WOOLGROWERS MEETING AT HARLAN.

The members of the Oregon Wool
and Mohair Growers' Co-operative
association in Lincoln county together
with other interested wool and mohair
men are holding a meeting at Harlan
to complete arrangements for ship-
ping wool to the association. Assoc-
iation organization work has just
started in Lincoln county and wool-
growers generally are anxious to join
the association in order to market
their wool in a businesslike manner.
There have been no offers received in
local wool, and country buyers are
not operating. The association offers
the best and only marketing solution
left to woolgrowers this year. The
Oregon association now has over 1700
members and over 250,000 sheep and
goats shorn up.

"REINCARNATION" IS THEME—Bishop

Irving S. Cooper of Los Angeles will
give public lectures at the Central
building, headquarters of Portland
Theological society, tomorrow, Friday
and Saturday evenings at 8
o'clock. The subject will be "Reincarn-
ation, the Hope of the World and the
Modern Idea of God." Bishop Cooper
declares that all Portlanders have
lived on earth many times before, and
all are destined to return here in the
future, whether they remember it
or not, and that reincarnation is the
one theory that harmonizes the
facts of life with a belief in divine
justice.
