

WARRANT BONUS ISSUE  
BIDS TO BE \$3,000,000

Soldiers' Bonus Commission Starts to Function.  
BIDS TO BE OPEN SEPT. 28  
Offer of Lowest Interest Rate to Be Accepted—Few Apply for Jobs as Appraisers.

SALEM, Or., Aug. 9.—(Special)—Provision for the commission to order to procure the funds provided by vote of the people under the soldiers' bonus and farm and home loan was made by the board of veterans' state aid commission today at the conclusion of a ten-hour session.

The initial bids for \$3,000,000 and bids will be opened September 28. The call for bids provides for the sale of bonds at par to the lowest bidder on interest rate, not to exceed 6 per cent. In choosing this method of raising money, the commission expects to get the advantage of later prevailing prices and get the lowest possible interest rate.

Rapid progress in laying the foundation for bonus administration made possible the action taken today. The terms of the commission are all kinds had previously been worked out and approved and the methods of organization and administration agreed upon.

While no official statement was made by the commission it was learned from a well informed source that the commission plans to put out the detailed application forms within the next two weeks and that the active work of establishing eligibility of ex-service men on an aggressive scale so that a large number of disbursements can be made when the money is received from sale of bonds.

Indications now are that the payments will be made in a large number of cases by Thanksgiving day. Adoption of the basic rules and regulations occupied most of the time of the commission today. Forty sections were adopted immediately amplifying the law and establishing vital decisions and methods of procedure. Several of the legal points covered by the rules and regulations must await pending decisions of the attorney-general, the works and regulations.

New Jobs Deferred.  
Appointment of attorneys and appraisers was deferred for a full meeting of the commission and until applications are at hand from all counties.

About 200 applications are now on file, half of them being from aspiring examiners of titles. Appraisers' jobs do not appear to be so eagerly sought, judging by the comparatively small number of applications, the present supply being insufficient to fill the positions required by law.

Meeting to Be Held Today.  
It was decided that attorneys and appraisers shall not receive compensation of any character from the state and that the administration of law among the counties shall not be at public expense. Two more meetings of the commission will be held in quick succession in order to effect a number of decisions now pending. The next meeting will be on Friday of this week and the second meeting next Monday.

Today's meeting was held in the offices of the commission in the United States bank building and was attended by Governor Olcott, George A. White, attorney-general, Lyman Q. Rice of Pendleton, Arthur C. Starnes of Portland and Harry C. Brumbaugh, secretary of the commission.

GIRL SEES LOST CAREER

13-YEAR-OLD DANCER BURNED BY GAS RANGE FLAME.  
Miss Margaret Helsler Meets With Bad Accident, but Has Presence of Mind to Jump in Tub.

Margaret Helsler, 13 years old, went last night in a ward in St. Vincent's hospital for fear her career as an aesthetic dancer would be ended by scars from burns.

Miss Helsler has been studying to be a professional dancer for several years and her parents were for a dance at 8 o'clock last night when she bent over the flame of a gas range and set her dress on fire. She was wearing a dancing frock of filmy material which burned rapidly.

When the girl saw what had happened she ran from the house, her motion fanning the fire. Fortunately a tub of water was standing just outside the door and she had presence of mind enough to jump into it and sit down. This extinguished the flames on her skirt, but her bodice was still ablaze, the fire singing her hair and scorching her face badly.

Her mother, Mrs. Maude Helsler, snatched a rug from the floor and followed the girl to the yard, where she smothered the fire with it. An ambulance was called to the family home, 1427 Commercial street, and Miss Helsler was taken to St. Vincent's hospital.

She was badly burned about the arms and chest and on one hip. Although her burns were painful, her first thought was about her dancing career and she went to her nurse in fear that scars would disfigure her so she could not appear in public again.

HOBBO CLAIMS POSTAL JOB

BEN CUMBUS SAYS HE WAS AMNESIA VICTIM.  
Officials Investigating Story of Georgian Said to Have Suffered From Shell Shock.

LOS ANGELES, Aug. 9.—(Special).—A mysterious case, involving Ben L. Cumbus, postmaster at Bahria, Ga., which is a presidential office, paying \$1000 a year, has developed in the office of Postoffice Inspector Cookson.

