

NEW MEXICO SENDS BURSUNG TO SENATE

Republican Elected by Plurality of 7000.

RETURNS ARE NOT ALL IN

Harding Congratulates Winner. New Senator to Serve Out Fall's Unexpired Term.

ALBUQUERQUE, N. M., Sept. 21.—The election of Holm O. Bursung of Socorro as United States senator from New Mexico was indicated today by a plurality of more than 7000, based upon comprehensive but incomplete returns from every county in the state received at republican state headquarters here today. Figures show that Bursung carried 20 counties with a total vote of 13,172; Richard H. Hanna, democrat, carried 11 counties, his total vote being 5800. Senator Bursung will serve out the unexpired term of A. B. Fall, who resigned to become secretary of the interior in President Harding's cabinet. The term will end March 3, 1922. At the time of Fall's resignation Governor Mechem appointed Mr. Bursung to serve as senator until an election could be held. Returns on the 11 constitutional amendments are meager. The counting of the vote everywhere has been slow and no figures have been received to indicate what the final result will be.

WASHINGTON, Sept. 21.—The following telegram of congratulation was sent to Senator Bursung late today by President Harding: "Congratulations on the splendid endorsement New Mexico has given you. I know you will be interested enough to permit the administration to share with you the feeling that it represents not only appreciation of your excellent service, but an understanding of the earnest effort that has been made by the party in power to deal with the manifold problems that have confronted it. It is most gratifying to receive such testimony at this time."

CABINET IS ORGANIZED

CANADIAN PREMIER PREPARES FOR ELECTION.

Ten Members Are Retained and 11 New Ones Are Sworn In by Governor-General.

OTTAWA, Ont., Sept. 21.—Premier Meighan today reorganized his cabinet with a view to strengthening it for the approaching general election. Eleven new members, and ten retained from the previous ministry, took the oath of office before Governor-General Byng. Among those to retire is C. J. Boherty, minister of justice and delegate to the assembly of the league of nations. Premier Meighan announced that he would probably appoint him to some other office. Mr. Meighan continues as prime minister and minister of external affairs. The new members are: Railways and canals—J. A. Stewart, Lanark. Trade and commerce—H. H. Stevens, Vancouver. Justice—R. B. Bennett, Calgary. Postmaster-general—L. G. Blevin, Quebec. Secretary of state—Rodolph Monty, Montreal. Health, immigration and colonization—Dr. J. W. Edwards, Frontenac. Soldiers and military establishment—R. J. Manion, Port William. Customs and excise—J. B. Baxter, St. John. N. B. President of the privy council—Dr. L. O. Norland, Three Rivers. Without portfolio—James Wilson, Hamilton, and Edmund Bristol, Toronto.

TREATIES GIVEN SENATE

Harding for taking a vacation trip last week and charged the republican administration with failure to carry out its campaign pledge to bring increased prosperity. The senator declared that while president and several cabinet members were enjoying the vacation trip "millions of Americans were hanging their heads in shame" because men "who helped win the war" were being offered on the auction block in Boston. "The American people want more work and less play," he said, looking across to the republican side, "more results and fewer recommendations; more meat tickets and fewer bread lines; more prosperity and fewer poorhouses."

Republicans Are Scored. Senator Harrison made the letter recently written by President Harding recommending achievements of the republican congress, the basis for his address, although, on inquiry from Senator Burton, a republican leader, as to his "text," he said he was speaking on "the deficiencies and delinquencies of the republican party."

The president's letter, Senator Harrison said, "shocked and almost pained some democrats," and was written in the interests of the candidacy of Senator Gurnea, republican senatorial candidate in yesterday's election in New Mexico. Senator Lodge, republican leader, read a telegram announcing the election of Senator Bursung, and explained he was presenting it merely as information.

