A SAND AND GRAVEL PROPOSITION.

In 1909 I bought a little over three acres of land at Wichita station on the P. R. L. & P. Co.'s electric line to Estach and alghity view. But when I took my wife and sightly view. But when I took my wife and sightly view. But when I took my wife and sightly view. But when I took my which I did to please them. It now seems to be more valuable for the sand and gravel that is in it than a house on top of the hill. It fronts 200 feet on the right of way of the railread and runs north over 700 feet. There is a nice place for a residence and a factory. A few years ago the railway company concluded to put in a switch from Bell station to near Wichita station. I gave them the privilege of building across one corner of my land. The railway company put in a sand and gravel plant and gave old man Shuits 10 cents a yard royalty for all the sand and gravel plant and gave old man Shuits 10 cents a yard royalty for all the sand and gravel they got from him. He made a fortune, went up the valley and bought a fine farm. The county Judge of Cinck-smas county told me last year that the county was paying the Shuits hoys 45 cents a cubic yard for all the sand and gravel the county got of them. These are facts. I am not asking you to believe anything. All I ask of you is to come and let me take you out and show you. Seeing is knowing, and knowing will cause you to think about the great possibilities that blind nature has blessed me with I worked like a nearo from the time I was 7 till I was 66. I am now 74 years old. Have heart and kidney trouble and but little money and it rains too much. I want to go where the sun shines more. These are some of the reasons why I want to sell. Here is a great opprotunity for someone who has money and health. W. H. Noian, 320 S. Front al., Portland, Or. near Jeffersen-st. station.
