

JURY SEEKS SOURCE OF ARBUCKLE LIQUOR

Seven Witnesses Questioned by Investigators.

MISSING WOMAN LOCATED

May Parsons, Guest at Fatal Party, in Fort Worth, Texas; Chicago Actor Summoned.

Witnesses were questioned today by the federal grand jury in an attempt to learn the source of the liquor consumed at the affair in Roscoe (Fatty) Arbuckle's hotel from which resulted the death of Miss Virginia Rappe and Arbuckle's arrest on a charge of murder.

"No indictment will be returned until all of the federal departments co-operating in the case have completed their several investigations," announced Robert H. McCormack, assistant United States attorney-general in charge of prosecutions, who laid the matter before the grand jury. The investigation will be resumed by the grand jury Friday, he said.

Today's witnesses were Mrs. Bambi Maude Delmont, Miss Alice Blake, Miss Zeh Prevost and Mrs. M. A. Taube, who were present at the party in Arbuckle's rooms at the hotel St. Francis; John P. Pickett, a bellboy at the hotel, and Miss Josephine Kessler, a hotel maid.

Mrs. Delmont swore to the murder complaint against the film comedian, and Miss Prevost was the woman whose statements to the police caused Arbuckle to be booked on a murder complaint. Joyce Clark, another member of the party, was subpoenaed but was not called into the grand jury room.

Vanished Witnesses Sought.

"We simply wanted their testimony perpetuated in the records, any witnesses should leave the city and to prevent conflict of testimony in case any of them should desire to leave before the case might be brought to trial," McCormack said.

KLAN ORDERED BANISHED

COUNCIL OF SYRACUSE, N. Y., ORDERS POLICE TO ACT.

Ku Klux Are Declared Inimical to American Ideals and Enemy of Public Institutions.

SYRACUSE, N. Y., Sept. 20.—(Special.)—Local police were directed to banish Ku Klux Klan agents from the city if they appear here to organize, in a resolution unanimously adopted yesterday by the common council.

The resolution was adopted with only the comment of Francis Shaughnessy, alderman and war veteran, who declared that as a soldier who had fought in France he proposed to stand by every movement which meant the protection of American institutions and ideals. The resolution was fathered by Alderman Ostrander, who shortly after the announcement that the Ku Klux Klan was renominated after a bitter primary fight in the ward in which he was opposed by the republican organization.

Physician Is Questioned.

Another witness summoned before the inquirers was Dr. William Russell, who, Brady said, was asked to explain why he had performed an autopsy on the body of Miss Rappe without first having obtained permission from county officials, as required by law.

The physician, who attended Miss Rappe during the most of her fatal illness, which is attributed to injuries alleged to have been incurred at the hands of Arbuckle, is said to have told the grand jury that he was not aware of the seriousness of her illness until a few days before her death, and that he had treated her for "acute alcoholism."

The charges relating to the alleged tampering and the autopsy will be further investigated when the county grand jury reconvenes next Monday night. This is the same jury which a week ago indicted the plump comedian on a charge of manslaughter.

ACTOR IS READY TO TESTIFY

Lowell Sherman of Chicago Says He's Not Fugitive.

CHICAGO, Sept. 20.—Lowell Sherman, actor, and one of the party entertained by Roscoe (Fatty) Arbuckle in San Francisco recently, declared here today that he was not a fugitive from justice and that he could return to California at any time without fear of consequences to himself.

Sherman stopped in Chicago for a short time today en route to New York to visit his wife. He declared he had given depositions regarding the "death party" in California and said he did not understand why the district attorney in San Francisco wishes to question him.

"It was an extraordinarily wild party," Sherman explained here. "I'm sure Arbuckle will be exonerated and that he will 'come back.'"

HOUSEKEEPER TO BE QUIZZED

Federal Officials at Los Angeles Conduct Liquor Query.

LOS ANGELES, Cal., Sept. 20.—Miss Katherine Fitzgerald, housekeeper for Roscoe (Fatty) Arbuckle, charged with the murder of Miss Virginia Rappe, film actress, was summoned today to appear before federal officials.

The housekeeper is to be questioned in connection with an investigation of the source of the liquor said to have been consumed at the party given by Arbuckle in the St. Francis hotel in San Francisco, at which Miss Rappe was alleged to have suffered injuries resulting in her death.

ARBUCKLE FILM NOT BURNED

Story of Cowboys Destroying Picture Declared Myth.

DENVER, Sept. 20.—The reported burning of the "Fatty" Arbuckle film by armed cowboys in Thermopolis, Wyo., last Friday night is a myth. As a result, executives of the film board of trade of Colorado and of the Rocky Mountain Screen club today announced they are considering action against F. J. Buzzetti, owner of the Maverick theater of Thermopolis, whom they charge with perpetrating a pernicious publicity stunt.

The film arrived in Denver today undamaged, exposing the alleged burning story as a fake.

COUNCIL BARS FILM MEN

(Continued From First Page.)

Heresmen" in the auditorium, with a \$5000 weekly operating expense. In attempting to explain why the

dates for the film at the Hellig were canceled. Mr. Stern said he had gone to New York and urged that the showing be deferred until fall and that the regular motion-picture exhibitors in the northwest be given the first opportunity to obtain it.

William P. Lord, attorney for Mr. Stern, denied statements made on the previous day that 28 releases offered to Jensen & Von Herberg were mediocre pictures. He maintained that they were high-class pictures.

Picture Held Indefinitely.

Attorney Malarkey, appearing for Jensen & Von Herberg, in his closing statement refuted this statement by saying that the 28 pictures were good, bad and indifferent.