OIL COMPANIES TO FIGHT

the strike. The entire district is dependent upon the oil industry, and the merchants prosper or suffer in direct proportion to the prosperity of the fields. Supporting the action of the strikers, the West Side Merchants' Protective association, with numbers in its membership practically all of the business men of Taft, today issued the following statement: "We note with considerable surprise articles in various newspapers alleging lawlessness on the part of oil workers of this district not on strike. No acts of lawlessness have come under our observation. On the contrary, we commend in the highest possible terms the manner in which this strike has been conducted by officials of the oil workers' local, together with the law and order committee. To the best of our knowledge and belief, bootlegging has practically ceased and drunkenness is, and since the beginning of this trouble has been, unknown. We can truthfully say, and we

honestly believe, that we could offer no improvement or suggest any better line of action on the part of officials or the law and order committee in their handling of the situation at this time, there being no disorder, destruction of property or interference with legitimate business. We make this statement feeling that the articles appearing in the press should not go unchallenged when their falsity is clearly apparent to all citizens of the community." A meeting of the California district council of the International Oil Field, Gas Well & Refinery workers will be held in Bakersfield Friday morning at 10 o'clock to discuss the advisability of calling a general strike of California out on strike. This was announced by R. H. Fraser, vice-president of the district council. "If the operators continue their attempts to bring in strikebreakers and gunmen," Fraser said today "we will be forced to call out the rest of the workers in the state, including the pipeline workers." Walter J. Yarrow, official adviser of the California union, will be present at the meeting. A representative of each local of the state will attend.

NEW REPUBLIC VISIONED

WEST HUNGARY DECLARED INDEPENDENT STATE.

Proclamation Issued by Former Hungarian Premier; Insurgent Bands Still Factor.

VIENNA, Sept. 21.—Stephen Friedrich, former Hungarian premier, arrived at Odenburg, Burgenland, Monday and proclaimed a new Hungary a republic, it is declared by newspapers here. Burgenland was recently in the hands of Hungarian insurgent bands, but they were believed to have withdrawn, for the most part, as a result of representations by allied authorities. Assertion is made here, however, that these bands have been constantly reinforced until their members are now nearly 30,000 in number, and it is said these men are so well armed and equipped that it is doubtful if Hungarian regular soldiers sent to oust them would be able to cope with them. Military forces commanded by Friedrich are reported to be assembling at Odenburg, and belief is expressed here that the Carlists and the legitimists have joined issue over the Burgenland question.

CO-ED RIFLE TEAM PLAN

Corvallis Women Expected to Shoot With College Rivals.

OREGON AGRICULTURAL COLLEGE, Corvallis, Sept. 21.—(Special.)—A co-ed rifle team to represent the Oregon Agricultural college against all-comers is planned by Miss Edna A. Cooks, head of the department of physical education for women. She has the full co-operation of the military department, according to Colonel J. K. Partello, and coaches will train three squads pending elimination tournaments leaving the victorious squad for intensive training. Only one other institution in the sixth corps area—the University of Washington—has a women's rifle team, and it is expected that a match will be arranged between the two institutions.

ADMISSION IS REPORTED

comedian's conduct had involved the use of ice.

Witnesses tomorrow at the preliminary hearing of the murder charge against Arbuclie in the court of Silvan Laasara, police judge, probably will include Dr. Stanley Girard, an autopsy surgeon; Dr. William Ophuis, who performed the post-mortem on Miss Rapp; Dr. Benjamin Delmont, who swore to the murder complaint; Miss Grace Halston, one of Miss Rapp's nurses, and Miss Alice Blake and Miss Zeh Prevost, who attended the Arbuclie party. This was announced by Milton T. Utten, assistant district attorney. He said the length of the preliminary hearing would depend on the amount of cross-examination by the defense. Mr. Brady said that Lowell Sherman, last reported to be in New York state, was not needed for the police court examination, but that if he became necessary to enforce his appearance at the trial itself an indictment against him would be sought from the grand jury. Beardslee, the hotel physician, who attended Miss Rapp, had not arrived home from a hunting trip today, but no concern was expressed over his non-appearance. It was announced that he would be a witness during the preliminary hearing. Expense money was sent to Al Semmacher by his appearance here, following his long-distance telephone plea from Los Angeles last night that he did not have enough money to make the trip. Semmacher is a motion picture producer and was Miss Rapp's manager. The cost of the trip, one way, is about \$25.