Mr. Cumbus told the inspector that the last thing he could recollect was that on March 1 he had written a letter to the postoffice department at Washington, asking for a leave of absence on account of ill health. Mr. Cumbus was a member of a Georgia regiment during the world

WAR, and he said that he had for months suffered from a severe attack of shell shock. He felt that he ought to get away somewhere.

According to the young man's story—he is 26 years of age—he "came to" while sitting on a bench in Pershing Square. He said he knew that he had spent four nights sleeping in that park.

When he waked up he asked a companion in misery who was sitting by his side what city this was. He was informed that he was in Los Angeles. At once his mind and memory returned, and he reported his situation to Inspector Cookson, going to the federal building as he was directed by a man he met on the street.

Mr. Cumbus said that the hat he had on was not his; that he had lost his watch somewhere and that the shirt he had on had never seen before. He had in his possession \$3 in cash, but where he got it, or what he did with his money, if he had any when he left home, or how he got to Los Angeles, he does not know. He was hungry, frowny and listless, and seemed to be almost in a state of physical collapse.

So strongly did he impress Inspector Cookson with the truth of his story that he was ordered sent to the hospital to be cared for. His mother and sister, who live in the Georgia town, were communicated with by wire, and instructions asked as to his care and disposition. Mr.

ARCHITECT'S SKETCH SHOWS NEW MATERNITY ANNEX TO GOOD SAMARITAN HOSPITAL.

The Theodore B. Wilcox Memorial hospital, now under construction at the corner of Twenty-second and Marshall streets, is planned to care for maternity cases only. The hospital, which will be a unit of the Good Samaritan hospital, was made possible by a gift of \$125,000 by Mrs. Theodore B. Wilcox in memory of her husband.

The building will be a three-story concrete structure and will be fireproof. It will accommodate 23 or 25 cases, according to the plans prepared by Lawrence & Holford. The lower floors will have eight double and 12 private rooms and the top floor will be fitted up with operating rooms. On this floor will also be an X-ray room, nurses' work room, sterilizing room and waiting room. The hospital is located opposite the Good Samaritan hospital.

The cornerstone of the new unit was laid June 11, with Bishop Walter Taylor Summer in charge of the ceremonies. It is expected that the building will be completed early in 1922.

Cumbus said his sister assisted him in the purchase of the automobile. It is the opinion of the physicians who examined the unfortunate man that his condition is due entirely to the hardships of the war and shell shock.

YOUTH HELD AUTO THIEF

Harry Knecht, Aged 19, Arrested by Patrolman Taylor.  
Harry Knecht, 19 years old, 2340 East Fifty-second street Southeast, was arrested at his home last night and held under \$1000 bail, charged with larceny of an automobile May 24. Patrolman Taylor of the auto theft department made the arrest after a hunt which lasted from that date.

Taylor first arrested Knecht together with Thomas Abrams, at Sixth and Taylor streets, June 7. On the way to the station house the two youths got away and only Abrams was recaptured. He is now serving a three-year term at the penitentiary.

Knecht, it is said, continued to steal a number of cars and accessories in Portland, Oregon City and The Dalles. The confession is said by the police to include activities in knocking down and reassembling cars in order to sell them. Altogether, five machines were stolen by the two, in addition to pilfering from parked cars, according to the confession.

ROCK THROWERS ESCAPE

Deputies Fail to Get Bombaraders of Refreshment Parlor.  
Efforts of deputy sheriffs to find persons who laid down a rock barrage on the Multnomah Hazelwood from the cliffs towering above were fruitless yesterday. Shortly after midnight it was reported to the sheriff's office that vandals were hurling rocks down at the refreshment parlor, shattering windows and breaking showcases.

Deputies Rexford, Wilson, Mollen and Lemon responded. Though the bombardment was continuing when they arrived on the scene, a few shots laid the air appeared to quiet the rock artillermen. No trace of them could be found. It was not until about 11 o'clock that a group of men from a miniature landscape, as the rocks seemed to be hurled far into the air from the hillside.

