

DE VALERA NOT GOING TO LONDON, HE SAYS

Labor Promises Support for Any Action Taken.

AMERICAN HELP LAUDED

Developments in Negotiations With British Government Expected in Short Time.

DUBLIN, Aug. 1.—(By the Associated Press.)—Eamonn de Valera told newspaper men today in response to questions that he had no intention of visiting London this week, and that no arrangements had been made for a future visit there.

The statement followed a speech which he delivered at the annual congress of the Gaelic League in Dublin last evening. Thomas Foran, president of the Irish labor party, addressing the congress, declared that labor hoped the outcome of the present peace negotiations would mean peace and freedom for Ireland. But, he said, if the Irish negotiators deemed it advisable to turn down the British proposals, they would have the co-operation of the labor party in any event that might follow.

Mr. De Valera's speech referred to the support given the Irish cause by labor in America and elsewhere. He lauded the self-sacrifice which had been displayed by Irish labor during the last two years.

LONDON, Aug. 1.—Developments in the peace negotiations between Prime Minister Lloyd George and leaders of the Irish republicans are imminent, it was reported here today, but government refused to lift the veil of secrecy. There were certain deductions made from the arrival in Dublin last evening of Art O'Brien, president of the Gaelic League in London, but they could not be verified.

One rumor was to the effect that Mr. O'Brien was the courier who would take the Sinn Fein reply to Mr. Lloyd George, while another story declared that Eamonn de Valera would, himself, return to London during the coming week.

PRAGUE, Aug. 1.—Demand that Ireland be accorded recognition as a separate country instead of as a division of Great Britain was made by an Irish delegate to the 12th Esperanto congress which opened here yesterday. Twenty-five hundred delegates, representing 41 nations, are here.

KNIGHTS CANCEL DRIVE

PUBLIC DECLARED SICK OF MONEY CAMPAIGN.

25,000 Delegates Ready to Open International Convention at San Francisco Today.

SAN FRANCISCO, Aug. 1.—The Knights of Columbus will not engage in a public drive for money to carry out their educational and hospitalization plans for disabled and other former service men, James A. Flaherty, supreme knight of Philadelphia announced today.

The 39th international supreme convention of the order opens here tomorrow. The knights intend to raise \$5,000,000 for this work, but the finances of the order are in such shape that no public fund raising campaigns are necessary, Flaherty said.

"The public is heartily sick of drives," he said.

An informal assembling of the delegates through receptions and other social affairs, a visit to Most Rev. Archbishop Edward J. Hanna of the Catholic archdiocese of San Francisco by the members of the supreme council of the order and preliminary meetings of committees occupied today's programme. It is estimated that there are 25,000 delegates and visitors in the city.

Tomorrow all the delegates will assemble for the opening of the convention in the convent grounds of Mission Dolores where, five days before the American declaration of independence was signed, the first mass was celebrated by the missionary Franciscan fathers. The mission church which was built by the Franciscans and is still in a fair state of preservation will be visited by the knights. A few hours later the formal business sessions of the convention will be opened.

STRANGE DEPOSIT FOUND

"Petrified Seafoam" in Idaho Believed to Be Valuable.

BOISE, Idaho, Aug. 1.—(Special.)—Prospectors have discovered a strange deposit in the south Idaho desert which they call petrified seafoam. In what seemed to be the bottom of an old seabed ten miles west of Bruneau and 28 miles from Mountain Home they found a fine, foamy substance in the ground which even in its unrefined state is an excellent metal polish. The deposits cover many acres.

J. C. Olsen, L. E. Olsen, H. J. Reilly and Glen Gould, all of Buhl, and Victor Eckman of Salt Lake and E. L. Underhill of Bingham, Utah, have filed on 160 acres of the deposits and have made arrangements for its development.

GOVERNOR SMALL SILENT

Discussion of Pending Case Denied; Tour to Be Resumed.

KANKAKEE, Ill., Aug. 1.—Governor Small tomorrow will resume his good roads inspection tour, weather permitting. The governor tonight declined to discuss the case pending against him at Springfield and when his attention was called to reports that ex-Governor Joseph W. Carter and Attorneys James M. Graham and George B. Gillespie would handle the matter in the future, he replied: "I am not interested, so you don't need to tell me about it."