"These people were trying to use the 'Four Horsemen' as the means of forcing these good, bad and indifferent releases off on my client. But the evidence in this case shows that, in addition, these producers were using the contract for the auditorium as a club to force my clients to take the picture at an unreasonable price. The fact that they carried on these negotiations after the contract with the city was agreed upon and that the New York officials of the company did not know that the auditorium deal was closed September 12 shows that they did not put any faith into the negotiations with the city."

Application Is Denied.

Commissioner Harbur brought the hearing to an end when he moved that the application for the use of the auditorium by Messrs. Stern and Winstock be denied. This motion was supported by all members of the council.

In announcing the vote, Acting Mayor Bigelow said it must be understood that in future negotiations for the use of the auditorium must be on a strict business basis. It was also announced that in the future a cash deposit must be made by any out-of-town persons desiring to use the auditorium, and that when a contract is signed, a surety bond must be furnished to the city to insure that the dates will be covered according to the contract.

Stern and Winstock Barred.

After the council had taken this action Attorney Lord asked if Mr. Stern would be permitted to enter into new negotiations for the use of the auditorium. The council ruled that neither Mr. Stern nor Winstock could rent the building, but that any responsible person could negotiate its use.

As the meeting broke up, Mr. Fangle and Attorney Malarkey, representing Jensen & Von Herberg, bid good night to the council, and it was expected that a resolution announcing that the film will be reached by some of Portland's exhibitors within a few days.

ALBANY SCHOOLS OPEN

Registration Exceeds Enrollment of Last Year.

ALBANY, Or., Sept. 20.—(Special.)—Albany's public schools opened yesterday with by far the largest attendance in their history, the enrollment exceeding that of the first day last year by more than 100. The total registration yesterday was 1223 as under way with R. A. Nestor, independent candidate for governor, delivering an address at Christine, and Governor L. J. Frazier issuing a statement denouncing the recall as being engineered by politicians without demand from the people.

WORKERS FLOCK TO HOOD RIVER BY TRAIN AND AUTOMOBILE.

HOOD RIVER, Or., Sept. 20.—(Special.)—Pre-apple harvest labor conditions are completely the reverse of those in past years. The town is being flooded with prospective pick-

ers this season. Mrs. J. W. Ingalls, in charge of the Apple Growers' association employment bureau, today appealed for assistance in stemming the inflow of help.

Weather conditions have upset the harvest schedule, and it will probably be the latter part of next week before picking is under way, she said. Today, however, she has registered more than 500 prospective pickers. Released from the hop fields, scores of families are pouring into Hood River by train and automobile.

SINN FEIN DISTRICT IS IN UPROAR AGAIN

Firing Is Resumed North of City of Belfast.

ONE WOMAN IS WOUNDED

Sir James Craig Says Ulster Has Nothing to Give Away in Proposed Conference.

BELFAST, Sept. 20.—(By the Associated Press.)—There was renewed firing tonight in Marrowbone, Sinn Fein district, north of Belfast. A woman was wounded and troops were called out to clear the streets.

Sir James Craig, the Ulster premier, explaining to the northern parliament today Ulster's position with regard to the proposed conference looking towards peace in Ireland, maintained that while it would have been impossible to refuse to enter a conference in order to protect the interests of Ulster, nevertheless Ulster had nothing to give away in such a conference.

LONDON, Sept. 20.—(By the Associated Press.)—Premier Lloyd George had before him today at Gairloch, Scotland, the Sinn Fein suggestion that representatives of the British cabinet meet Sinn Fein delegates in a conference untrammelled by conditions. The latest note between the prime minister and Eamonn de Valera, sent yesterday by the Irish leader to Mr. Lloyd George, did not, however, except possibly by implication, withdraw the offending paragraph of the Sinn Fein note of September 12, in which the sovereignty of the Irish state was asserted and which led Mr. Lloyd George to cancel invitation to a conference.

As viewed here, the latest Irish note was conciliatory in character and it seemed to place upon the prime minister the choice of holding a conference, or insisting that Southern Ireland formally express its allegiance to the crown.

compared with 1118 on the opening day a year ago. Superintendent Beutlicher estimated that the enrollment will reach 1200 within a few days.

Dr. Norman K. Tully of the First Presbyterian church of Portland gave the convocation address at the annual convocation exercises at Albany today. The exercises marked the formal opening of the school year. The attendance this year exceeds that of last year.

North Dakota Recall Begun.

BISMARCK, N. D., Sept. 20.—The recall campaign in North Dakota got underway yesterday with R. A. Nestor, independent candidate for governor, delivering an address at Christine, and Governor L. J. Frazier issuing a statement denouncing the recall as being engineered by politicians without demand from the people.

Weather conditions have upset the harvest schedule, and it will probably be the latter part of next week before picking is under way, she said. Today, however, she has registered more than 500 prospective pickers. Released from the hop fields, scores of families are pouring into Hood River by train and automobile.

The Fountain of Youth

The Vacuum Process is a figurative "Fountain of Youth," for coffee packed by this method retains its original freshness and flavor for an indefinite period. There is nothing magic about the method. On the contrary it is quite simple.

Coffee becomes stale on account of the oxygen in the air oxidizing the essential elements that give coffee its delicious flavor. Under the Vacuum Process the coffee is packed in air-tight cans from which the air is withdrawn—preventing all deterioration. Hills Bros. use this method as it insures the purchaser of receiving the fine, rare coffee of which "Red Can" is composed, in as perfect and fresh condition as when leaving the roaster.
