

JAPANESE DEPORTED FROM TURLOCK, CAL.

Warrants Out for Arrest of Five Alleged Assailants.

MANY ORIENTALS ROUTED

I. W. W. Held Largely Responsible for Deportation Following Cut in Workers' Wages.

TURLOCK, Cal., July 20.—Arrests were expected here tonight of several Turlock men charged with having taken part in the deportation from Turlock and nearby farms of between 50 and 80 Japanese laborers early today.

Sheriff Dallas of Stanislaus county was reported on his way from Modesto, the county seat, with warrants for five Turlock men, charged with kidnaping the Japanese. The warrants were issued on John Doe complaints sworn to by one of the deported Japanese, who went to Modesto from Denair, near here, where he was left early today. The Japanese said he could identify the men who took him.

Stanislaus county officials blamed the trouble to Industrial Workers of the World, who, they alleged, planned the deportation when fruit workers' wages were cut approximately 15 per cent and when Japanese remained at work under the low schedule. Sheriff Dallas was reported bringing several deputies with him to help make the arrests.

Many of the Japanese have returned to the points from which they were taken, some of them coming back as soon as they were unloaded from the automobiles in which they were carried away. One of the Japanese was forced to drive an automobile in which was carried his deported fellow countrymen.

Japanese Suits Likely. No one tonight knew the exact number of men deported. City officials said 63 were sent away from here and between 20 and 25 from nearby farms. Sheriff Dallas, after an examination today, said the number had been exaggerated and would not exceed 50. It was said about 60 per cent of the men who deported the Japanese were permanent residents of Turlock, the others being itinerant fruit workers.

There were rumors tonight of suits being brought against the county by several of the Japanese. The authorities said that the members of the mob, which numbered about 75, threatened to burn one Japanese hotel and two Japanese bunk houses in order to hasten the departure of their occupants.

Fifteen Japanese were taken from the Gerard ranch, near town, and the remainder from various other properties.

The Japanese who left today went in all directions, but the greater number headed for Stockton, Keyes and Modesto.

The police were notified that a number of Japanese taken to Keyes by the mob were placed on board a northbound freight train, which was flagged. The Japanese submitted in most instances without even a protest.

Workers Under Contract. The Japanese had been brought into the district on contract to pick white ranchers to pick the fruit and melon crop. They were being paid 15 cents a crate, whereas white workers were getting 25 and 35 cents a crate. This is given as the principal cause of the trouble.

The deportation followed by a few days a similar deportation of Japanese workers from the Livingston, Merced county, fruit district. In the former instance, however, the farmers of the Livingston region were held to be responsible for the enforced departure of the Japanese.

The mob worked silently and was aided to some extent by the full moon. The Japanese were aroused and given a certain time in which to dress and collect their belongings and were then ordered onto motor trucks and driven away. Wives and children of the deportees were not molested and no effort was made to disturb the Japanese who have leaseholds on lands here.

The act of the mob followed a protest to the Turlock chamber of commerce by the fruit and melon pickers' union and the refusal of the chamber to adopt a resolution upholding the protest. The chamber issued a statement, however, criticizing white farmers who brought Japanese workers into the district.

AFFAIRS TO BE INVESTIGATED

Japanese Consul-General Is Confident of Justice. SAN FRANCISCO, July 20.—The Turlock Japanese incident is being investigated by agents of the department of justice, it was learned here today.

Action on the Turlock situation is being withheld by the Japanese consulate here until details are received from Japanese and American participants. S. Yada, Japanese consul-general here, said today: "The incident was the most deplorable affair of its kind that has happened in California since I became consul-general here. Mr. Yada said: "However, I feel certain that the American government will protect the Japanese residents in this country, for in our country the Japanese government protects Americans."

COAL OPERATORS SILENT

Action on Strike Conditions Expected in Few Days. SEATTLE, Wash., July 20.—No announcement was made today by the coal operators, who are considering the critical situation precipitated by the threatened withdrawal of the miners from negotiations toward the settlement of the strike which has closed 29 commercial mines of this state since last March, when this state refused to accept a wage cut of from 23 to 24 per cent.

An arbitration committee had submitted a compromise report involving a wage reduction of 20 per cent, but officials of the United Mine Workers refused to submit this proposal to a referendum.

Operators said today that some action by the mine owners undoubtedly would be taken within the next few days, but that an agreement had not been reached.

PACKERS SHORT \$1,187,000

Audit Shows Amount Embezzled by R. J. Thomson, Controller. CHICAGO, July 20.—Following an audit of the books of the George A. Hormel company, packers, of Austin, Minn., officers of the company this afternoon announced that the total shortage of R. J. Thomson, former controller, was \$1,187,000.

Hormel company, packers, of Austin, Minn., officers of the company this afternoon announced that the total shortage of R. J. Thomson, former controller, was \$1,187,000. Thomson, who last week admitted embezzlement of the funds, has turned over all his property to Jay C. Hormel, vice-president of the company, it was announced. "While naturally the company is embarrassed temporarily by this large shortage, it is absolutely solvent," said E. E. Brown, vice-president of the First National bank at Chicago, at whose office a meeting of creditors was held today. "It will be some time before the assets turned over by Thomson can be liquidated," he continued, "and meanwhile the banks interested will continue full collection work on its difficulties and will, if necessary, loan it an additional amount in order to continue full collection work. Thomson's property included a farm in Iowa, and its aggregate cost was in excess of \$1,000,000.

GOVERNOR IS INDICTED

(Continued From First Page.) bank, which thereupon issued and delivered to the state treasurer certificates of deposit for the amounts received, but without any collateral security. In other words, the only evidence of indebtedness and the only security held by the treasurer for loans aggregating \$10,000,000 were paper obligations of a fictitious bank. The moneys so received were used in purchasing a discount short-time notes issued by Swift & Co. and Armour & Co., two large corporations engaged in the packing business in Chicago. These transactions netted the purchaser of the notes a profit. If any portion of the profits so realized was paid into the state treasury, it was less than 2 per cent.

Probe Is Recommended.

"The records of the treasurer's office for July 10, 1919, illustrate the manner in which the public funds were handled. On that day the vault fund is debited with \$7,977,500, of which \$3,000,000 was deposited in a private banking institution, while the 'safe fund' was debited with \$15,000,000. "We recommend that the state in-
