ROSEBPRG, Or., Aug. 8, 1921.—Honorable W. C. Hawley, Washington D. C.—Dear Sir: The Methodist Episcopal church of Roseburg, Or., in congregation assembled, August 7, 1921, unanimously voted respectfully to request you thoroughly to investigate the recent activities and alleged crimes of the Ku Kiux Klan, and to give in the ripeness of your judgment enthurisatic support to any and allegislation looking to the suppression of this infamous order.

This congregation views with alarm the revival of the klan, in the light of its criminal history, which consists of whippings, ourrage and murder, finally compelling the government under President Grant to pass the "force billi," which gave the federal courts jurisdiction in all cases pertaining to the order, and piedged millitary support to protect the people. It is the high judgment of this church that the klan is immical to the ideals of Christianity and the standards of American institutions, and therefore should be immediately suppressed. Respectfully submitted.

Sharp Reaction in Foreign Exchange Market-Investment and Speculative Bonds Decline.

NEW YORK, Aug. 9 .- After a m rice, the stock market today eased off on selling of industrials, closing heavy, with irregular changes, mostly of small conseirregular changes, mostly of small consequence.

Trading showed the lack of conviction on the part of the speculative community, which has been characteristic recently. Trading in consequence was light. In one hour today sales were limited to approximately 20,000 shares.

At the opening there was some buying of rails. In later trading rails cased off with the remainder of the list. Selling on the decline centered in the citis, motors and equipments.

Foreign exchange reacted sharply after yesterday's violent upturn. Sterling broke 7 cents from yesterday's high level, which seemed to confirm the assumption that the rise was due to speculative operations. Other exchange rates declined in sympathy. Call money ramained at 6 per cent. The demands for bonds was affected by continuance of firm money rates. Investment issues, as well as those of a speculative character, lost ground with selling in a wide variety of mortgages. Northern Pacific 4s, Southern Railway 4s and 5a, Union Pacific 4s. United States Steel 5s, Wabash firsts, Baltimore & Oblo convertibles and Rock Island refunding 4s were conspicuously heavy. Total sales, par value, \$12,050,000. Liberry bonds were
