore, and were of the same brand. Dr. Brumfield's shoes were number 8 1/2, Mrs. Brumfield declared when giving her testimony earlier in the day.

Only one pair of shoes was found and the fact that the smaller size shoes, identical with those sold Russell, were found on the feet of the burned body will doubtless have considerable weight with the jury.

With the court crowded to capacity and hundreds of persons unable to gain admittance, the inquest which was hoped to be the most important link in the murder case was started.

Record Set by Crowd.

Never before in the history of the county has such a crowd been attracted for an inquest or even for the most sensational homicide case.

The crowd commenced to gather long before the hour set for the inquest and every inch of standing room was taken before the first witness was called.

Mrs. Brumfield, heavily veiled and accompanied by Mrs. C. S. Heinlein, a close friend of the family, Mrs. C. H. Patrick, sister of Dr. Brumfield, and a trained nurse, had seats within the rail. Mrs. Brumfield was the first witness called to the stand and although she broke down frequently she gave good testimony in the case, speaking up well in spite of her nervous and shocked condition.

Body Shakes With Sobs.

Frequently she stopped while her body shook with sobs which were audible over the entire court room and hundreds of other women also gave way to tears.

Mrs. Brumfield told the jury, which is composed of John Thorne, O. C. Baker, Napoleon Rite, Barton Holliswell and Paul Butbar, all prominent business men, that there was no doubt in her mind regarding the body.

She gave a complete description of the body of her husband, told his age and the measurements of his clothes. She also gave an account of their early life, of their marriage, of the change of residence to Roseburg, following his graduation from the dental college. In speaking of their three children, she broke down, and it was several minutes before she could resume. She told of the last time she saw her husband, and of his telephone calls.

Departure Is Related.

He left early on the morning of July 15, she said, and at noon he called her by telephone and again at 6 o'clock, telling her he would be late getting home.

"He told me he would eat a lunch in town," she said, "and that he would not be home until late. He had not been seen since that time, and before she could resume," she added, "saying he was having trouble with his stomach."

On the previous Sunday, she said, they had passed the day at the home of his nephews, by marriage, Mildred Meredith, an ex-service man who had taken up a homestead near that of Dennis Russell. It was at Meredith's home that Dr. Brumfield first met Russell, it was said.

Mrs. Brumfield was asked to give a description of her husband and replied that he was six feet in height, was of dark complexion and weighed 132 pounds. He wore a 15 1/2 size shirt and 8 1/2 shoes. He had no scars on his body.

His only ring, Mrs. Brumfield said, was a fraternal ring. She was shown the ring found on the body and identified it as that of her husband. She

GUARD OVERPOWERED; PRISONER IS SEIZED

PARTY OF MASKED MEN TAKE MAN AWAY IN AUTO.

Note Signed 'Klu Klux Klan' Found In Pocket of Youth Discovered Unconscious and Gagged.

TENAHIA, Tex., July 19.—J. W. McKnight of Nacogdoches, while being taken to Center county seat of Shelby county, by a deputy sheriff, following his arrest here tonight on a charge of carrying concealed weapons, was seized by a party of masked men, after his guard had been overpowered, and whisked away in a motor car.

TYLER, Tex., July 19.—George H. Peters, 20, was brought here to a hospital today from a point about three miles from Chandler, Tex., where he was found unconscious and gagged. A note, found in his clothing, signed "Klu Klux Klan," said he had been taken from a hotel at Chandler and about \$240 in money taken from him. The note added he was not the man wanted.

While at the hospital, Peters said he heard of the automobile was speeding through Timpson near here, with its occupants firing volley after volley of pistol shots.

Sunday morning, McKnight, who is a plumber, was attacked by a party of masked men at Timpson and severely beaten. Some of the men, he said, he recognized. Carrying out his announced intention of laying the matter before authorities, McKnight came here late today to furnish information concerning the assailants but was arrested on a charge of carrying a pistol.

COUPLE DISCOVERED DEAD

Portland Man Held to Have Slain Woman and Himself.

LOS ANGELES, Cal., July 19.—Bodies of a man of 38, who registered as E. Libby of Portland, Or., and Mrs. Mary Davis, 41, were found today when the door of a room they had occupied in a downtown hotel was forced open. Death in each case was due to bullet wounds. The police said they believed the man shot Mrs. Davis and then himself. Examining physicians said the shootings occurred probably a week ago.

According to the police, Mrs. Davis was the wife of B. B. Davis of San Diego.

The name of E. Libby is not listed in the Portland city directory or in the telephone directory, and the police yesterday were unable to locate any person from Portland who knew anything of the Los Angeles suicide. Records of the police detective bureau showed no record of any missing person of that name. The local police believe he may have been a transient and not a resident of this city.

SLASHED HEART SEWED UP

Surgeons Stitch Knife Cuts and Boy Is Recovering.