LOWELL SHERMAN VANISHES

Actor Disappears in Auto With "Red-Haired Woman."

NEW YORK, Sept. 21.—Lowell Sherman, an actor, who is wanted by District Attorney Brady of San Francisco in connection with the case against Roscoe Arbuclie, today left a train at Harmon, N. Y., when on an automobile with a red-haired woman. This information was given by a representative of District Attorney Swann's office when he went to the Grand Central station here to meet the 26th Century Limited from Chicago and detain Sherman, as requested in a telegram from District Attorney Brady. Mr. Swann at once asked the police of Westchester county to locate Sherman. Detective awaiting the train at the Grand Central did not accept the conductor's information without reservations. They tried the ruse of having "Mr. Sherman" paged. They got one "Mr. Sherman," but he was not the one. According to the conductor Sherman made merry with theatrical folk on the trip east, getting off the train at Chicago to chat with a young woman. At Harmon, the conductor said, another, with red hair, greeted him and drove him off in an automobile.

EXPLOSION KILLS 1000

sugar refinery, however, was considerably damaged.

In Frankfort street cars were temporarily tied up. Reports from the scene said that large forces of police and firemen, equipped with gas masks, were working to remove the injured, but were being hampered by a shortage of transportation. LEADERS OF MINERS WARN OF BIG STRIKE

Reports of Officers Hint at Great Struggle.

WAGES TO BE IMPROVED

International Organization Has 515,243 Members and Large Fund for 1922 Coup.

INDIANAPOLIS, Sept. 21.—Threat of a strike next year to obtain wage increases for more than 500,000 coal miners, was seen today in the reports of international officers made to the convention of the United Mine Workers of America.

Philip Murray, vice-president, said it was a foregone conclusion that the convention would declare in favor of a fight not only to maintain but also to improve the present wage scale which expires next March 31. "With the traditional policies of our great organization forever in mind," said Murray, "I am sure that it is the purpose of this convention to declare to the world that we propose not only to hold what we have got, but to improve upon the same, upon the expiration of the present agreements."

Annual Earnings Too Low. "The question may be asked why the United Mine Workers of America assume the attitude that not only do they propose to maintain their present wage scale, but improve upon the same when practically every other organization in the United States has accepted big wage cuts during the present year. We can only answer such questions by saying that for years the annual earnings of the mine workers have been considerably lower than that of men engaged in other lines of industry."

Under our present wage scale, with the mines operating as they have been during normal times on an average of about 200 days a year, the day wage scale of \$7.50 a day for day men and an average of about the same for tonnage men, our people cannot be expected to exceed in annual earnings the sum of \$1500. It will be considered, I believe, by all fair-minded men that a wage scale that only enables the men engaged in the mining of coal to earn \$1500 a year is not an excessive one."

PAPER DECLARED UNFAIR

Salem Capital-Journal Accused by Pressmen's Union.

SALEM, Or., Sept. 21.—(Special.)—The Salem pressmen's union, at a meeting held here last night, placed the Capital Journal, local afternoon publication, on the unfair list. It was said that the action was taken because the newspaper employed a non-union pressman in place of a union workman who was discharged by the management when it was discovered that he was seeking another job. The action of the union was reported to the Central Trades and Labor council, but as yet the latter body has not taken any definite action with relation to declaring the publication unfair.

REPARATIONS PLAN LIKED

Germany Plan Organization on Limited Liability Principle.

BERLIN, Sept. 21.—(By the Associated Press.)—The German reparations commission, which is dealing with the problem of raising funds for future German indemnity payments, yesterday approved a plan elaborated by one of its experts, Dr. Machenbach, looking to the creation of a collective credit organization, embracing all industries, banks and retail owners, on the principle of limited liability. The plan contemplates mortgaging to the state by each member of a fixed proportion of his holdings in real estate, and the raising of statements of taxation would be granted.

