

**SHRINERS FIX SETTING**

SAN FRANCISCO PREPARES FOR 1922 SESSION.

Oriental Guide of Islam Temple Visits Portland; Oregon Spirit Is Adopted.

San Francisco is depending upon Portland and all other cities of the Pacific coast to co-operate in June of next year to entertain the thousands of Shriners who will travel to the Pacific coast to attend the annual imperial council session in San Francisco.

This was the statement made by W. H. Worden, president of the W. H. Worden company, who is oriental guide of Islam temple, Mystic Shrine of San Francisco. Mr. Worden was entertained by Frank S. Grant, illustrious potentate, and A. L. Tetu, chief rabban of Al Kader temple.

"The closer we arrive to the time of the convention the more we realize what a wonderful job Portland put over in connection with the entertainment of the Shriners last year," said Mr. Worden. "Fortunately, the people of San Francisco have the same spirit as the people in Portland and as a result we feel confident that we will put over something worth while."

"The Shriners of the east are in joy with the west. Our hotel reservations show that an unprecedented crowd is coming to the coast next June and among them will be some of the most prominent men of the country."

Mr. Worden stated that George Pinner, general chairman of the San Francisco 1922 committee, and Ernest S. Heuter, potentate of Islam temple, have dropped all private business and with hundreds of Shriners in San Francisco are devoting their entire time to prepare for the entertainment of the Shriners and their families.

Mr. Worden held a conference with William J. Hofmann, who was general chairman of the 1920 Shrine committee, to learn details of the Portland show.

**TWO ROBBERS CONVICTED**

JURY REFUSES TO BELIEVE HOLDUPS WERE JOKING.

Wayne Birdsall and J. A. Jones to Be Sentenced Monday at 2 P. M. by Judge Belt.

If the holdup of the Boiler-makers' club, Second and Alder streets, on the night of June 14, was a practical joke, it was on the jokers, who were found guilty yesterday of robbery by a jury in the circuit court. Sentence will be passed by Judge Belt next Monday at 2 P. M. Wayne Birdsall and J. A. Jones were the perpetrators of the "joke," which was taken seriously by victims and jurors.

Threatened contempt proceedings against L. J. Stoops, star witness for the state, fell through when Judge Belt announced from the bench after an investigation into the complaint of Charles W. Thayer, juror, that he did not believe Stoops had made the remark attributed to him. Thayer had said that he recalled Stoops saying in the presence of the jurors in the corridor outside the courtroom that it was a shame to prosecute, as it was all a joke, a remark quite at variance with his testimony in the trial.

Judge Belt said that while he believed the juror to have been conscientious, he believed the man was mistaken in the person making the remark. The jury was out all Thursday afternoon and night. Deputy District Attorney Graham conducted the prosecution.

**POLICEMAN IS OUSTED**

J. R. Burkhardt Discharged for Sleeping Off His Beat.

Chief of Police Jenkins yesterday dismissed one policeman from the force and suspended another, pending a hearing of charges against him in the court of domestic relations.

J. R. Burkhardt, patrolman, was found asleep in a car at the Piedmont car barns at 3 o'clock yesterday morning, it was charged, and was off his beat at the time. When brought before the chief he was dismissed from the police force with 10 days in which to appeal to the civil service board. Burkhardt was appointed to the force in November, 1920, and according to Chief Jenkins, has been on the carpet several times for failing to report to headquarters on schedule.

Cecil E. Gladwyn, patrolman, is now out on bail from the court of domestic relations, charged with contributing to the delinquency of a 16-year-old girl. Gladwyn was arrested over a week ago while on vacation. He reported back for duty yesterday morning and was sent before the chief to answer for conduct unbecoming an officer, and suspended pending the outcome of a hearing on the charges against him.

**NO CLEW TO \$500 THIEF**

Gentlemanly Forger Leaves Bank Holding Worthless Draft.

No clew as to the direction taken by the gentlemanly forger who presented a draft for \$200 on the Canadian Bank of Commerce of Vancouver, B. C., to the Peninsula National bank at St. Johns, was reported by the police and detective agencies working on his trail yesterday.

The quietly dressed man stepped into the bank Thursday morning and presented identification, asking that the bank give him \$200 in cash and a certified check for \$200, holding the balance of \$1800 until he returned for it in the afternoon. The deception was discovered when the man failed to return, but evidently the interim gave him ample time to make his getaway, and detectives yesterday said they believed he had taken the first train out of town. They had no idea, they said, in which direction he might have fled.

**HOPS DAMAGED BY FROST**

Good Portion of Crop Lost by Grower at Eugene.

EUGENE, Or., Sept. 16.—(Special.)—Hops in different parts of Lane county were badly damaged by the frost of the early part of the week, according to Alf Walker, grower of this city. Mr. Walker said that W. S. Hardie, who has the Campbell & Walker yard, between Eugene and Springfield, raised and who was delayed in the picking of his crop by the burning of the drier at West Springfield a short time ago, will lose a good portion of the crop.