NEW YORK, July 19.—Frank Farino, 16, of Brooklyn, is recovering today after his heart was accidentally pierced with a knife and then promptly sewed up.

The boy was working yesterday in a factory when a 17-inch knife with which he was cutting rope slipped. The blade entered his chest, pierced the heart covering and cut through the heart muscles.

He was hurried to a hospital, where surgeons opened his chest wall, took four stitches in the heart muscles and three in the covering.

ROAD SURVEY PROCEEDING

State Engineers Announce Plan to Bridge Rogue River.

MARSHFIELD, Or., July 19.—(Special.)—The state engineering party which visited Gold Beach last week, including Messrs. Chandler and Campbell, announced that the state highway commission intended bridging Rogue river in 1922 as a portion of the Roosevelt highway work.

Surveyors from the highway commission offices are working on the Roosevelt highway north from here to the Siuslaw river and on the Curry county unit between Gold Beach and the Curry county line.

KIDNAPERS WANT \$50,000

Note Demanding Money Sent to Wife of Prisoner.

SHARON, Pa., July 19.—Thomas D. Randolph, a leading business man here, was kidnapped last night and is being held for \$50,000 ransom, according to information given the police by Mrs. Randolph today.

Mr. Randolph did not return home last night. This morning his wife received a note signed "kidnapers," demanding \$50,000 for the man's release and giving instructions as to how the money was to be paid. A second note from Randolph told of his captivity.

EVIDENCE IS SWALLOWED

Saloonkeeper Drinks Liquor Intended to Aid Prosecution.

MILWAUKEE, Wis., July 18.—Albert Multerer, Milwaukee saloonkeeper, drank the evidence seized by state prohibition agents while the raid on Multerer's place was in progress, according to a report to the district attorney today.

"While Agent Henning was writing a label to be placed on a bottle of whisky seized in Multerer's saloon Multerer drained the contents of the bottle," the report said.

\$112,512,628 CUT OFF NATION'S BILL

Saving for Current Year Estimated by Dawes.

LETTER SENT TO PRESIDENT

Possible Economies Bared by Budget Machinery.

BUILDING DELAY ASKED

\$22,822,113 Is Sliced Out at Expense of Construction That Can Be Delayed Year.

WASHINGTON, D. C., July 19.—An estimated saving of \$112,512,628 can be effected in the appropriations of approximately \$400,000,000 available for government expenditure during the current fiscal year, President Harding was informed today by Director of the Budget Dawes.

Included in the estimate, Director Dawes said, was \$22,822,113 pertaining to continuous appropriations for building and construction which could be postponed for expenditure in future years.

The estimate of government economy possible during the present fiscal year was contained in a letter directed to the president by Director Dawes, who presented the amounts by which the expenditures could be reduced in the departments and independent establishments.

Economies Survey Made.

Survey of possible economies was begun a few weeks ago by Director Dawes, using the budget machinery, after a meeting at which department heads and bureau chiefs had been directed to reduce expenditures.

"Whatever may be the relation of total expenditure to total revenues at the end of the current year," the director wrote, "which for various reasons, including possible new legislation, the operations of the shipping board, the railroad administration and fluctuation in current receipts of the post office department, cannot be predicted at this time, the above amount is that much of a contribution to a more favorable relation.

"This fine response to your request from the heads of departments and independent organizations and bureau chiefs infers the existence in their minds of three principles involving improvement in governmental business.

"First—That the business organization of government hereafter assumes that the minimum amount of money

SEA ENGINEERS VOTE TO RETURN TO JOBS

BALLOTING RESULT AT SAN FRANCISCO, 480 TO 50.

Strikers Out Ever Since National-Wide Maritime Walkout Was Ordered May 1.

SAN FRANCISCO, July 19.—San Francisco union marine engineers, meeting tonight, voted, 480 to 50, to return to work immediately, it was announced by officers.

The engineers have been on strike since May 1, when the nation-wide maritime strike was called.

The marine engineers at a previous meeting recently had voted to return to work on United States shipping board vessels under a national agreement, but voted to continue the strike against private owners. The vote tonight was on the question of returning to work on private-owned vessels.

Ernest F. Pegg, secretary of the local union, made the announcement and said all marine engineers reported to work tomorrow morning.

FREIGHT CUTS ANNOUNCED

Material Reduction Made on Several Important Commodities.

SAN FRANCISCO, July 19.—Jam and playing cards were granted the dignity of a class freight rate and scheduled at \$1.35 and \$4.65 a hundredweight, respectively, from Atlantic to Pacific ports by the North Atlantic-Pacific coast westbound conference today. Heretofore they had gone under the commodity or mixed shipment status.

The conference announced a reduction from \$1.45 to \$1.30 a hundredweight for flour, tapioca and tapioca flour, a reduction from \$2.50 to \$2.35 on thread, cotton and linen, and a reduction from \$1.70 to \$1.25 on leather. Drugs and medicines were given an individual classification and rated at \$1.65 a hundredweight.