OFFICERS ARE EXAMINED

Major Dusenbury Conducts Tests at Linn County City.  
SALEM, Or., Aug. 9.—(Special).—Major James Dusenbury of the coast artillery was in Albany today, where he examined officers who have applied for orders to attend the coast artillery school at Fort Monroe. Va. On Wednesday Major Dusenbury will leave for Fort McArthur, Cal., to serve as inspector of annual field training camp of the northern California guard.

Major Dusenbury is connected with the adjutant-general's office here. Ackerman Successor to Be Chosen.  
SALEM, Or., Aug. 9.—(Special).—The board of regents of the Oregon state normal school will meet here next Monday to select a successor to J. H. Ackerman, formerly president of the institution. It was said tonight that several persons had applied for the position. Although nothing definite has yet been given out by the regents it was indicated that Mr. Ackerman's successor will come from an eastern state. The meeting of the regents will be held in the office of the state superintendent of schools and was announced.

Klamath Falls Man Dies.  
SALEM, Or., Aug. 9.—(Special).—Fred Bray, who was committed to the state hospital here two months ago from Klamath Falls, died at the institution today. His body will be sent to Klamath Falls for burial. Mr. Ramsey was about 28 years of age, and was prominent in the Klamath Falls vicinity.

HEARLESS PARENTS  
WAIL TREAT CHILDREN

Humane Society Uncovers State-Wide Brutality.  
CASES ARE NUMEROUS  
Little Bodies Bruised and Maimed With Whips, Knives and Other Instruments of Torture.

At least one case of cruelty to children has been reported every day for the last 30 days to Mrs. F. W. Swanton, general manager of the Oregon Humane society. Every complaint when investigated was found to be

ARMS PARLEY DENOUNCED

Presbyterian Pastor of Seattle Sees Danger in Conference.  
THE OREGONIAN NEWS BUREAU, Washington, D. C., Aug. 9.—Dr. Mark Mathews of Seattle, ex-moderator of the Presbyterian assembly of America, in Washington today prepared to starting on a lecture tour, denounced the coming disarmament parley as "the most dangerous conference ever called."

He conferred with Senator Poin-dexter and announced his intention to support the senator for renomination next year.

AUTOIST TAKES PLUNGE  
Salem Realtor Has Miraculous Escape From Death.

SALEM, Or., Aug. 9.—(Special).—D. E. Hart, member of a local real estate firm, had a miraculous escape from death last night when an automobile in which he was riding left the Wallace road two miles west of Salem and plunged down an abutting embankment for a distance of about 30 feet.

He was knocked unconscious and crawled to a barn nearly a quarter of a mile from the scene of the wreck where he regained his senses. He was badly cut and bruised, but his condition is not considered serious by the attending physicians.

WAVE OF BRUTALITY APPELLS.  
Mrs. Swanton considers the number of cases reported to her appalling and does not try to account for the wave of brutality to children which is sweeping over this city and the state as well.

"Perhaps some parents always have been cruel to their children, and we must know about so many of them," she said. "It may be that the publicity given recent cases in which court sentences were inflicted upon offending parents has made others dare to bring their complaints to us. In this way we may have been hearing about abuses which have existed for some time, but have not been brought to our attention until recently."

Stepfather Wields Knife.  
A pitiful sight was the little girl yesterday. She is 8 years old and lives with her mother and stepfather in St. Johns. Her stepfather lost his temper yesterday, and to show his displeasure with the child hit her on the back with a butcher knife, inflicting a wound five inches long.

The mother feared her husband so much that she dared not report the matter, although she feared most for her child's life. A neighbor brought the news to Mrs. Swanton.

Another case which has excited the police to enter Japanese premises in the city without a permit.

The foreign office has instructed Minister Ohta to investigate the incident, and protest to the Peking government if it appears that it was provoked by the Chinese.

Idahoans Invited to Picnic.  
Ex-residents of Idaho, especially of Canton and Ada counties, are invited to hold a picnic in Laurelhurst park Friday evening, according to announcement by O. V. Badley yesterday. Those attending will bring their lunches. There will be entertainment features.

Veterans to Give Smoker.  
Veterans of batteries A and B will hold a smoker and housewarming in the newly furnished quarters in the armory Friday night. Battery A has long had an organization of its veterans and now the veterans of the more youthful battery B have been invited to join in the festivities of the evening.

