Concealment Is Charged.

"Further, after finding this bundle and having no idea what it was or what it contained, according to his own testimony. Swing went half a mile to get two men to go and see what it was he had found to which he attached no import," said Ham-mersiy. "This coat was placed care-fully under the ferns and was care-fully rolled up. It was not thrown there by a fleeing man seeking to rid himself of damning evidence." It is that is case at "135 A. M. Edward L. Wells, meteorologist for further burden been the state in re-sult of the state in re-

there by a fleeing man seeking to rid himself of damning evidence. "When lifted out the rolled coat immodiately unwound. All the rain of five weeks had not caused it to hold its wrinkles. Witnesses have said that the spots have faded con-siderably since the coat was found, July 17. Why did they not fade in the weeks prior? "Then counsel for the defense has concealed this information from the fird not want to give the state an opportunity to check up on it. I also wani to call attention to the fact that the blood is on the outside of the

want to call attention to the fact that testimony was given by defense wit-the blood is on the outside of the right sleeve of the coat, not the in-side as would have been the case had it been worn by the murderer. Fight sleeve of the coat, not the in-side as would have been the case had it been worn by the murderer. As to the music, that is clearly a plant.' We have shown quite plainly that it was torn from a music book which had been in the possession of MTs. Agee and later taken to the home of a neighbor. What on earth would have nossessed a normen of the state. Swing had no access to the music score in the Agee residence before the book of which the two sheets found were a part was removed. Es-timates of time given left a loophole for the state. however, if the ex-tremes cited were to be credited. Neighbor Takes Stand. R. E. Green, neighbor with a mus-

would have possessed a person of sense to carry unrelated sheets of music in an overcoat pocket?"

Prosecution Is Attacked,

John Collier, in his argument, cused the state of being driven om its original position in the case, hich was that Mrs. Agee had committed the murder and then "planted" a watch, bracelet and silverware outside the house to give the affair the appearance of the work of a burglar, and had adopted the contention that either Mrs. Agee killed her husband or stood at the elbow of the person who did. bone The attorney contended that there

was absolute absence of motive for the crime, that the love motive had fallen down and that collection of insurance on her husband's life was then? not a strong enough moving power. time. He insisted that there was nothing On whatever produced by the state which actually could fasten the crime on the woman. It would have been almost impos-

It would have been almost impos-sible for a left-handed person to have killed Harry Agee, he said, asserting that Mrs. Agee is left-handed. Fur-ther, he contended that the nature of the crime was such that it would have been impossible for the mur-derer to have escaped without a drop of blood on his or her person. Stress was laid on the circumstance of the finding of the overcoat and the knife,

finding of the overcoat and the knife, was taken to jail," answered Swing, emphasizing the testimony of physi-cians, who thought the knife a more was taken to jail."

likely weapon for the deed than the razor produced by the state Though the defense virtually has after the murder. Though the defense virtually has accused Klecker throughout the trial of being the actual murderer, little emphasis was laid on this feature in the argument. The attorneys preferred is think it was Mr. Nelson who let is needed. It is the attorneys and the second secon
