

GREEKS HURL BACK 2 TURKISH ASSAULTS

Attempts to Retake Ineunu and Eski-Shehr Fail.

HEAVY LOSS IS REPORTED

One Entire Division Is Said to Have Fallen Into Hands of Enemy; Details Missing.

SMYRNA, Asia Minor, July 24.—(By the Associated Press.)—An attempt by the Turks to recapture Eski-Shehr and Ineunu failed. Severe losses were inflicted on the Turks by the Greeks. One entire division of Turks was captured. The entire Turkish army concentrated north and eastward of Eski-Shehr and attacked the Greek center in order to recapture Eski-Shehr, while the right flank tried to retake Ineunu, 20 kilometers west of the town.

There was severe fighting which lasted for 48 hours during which the Greek flank enveloped the Turks, compelling them to abandon strong positions with severe losses.

The entire Turkish army numbered about 6000 men. The remnants of the Kemal forces were still on the fortified line of Sivri-Hisar, protecting Angora.

CONSTANTINOPLE, July 21.—The Turks, it was explained in some quarters here, either underestimated the nature of the Greek offensive in Asia Minor or were unable to bring up reinforcements as needed. By others it is conjectured that, realizing the offensive to be too powerful, the Kemalists mean to continue the retreat, drawing on the enemy until he is weakened by malaria, heat and the lack of water and communications.

In the absence of accurate information relative to the exact position of the Turkish army, the military situation was not considered as irreparable. Allied military experts do not believe the Greeks to march on Angora and Konia, owing to the nature of the ground. The outflanking movement which the Turkish army was making to be preparing was also pointed to as a possible factor in preventing this. With reinforcements from the Caucasian divisions, the Turks, it was declared, will be prepared to offer stout resistance.

Eski-Shehr appears to have been captured by the third Greek division coming from the west. The Greek forces at a junction with the column moving from Kutais. The Turkish losses in material were heavy.

WATCH IS IN HOQUIAM

\$5000 TIMEPIECE RECENTLY PAWNED IN BUTTE.

Owner Says He Borrowed \$50 on Property to Get It in Safe Place Till Banks Opened.

HOQUIAM, Wash., July 24.—(Special.)—The late Marcus Daly's \$5000 Swiss watch, which he bought to "catch" the time of horses on the New York race tracks, particularly his own racers, recently was pawned in Butte, Mont., now rests in the safety deposit vault of the O'Brien safe company in this city. Mr. O'Brien said he pawned it in Butte for safety's sake, as the banks were closed and his friends told him his life would be worthless if he was killed. The pawnbroker asked for a glance at its interior—394 pieces, handmade by Swiss experts, set in diamond cups, and having an 18-carat gold case made by the firm of Sir John Bennett, Fleet street, London—soon convinced the pawnbroker that the watch was too much to risk, said Mr. O'Brien.

According to Mr. O'Brien, he obtained the watch from the late Marcus Daly, brother of Mrs. Marcus Daly. He borrowed \$250 on it in Spokane a few years ago and later obtained several other sums. He does not explain how Evans came to have the valuable timepiece.

Among the unique features are silver chimes, indicators for days and months, besides the hours, minutes and seconds, and the second stop contrivance. According to Mr. O'Brien's story, Daly, through a New York jeweler, had a "best watch money can buy."

After outlining what he wanted, the jeweler told him it would cost him four or five thousand dollars. To this Daly replied: "I don't give a damn for the dollar, there's nothing too good for an Irishman."

RAILROAD MAGNATE AND HIS FAMILY SEE HIGHWAY.

Chairman of Great Northern Board of Directors Inspects Site of Terminal Project.

LOUIS W. HILL, chairman of the board of directors of the Great Northern railway, with Mrs. Hill, three sons and daughter, arrived in Portland yesterday morning, spent most of the day in an automobile trip over the Columbia river highway and left last night at 7 o'clock for Del Monte, Cal., where the Hills will pass several weeks.

Mr. Hill declined to discuss business while he was in the city. The nearest he approached railroad problems was when he inspected the terminal project site in the north end of the city in the morning. He expressed the opinion, merely, that he believed the proposed arrangement would work out satisfactorily.

Mr. Hill and his family came to the city yesterday morning at 8 o'clock in a touring car. He and his family, Mr. Hill is a college mate, being fellow students at an eastern school.

The visitors were taken for a trip over the highway by W. F. Turner, president of the Spokane, Portland & Seattle railway, with Mrs. Turner, and Mr. and Mrs. J. C. Police Break Up Amnesty Meeting in Des Moines.

DES MOINES, Ia., July 24.—By arresting the speaker of the afternoon, Ida Crouch Hazlett of New York, and three members of the local organization, police broke up a meeting of socialists at a local park here today shortly after 8 o'clock.

About 300 socialists had gathered for a picnic, following which they were to be addressed by Mrs. Hazlett, traveling lecturer and organizer, on the subject of amnesty for political prisoners. The lecture had scarcely begun when police officers appeared to arrest her. Officers refused to disclose upon what information the arrest was based. The local men were released early tonight, but Mrs. Hazlett was detained.

WASHINGTON, D. C., July 24.—Money-raising legislation will occupy the attention of congressional committees at each end of the capitol this week, with the senate finance committee opening hearings tomorrow on the Fordney tariff bill, and the house ways and means committee ready to discuss the new tax bill Tuesday.