WILLAMETTE GRIND IS ON

SQUAD OF 30 WORKING HARD PREPARING FOR OREGON.

Quarterback Problem Solved by Return of Irvine, Field Leader for Three Years.

WILLAMETTE UNIVERSITY, Salem, Or., Sept. 21.—(Special.)—With a squad of 30 reporting twice daily during the registration period, football practice in preparation for Willamette's six games are on in earnest. Coach Bohler is sending the men through hard workouts to condition them for the Oregon game October 1. "I am pleased with the freshman material," said Coach Bohler. "As a rule the men are standing the grind of practice better than I expected. About ten first-year men have done suits thus far and I expect more. Worry over a quarterback was dispelled the first of the week when Tommie Irvine, for three years the leader of Bearcat eleven, announced he would play. With the return of Captain Zeller Saturday, backfield prospects became better. Beside several old men, the following:

ing aspirants are practicing daily: Holla Carey, back; Don Cramer, back; Mike Edwards, back; Gordon Grant, back; Fred Halverson, line; Harold Isham, quarter; Fred Patton, back; Edward Randall, line; Don Rhebeck, back; Daniel Taylor, line. Bohler expected to select signal practice today. As yet no first string has been selected, though some freshmen will have to fill holes caused by graduation. Rooms in the lower floor of Wailer hall are used by the team for dressing and locker quarters, since the Willamette gymnasium was destroyed by fire last May. All new equipment has been purchased for this year's team. Athletic Manager McKittrick has announced that a contract has been signed with the University of Oregon for a game at Tacoma Thanksgiving.

CHURCH MAKES GROWTH

Gain of 25 Per Cent Made in Methodist Members at Jefferson.

JEFFERSON, Or., Sept. 21.—(Special.)—At the final conference of the officials of the Methodist church of this city held last night, with the district superintendent, Rev. Mr. Gilbert presiding, the annual report of the pastor, Rev. E. B. Lookhart, showed an increase of more than 25 per cent in membership for the year. The finance report was "one of the best in the district," according to the superintendent. Dr. J. O. Van Winkle and Mrs. J. G. Fontaine urged on behalf of the members of the quarterly conference that the district superintendent recommend to Bishop Shepherd at the annual conference soon to be held in Forest Grove that the present pastor be reappointed.

RATE HEARING ORDERED

Cottage Grove Electric Company Files New Rate Tariff.

SALEM, Or., Sept. 21.—(Special.)—The Oregon public service commission, in an order issued today, has instituted an investigation on its own motion with reference to the rates of the Cottage Grove Electric company. A public hearing to consider the rates of this corporation will be held at Cottage Grove, October 7. The hearing will be conducted by Commissioners Williams and Muehl. The Cottage Grove Electric company filed a new tariff with the commission ten days ago, and had it not been for the order instituting an investigation, the increased rates would have become effective at the expiration of 30 days.

350 FIRES EXTINGUISHED

DOUGLAS COUNTY FORESTERS CALLED IN FROM DUTY.

Air Patrol Said to Have Proved Its Efficiency by Reporting Blazes in Incipency.

ROSEBURG, Or., Sept. 21.—(Special.)—Approximately 350 forest fires were extinguished by employees of the Douglas county fire patrol during the fire-fighting season which ended today. Patrolmen, lookouts and rangers were ordered to return to Roseburg this morning, the rains having reported each day of the first week of the deer season. Twenty-two fires were discovered Labor day, the largest number of hunters in the woods on that day accounting for most of them. Every Sunday showed an increase in the number of fires reported. With the exception of two, all fires were very small and were extinguished easily. Two fires burned over about 200 acres each. Nearly all occurred in old burns and did little damage, the loss being estimated at approximately \$5000 for the season. The air patrol proved its value by reporting all fires before they got well started. The federal forest service will keep a number of rangers at strategic points for emergencies.

COMMUNITY CLUB PROCEEDS

TUALATIN, Or., Sept. 21.—(Special.)—There was a mass meeting of all Tualatin citizens tonight to consider the formation of a community club to promote the commercial, social and athletic activities of the town.