Shoe Heel Causes Broken Leg.  
Mrs. R. W. Lemen, 31 years old, suffered a severe fracture of the lower right leg early last night when she caught her heel on a step and fell to the sidewalk. Mrs. Lemen was talking with some neighbors across the street from her home at 320 West Almsworth street when she heard the telephone ring. She turned and ran toward the house, when her heel caught on the top step leading to the sidewalk, the hard fall resulting in the fracture.

SOUL BET HELD GREATEST  
Psychologist Tells How to Save Man From Discouragement.  
"The greatest bet in life is to bet on a human soul," said Dr. O. W. Bush, psychologist, last night at the auditorium in speaking on "Life's Greatest Bet—Scientific Thinking."

"Man will gamble on a ball game, cards, or any fool thing, from which way a chicken crosses the road to how many beans in the pot, but they won't take a chance on helping a human being to get on his feet."

"A word, smelt at the right time, perhaps a financial lift may save a discouraged man from a life of misery."

PEAR CROP HELD LIGHT  
Medford and Roseburg Will Have Big Yield of Apples.  
SALEM, Or., Aug. 9.—(Special).—W. F. Drager of the Drager Fruit company returned to Salem last night after a trip through southern Oregon in the interests of his corporation. He said the pear crop would be lighter this year than in 1920, while the prices to be paid for the product would not be as high as in previous seasons.

The apple crop is large, Mr. Drager said, especially in the Roseburg and Medford districts.

CHINESE KILL JAPANESE  
Five Slain and 17 Badly Hurt in Fight in Manchuria.  
HONOLULU, T. H., Aug. 9.—Five Japanese were killed and 17 severely injured in a fight between 70 Japanese residents and 50 Chinese police at Niu-Chwang, Manchuria, according to a Tokio dispatch to the Shimpo, a Japanese language newspaper here. The dispatch says that, according to the Japanese version contained in dispatches reaching Tokio, the disturbance arose out of attempts by the police to enter Japanese premises in the city without a permit.

ARMY, IN POVERTY,  
MUST TRAVEL AFOOT

Colonel to Take Command on 2586-Mile Hike.  
MODE CAUSED BY ORDER  
No Transportation Allowance Available for Soldiers Following Readjustment.

SALEMAN, AUG. 9.—Colonel Herman Hall, 20th infantry, recently ordered from Camp Sherman, Ohio, to the Presidio at San Francisco, are to march the 2586 miles across the continent instead of coming by rail, it was announced today at ninth corps area headquarters here.

With the information that Colonel Hall is to lead his troops afoot, marching at best 20 miles a day, plans for the turning over to him of the command of the Presidio have been indefinitely postponed. It is estimated the earliest date Colonel Hall can reach San Francisco will be January 1, 1922.

Discovery that Colonel Hall and his troops are to march to the coast was made, officers said, when the general order for the readjustment of the troops of the country was studied for provisions regarding allowance for transportation. Instead of the usual transportation, it was found that the order directs all officers and troops to "proceed by marching."

The marching order will also apply to troops of the 32d infantry now stationed at the Presidio, which have been ordered transferred to various garrisons in California, Oregon and Washington, it was said.

Orders were issued from corps headquarters today in conformity with the order from Washington for officers and troops now stationed at "Post Lawton, Stevens and Wash." to proceed by marching from their present post to Camp Lewis, Wash., near Tacoma. This distance is about 60 miles. Corps officers would not comment on the probability of the marching order being cancelled. They said the matter was in the hands of the army chief of staff at Washington, D. C.

Does your bathroom need "refurnishing"?  
You can easily modernize your bathroom and make it a room that your guests will admire and your family appreciate.  
The beautiful designs and lustrous, pure-white finish of Pacific Plumbing Fixtures will change the entire appearance of your bathroom.  
Although Pacific Plumbing Fixtures have never been excelled in quality by any other brand in the entire world, they cost no more than brands of inferior quality.  
Back of every fixture stands this iron-clad guarantee:  
"Every Pacific Plumbing Fixture is guaranteed forever against defects in workmanship and materials."  
Write for a copy of "The Book of Bathrooms"—56 pages brimful of helpful information to the house builder.

