

SIX DRINK VENDORS LOSE THEIR PERMITS

City Council Gets Action Against Liquor Joints.

ONE OWNER SAVES FACE

Greek Claims Exemption as Alien and Two Japanese Permit Defaults to Be Taken.

Revocation of licenses, the regular Thursday diversion of the city council, resulted yesterday in six drink operators losing their right to continue the sale of beverages. The revocations were the result of a recent council session, for fully half of those appearing before the council were refused licenses.

Police officers testified that on entering the restaurant and soft drink stand of Mike Lobo, 49 North Third, several weeks ago, an employee was observed to rush to the back room and hurl a bottle through an open window. The officers left the place as if nothing had happened, they said.

Three days later they returned. Patrolman Smith made his way down a back alley to a post beneath the transom, while Patrolman Green entered the restaurant and ran toward the rear room. Lobo's helper again rushed to the back, and a bottle and threw it out. Smith muffed the bottle and it shattered on the pavement. A small quantity of the liquid gathered up tested 40 per cent alcohol, the officers said. The helper was fined \$200 and given ten days in jail.

Mama Opposes Revocation.

Immediately after the testimony was completed Commissioner Barbur moved that the license be revoked. Lobo objected strenuously. He declared that he had never been arrested for law violation himself, and had tried to keep his place clean.

"I have \$900 invested," declared Lobo. "You take away my license, I can't sell. You just take it away around my neck and string me up."

Commissioner Barbur moved to revoke Lobo's poolroom license, but in the absence of Commissioner Bigelow the motion was lost. Commissioner Mann refused to second it, contending that the fear of losing his investment would cause Lobo to clean up.

Moonshine Sold by Splawn.

Charles W. Splawn was denied a license to conduct in the poolroom and soft drink business at 229 1/2 Washington. Police and federal officers testified that he had been arrested three times within the last few months for violation of the prohibition law. Marked money had been passed on him for moonshine and he had been detected pouring moonshine into the sink.

Splawn declared it was a frame-up on the part of competitors who wished to drive him out of business. He said he had been arrested because it was cheaper to plead guilty to a liquor charge rather than fight it, even when the plaintiff is a cop.

Peter Asperges and Nick Pappasvages. known as "Nick Morgan" by the trade, were given notice to discontinue the sale of beer in their restaurant at 303 Burnside.

Exemption as Alien.

Asperges claimed exemption as an alien. Pappasvages is a graduate of a Greek college and the son of a Greek priest. He has been in the United States 15 years but has not taken out citizenship papers.

George Kinoshima and T. Tojo, Japanese, were denied a license to conduct a soft drink establishment at 494 Washington street. They failed to appear at the hearing. Their case had been continued from the week before, when they were summoned before the council and sent back to find their draft classification cards.

Morris Ostrowsky, 704 First street, also failed to appear at a hearing and his license was revoked.

WALL STREET IS SCORED

North Dakota Governor Says Farmers Are Being Robbed.

SPOKANE, Wash., Aug. 11.—Charges that "Wall street has refused to handle the \$3,000,000 bond issue of the state of North Dakota because of the state's progressive programme" were made by Governor Lynn J. Frazier of that state in addressing an open-air meeting at a local park Wednesday.

George H. Frazier, managing director of the farmers' national council, was another speaker.

Mr. Marsh defended William Bouck, deposited state trustee master, who he said had protected the farmers from exploitation, while "the national grange has helped Wall street rob farmers of millions of dollars."

He criticized the national administration for its refusal, he said, to extend credits to farmers and to enact legislation beneficial to them.

Governor Frazier sketched the history of the non-partisan league in North Dakota and defended the war record of his state.

Mr. Bouck scored the state legislature in a short talk and upheld statements made in his recent address at Colville, Wash.

HIGHWAY SECTION PAVED

Stretch Between Hood River and Mosier Open at All Times.

HOOD RIVER, Or., Aug. 11.—(Special.)—Having completed paving of the Columbia river highway from Hood river as far as the Twin tunnels, just east of the Hood River-Wasco county line, the A. D. Kern Co. has moved its crews to a point east of Mark A. Mayer's Mosier orchard place and is now paving.

The highway is now open at all times between Hood River and Mosier. A detour, however, is necessary during working hours, from 8 A. M. till 12:30 P. M., and from 1:30 to 5 P. M. The old county road between Mosier and The Dalles, it is declared by motorists, is in good condition.

While all Hood River valley main roads are in good condition, the highway from Das, connecting with the United States forest road, penetrating the national forest to Lost lake, has been badly cut up.

Cause of Appendicitis.
When the bowels are constipated, the lower bowels or large intestines become packed with refuse matter, that is made up largely of germs. These germs enter the vermiform appendix and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and keep your bowels regular and you have little to fear from appendicitis.—Adv.