FUEL WOOD IS BEING CUT

Cascade Forest Office Closes Contracts for 300 Cord.

EUGENE, Or., July 31.—(Special.)—Those who have been out in the timber sections of Lane county realize that there is a very large number of men at work cutting cordwood this season, although the price ranges at

about \$2.50 a cord for fir. Thus far the Cascade forest office has let contracts for about 3000 cords, with the possibility that there will be as many more contracts before the end of the season. The stumpage price is 60 cents a cord for body fir. In these contracts the purchasers are confined to small isolated bodies of timber not available for sawmills, and to defective trees standing among saw timber. They are also confined to the big timber, nothing smaller than 24 inches being cut for cordwood. Everything smaller than that is retained for further growth. Purchasers are required to burn their slashings so as to do away with a fire hazard. It is estimated that the city of Eugene alone consumes 30,000 cords a year.

LINN FAMILY GATHERS

Reunion and Picnic Are Held by Descendants of Pioneers.

ESTACADA, Aug. 1.—(Special.)—The third annual reunion and picnic of the Linn family was held yesterday in the Estacada park. More than 100 persons were present, coming from Washington and other adjoining states as well as from all parts of Oregon.

After a general visiting of the family members a picnic dinner was served, followed by a business meeting and a programme of music and speeches. As a souvenir a little booklet had been printed, containing an account of the overland trip taken by Philip Linn and families from Brown county, Illinois, to Oregon, in 1845. The families composing the train consisted of Philip Linn, wife and eight children; W. R. Linn, wife and five children; W. H. Shankland, wife and one child; T. Bowen, wife and two children; F. Bullard, wife and five children; and J. A. Linn, wife and two children, and John A. Linn.

ASHLAND PIONEER SUICIDE

Bert Kingsbury, 61, Takes Poison.

Use of Drugs Blamed.

ASHLAND, Or., Aug. 1.—(Special.)—Bert Kingsbury, 61, a pioneer of this city, committed suicide in Lethia park at 3 o'clock this afternoon by taking poison. Efforts to save his life were futile. He died within two minutes from the time of his taking poison. Reason for his suicide was thought to have been his inability to obtain a drug to whose use he was said to be addicted. He was unmarried and lived alone with an aged mother. At one time he was reported to have been wealthy, although at his death he was practically penniless.

DAY'S BRIDGE TOLLS \$1888

Sunday Is Banner One for Revenue for Interstate Bridge.

VANCOUVER, Wash., Aug. 1.—(Special.)—The collection of \$1888.25 plus approximately \$500 in street-car tolls made yesterday the banner Sunday for the interstate bridge revenues, according to Superintendent Campbell. There are just three week days which have exceeded this amount of tolls and this was during the Elks' convention in Vancouver last August, when for three days the tolls ranged from \$1774.10 to \$1400, the official said. It has now been more than two months since the bridge has not paid over \$500 daily.

Rural Play Sheds Planned.

ALBANY, Or., Aug. 1.—(Special.)—Play sheds for rural schools so that the children will have a place for exercise and recreation in wet weather are being planned, or at least considered, in several Linn county districts. While the schools of the cities and towns are equipped with gymnasiums, most of the rural schools have no places for play when the weather is unfavorable. A play shed was completed recently at a cost of \$500 at the Salt Lake schools, about six miles east of Lebanon on the Lebanon-Lacombe road.

\$68,500 Mortgage Foreclosed.

SALEM, Or., Aug. 1.—(Special.)—Judge Kelly today signed a decree for the foreclosure of a \$68,500 mortgage held by the Title & Trust company of Portland on the land holdings of the Willamette Valley Irrigated Land company. The order declares the bonds of the company valid. The land company authorized issuance of \$100,000 in bonds in 1914, \$71,000 of which was taken up and only \$23,000 returned. The Title & Trust company stood behind the issue, accepting as its security a mortgage on the company's holdings.

Real Thrift

Thrift is "careful husbanding." It is more—the efficient handling of money to produce returns in happiness and prosperity.

Thus, thrift must imply saving or accumulating. A United States National savings account is the easiest way to acquire capital for worth-while purchases, or to seize the big opportunity when it comes.