POSTAL TESTS ORDERED

Eligibles for Office of Postmaster Will Take Examinations.

THE OREGONIAN NEWS BUREAU, Washington, D. C., July 19.—Eligibles for appointment as postmasters at Portland and Pendleton, Or., and Lewiston, Idaho, will have the opportunity to qualify in civil service examinations to be held August 16, the civil service commission announced today.

These were the most important examinations announced for the Pacific northwest since the new executive order governing postmaster appointments was announced.

Lengthy Discussions Faced.

To thresh out that question now not only would delay the conference, but might also branch into a discussion of the merits of the disputed subject. It is felt that the programme could best be arranged by the conference or at least by negotiation after each of the invited powers has sent in an unconditional acceptance.

News dispatches from Tokyo reporting that Japan might raise such questions as racial equality and abolition of extraterritorial rights in China were read with manifest interest. There was an apparent feeling of satisfaction over other unofficial advice seeming to indicate that the Tokyo government proposed to clean the slate of troublesome far-eastern problems by moving toward a settlement of such questions as Shantung and the occupation of Siberia.

Explanation Is Informal.

It developed that the explanation given Japan by the state department relative to the scope of the conference was entirely informal and that department officials apparently hoped to be able to reach an understanding without a further exchange of formal notes. The information desired by Tokyo is understood to have been given the Japanese ambassador during an informal conversation with Secretary Hughes.

President Harding is understood to be giving some attention to the personnel of the current year, that is to represent the United States.

It was indicated today that, although no actual choice probably would be made for a month or more, the president definitely had decided that the act of such a nature, and responsibility for foreign affairs, will be represented.

DEATHS QUEERLY COINCIDE

Two Men of Same Name, Unrelated, Die in Same Manner.

RENO, Nev., July 19.—A singular coincidence in suicides of two men named Helm is that Gratz W. Helm in San Francisco was found dead yesterday afternoon sitting upright in his chair at his desk with a bullet-hole back of his left ear, while Frank Helm, foreman of Gold Zone mine at Tonopah, was found dead yesterday afternoon sitting in his chair at his desk with a bullet-hole back of his right ear.

They were not related.

IDAHO ROBBERS CONTINUE

Fifth Case of Bank Looting Within Few Weeks Reported.

IDAHO FALLS, Idaho, July 18.—The fifth bank robbery in small villages in eastern Idaho within the past few weeks was reported here this morning, when officers were warned to watch for four men who broke into the bank at Leadore last night and stole \$3000 worth of liberty bonds.

Leadore is a small mining town northwest of here.

DOOMED MAN SMOKES BEFORE FIRING SQUAD

CIGARETTE CALMLY PUFFED UNTIL BULLETS STRIKE.

Moroccan Machine Gunner With French on Rhine Executed for Murdering German.

MAYENCE, July 19.—(By the Associated Press.)—Mohammed Ben Ahmed, a Moroccan machine gunner of the French forces on the Rhine, who was convicted by a French court-martial of killing and robbing a German merchant, was executed by a firing squad here today. He calmly smoked a cigarette until the bullets struck him.

The execution was carried out in the presence of many witnesses, and all the Moroccan members of the garrison were marched past the body.

PLANE BLAMED FOR FIRE

Residence of D. M. Lowe at Medford Burned to Ground.

MEDFORD, Or., July 19.—Ignited, according to the owner, by a spark from a descending forest patrol airplane, the residence of D. M. Lowe, well-known agricultural expert, was burned to the ground yesterday at a loss of \$6000.

The Lowe residence was at the edge of Barber field, the airplane passing it every day when alighting. The exhaust of the plane, according to Mr. Lowe, set fire to foxtail grass, which, fanned by the wind, ignited the grain field and house.

Fire Chief Lawton of Medford made a run to the field with a chemical engine and saved all but one acre of barley crop.

MOVING TO DISARM GAINS MAGNITUDE

New Political Ramifications Revealed.

WASHINGTON, D. C., July 19.—(By the Associated Press.)—President Harding's move for a disarmament conference is assuming far greater magnitude in world affairs than first indications disclosed.

As the preliminary negotiations proceed they are revealing unexpected diplomatic ramifications and leading into fields which in the beginning had seemed far removed from the purpose of the conference. But officials apparently are confident that the widespread effect of the president's proposal will in the end prove only an aid in accomplishing the frank exchange of ideas for which the conference was called.

One of the principal side issues now occupying the attention of the government is the disposition of Japan to hold out for an exact definition in advance of the subjects to be considered.

Lengthy Discussions Faced.

To thresh out that question now not only would delay the conference, but might also branch into a discussion of the merits of the disputed subject. It is felt that the programme could best be arranged by the conference or at least by negotiation after each of the invited powers has sent in an unconditional acceptance.