Although the tariff bill, passed by the house Thursday and designed to raise about half a billion dollars in revenue annually, was going into its second stage, interest was somewhat subsided to the tax measure which must produce more than seven times as much.

The senate finance committee has under consideration a plan to establish a clearing house of experts who would sift out suggestions regarded as worth while from the tax revision basket. The plan was understood to have the approval of most members of the committee and the experts probably will begin work while the committee itself is listening to tariff talk.

American valuation provisions of the Fordney bill will be the first taken up by the senate committee tomorrow and Tuesday.

Leaders in the senate committee also were expected to see a revival of the fight in the house to have the senate restore a duty on hides and wool. The measure would provide for compensatory duties on shoes and leather goods and textiles in which the long staple cotton is used.

Another Conference Hoped.

The house ways and means committee is going into its hearings on the tax measure without any set schedule. It was reported again tonight Mr. Fordney hoped to see the president before the hearing.

Chief among the tax bills which have passed through the house hopper is a bill by Representative Longworth, Ohio, republican, who would repeal the excess profits, transportation and fountain drink taxes and reduce the higher surtaxes on personal incomes. The Longworth bill also proposes additional revenues.

The senate finance committee also was expected to see a revival of the fight in the house to have the senate restore a duty on hides and wool. The measure would provide for compensatory duties on shoes and leather goods and textiles in which the long staple cotton is used.

SMALL READY TO FIGHT

GOVERNOR STILL DETERMINED TO RESIST ARREST.

Course Judge Will Pursue in Serving Warrants Charging Fraud Yet Mystery.

SPRINGFIELD, Ill., July 24.—Governor Small returned to Springfield today from Chicago unchanged in his determination to resist arrest on warrants charging him with embezzlement and conspiracy to defraud the state.

The governor will be in Springfield Tuesday when Judge E. S. Smith reconvenes court, it was said tonight. What course the judge will pursue relative to the serving of the warrants still remained a mystery tonight.

Friends of the governor said he was unmoved in his determination to hold himself above arrest, following his conference yesterday with Mayor William Hale Thompson and Fred Lundin, and his speech in which he assailed his political foes. It was said that the governor would even resort to the force of arms to resist Sangamon county authorities by calling out state troops to protect him.

WASHINGTON, D. C., July 24.—(By the Associated Press.)—It was practically certain today that Japan will ask assurance that a formal agreement as to the scope of the conference discussions be reached prior to the meeting.

Principal subjects for discussion by the proposed conference under the head of far eastern questions have been considered in Japanese circles here to embrace the status of China and the possibility of reconciling various conflicting concessions held by foreign governments and individuals. The Japanese belief is that there shall be no interference by the conference with vested rights and concessions, but that it is entirely proper that efforts should be made to relieve friction.

Shantung Pact Expected.

The Shantung pact is understood to be that the Shantung matter may be adjusted in advance of the conference and that the controversy as to cable rights in the island of Yap may be "settled out of court" by Secretary Hughes and Baron Shide.

Progress towards final adjustment of the plans for the conference continued today by the Japanese consideration of the extent to which they should participate.

Official confidence, however, that out of the deliberations of the diplomatic advisory council of Tokyo will come the announcement of agreement in accord with the general plan for the discussion of far eastern subjects and the European opposition to a conference as early as November would not be taken to the point of causing serious delay.

SINN FEIN VETO EXPECTED

ACCESSION OF BRITISH OFFER IS DOUBTED.

Fiscal Control Is Assumed to Be Outstanding Feature, Implying Irish Dominionism.

BELFAST, July 24.—(By the Associated Press.)—The belief appears to be in Belfast that Eamonn de Valera, the Irish republican leader, will not accept the terms of the British offer for a settlement of the Irish question, which fall far short of the republican ideal.

It may be assumed that the outstanding feature of the governmental offer is fiscal control, which implies dominionism for Ireland outside the British empire, a provision which the republican party is believed likely to prove the strongest lever for forcing Ulster to join with the southern parliament.

The prospects, so far as actions may be judged, are not discouraging to the northern cabinet. It is generally believed here that the Ulster government has received the most positive guarantees from the British prime minister, Mr. Lloyd George.

Meanwhile the authorities are taking advantage of the current unrest matters to a normal basis. The north Donegal railroad, which it was thought would not be opened for weeks, already is in operation, and orders have been given on the short-haul route to re-start the Glenties line tomorrow.

INDEPENDENCE HAS FIRE

POOL HALL, BARBER SHOP, REALTY OFFICE BURNED.

Flames Starting Early in Morning Subdued by Hosemen and Other Structures Are Saved.

INDEPENDENCE, Or., July 24.—(Special.)—Fire of undetermined origin, which started at about 3 o'clock this morning, destroyed a pool hall owned by Fred Smith, the Mattie and Watkins barber shop and a real estate office of E. E. Tripp, and for a time threatened the Independence Star building.

The fire started in the rear of the real estate office and gained considerable headway before it was discovered. Flames were seen in the rear of the office by persons passing by and an alarm promptly sounded. The Independence fire department played water on the flames for considerable time to prevent them from consuming surrounding structures.
