COMPANY PLANT.

New car merchandising in the past has been a self-austaining business, and the sale of used cars has stood out independent and alone, but as time goes by and a greater proportion of the people are becoming actual car owners. The exchange of med cars becomes a prime factor in the purchase of new over. The med gar business is no longor self-supporting and profitable, but has been merged into and now takes a vital part of the profinction of new car sales. We are dealers in new instor cars and out used car department is being operated only to maintain new car volume. We have discovered that the least line of resistance in the sale of used cars follows the elaborate plan of rebuilding and refinishing cach used car so that the greatest possible profit in our used car department.

We have come to disregard the making of a possible profit in our used car department in the sale of used for the least possible investment.

We have come to disregard the making of a possible profit in our used car department and will depend on our new car volume to offset this seeming less we feel that no better values can possibly be produced and our price marks usually lead the market.