If Washington Keeps Her Building Money at Home, Why Shouldn't We?

(From the Daily Record - Abstract, Portland, July 27, 1921.)

A Message to Oregon State Board of Control and Other State, City and County Officials

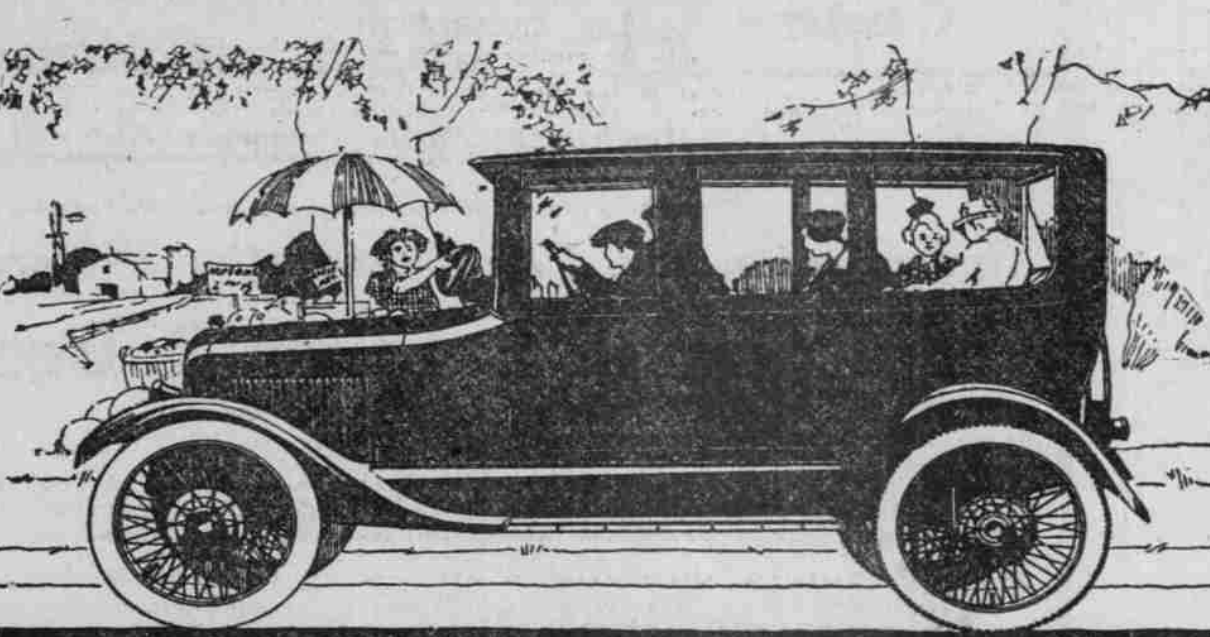

The State of Washington has a newly created body known as the department of business control, whose director is T. E. Skaggs, with offices at Olympia, Wash. The department is empowered with the administration and purchasing of all materials, the letting of contracts, etc., for the following institutions: Western State Hospital, Eastern State Hospital, Northern State Hospital, State Custodian School, State Soldiers' Home, Soldiers' Colony, Washington Veterans' Home, State School for the Deaf, State School for the Blind, State Penitentiary, State Training School, State School for Girls and State Reformatory.

When equal or preferred chance is given to Oregon-made products in doing work and letting contracts, by so much it helps those who are employed to retain their jobs.

If Oregon products are not favored somebody will get laid off and add to the unemployed.

Associated Industries of Oregon

probable that we will award a contract to a bidder outside the state." Recently the Oregon State Board of Control awarded a contract to a Montana firm for a \$150,000 hospital to be built at Pendleton; a Boise firm secured the contract for the \$100,000 auditorium to be built at The Dalles, and other large building projects were given to Washington contractors regardless of whether they were residents or non-residents.

The Ideal Car for Every Human Need

Women find delight in the cosy charm and convenience of the Overland Sedan. Men find it useful in business. It has a distinction and durability not elsewhere found in enclosed cars of light weight.

Its economy is astonishing. An average in 96 cities shows above 25 miles per gallon of gasoline. Its riding comfort is not excelled in any car. The car is built with a solidity which characterizes America's finest cars.
