

FAVORABLE REPORT MADE ON 3 TREATIES

Borah Only Committee Member Voting No.

RESERVATION IS ADOPTED

Congress Required to Pass Act to Appoint Americans on Allied Commissions.

WASHINGTON, D. C., Sept. 23.—Favorable report on the peace treaties between the United States and Germany, Austria and Hungary was ordered today by the senate foreign relations committee.

Senator Borah, republican, Idaho, leader of the fight against the treaty of Versailles, was the only member to vote against reporting the treaties.

Another Reservation Adopted. Another reservation adopted by the committee, presented by Senator Pomerene, democrat, Ohio, provided that protection given the United States government in its property interests should apply also to American Nationals.

The vote on reporting the treaties favorably was nine to one, the supporters of the treaties including six republicans and three democrats, all of the members present except Senator Borah, who cast the sole negative vote.

Johnson, Borah Disagree. Senator Johnson, California, who was allied with Senator Borah in the fight against the Versailles treaty, was said to be disagreed with Senator Borah's contentions that the treaties were likely to involve this nation in European affairs.

Resolution Is Quoted. The resolution of ratification of the German treaty with the reservation as finally evolved provides: "Resolved (two-thirds of the senators present concurring therein), the senate advise and consent to the ratification of the treaty between the United States and Germany, signed at Berlin August 25, 1921, to restore the friendly relations existing between the two nations prior to the outbreak of the war, subject to the understanding which is hereby made a part of this resolution of ratification, that the United States shall not be represented or participate in any body, agency, or commission, nor shall any person represent the United States as a member of any body, agency or commission in which the United States is authorized to participate by this treaty with Germany, nor in any act of congress of the United States shall provide for such representation or participation."

Other Resolutions Similar. The resolutions of ratification and reservation of the German, Austrian and Hungarian treaties were similar.

The Pomerene reservation was to article 1 of the German treaty relating to protection of American property rights as provided in the Knox peace resolution, and declared that the word "United States" shall be construed to include the United States and its nationals. This reservation also accompanied the Austrian and Hungarian pacts.

Senator Johnson indicated that he would carry his fight against ratification to the senate floor, where debate is expected to begin within a few days.

The committee voted to have the treaties considered in open session. It was made known officially that President Harding's administration would raise no objection to ratification of the treaty with Germany with a reservation providing that there could be no American participation in the foreign bodies provided under the Versailles agreement without expressed authorization by congress.

WOMAN SHOTS HER PAL

(Continued From First Page.) events preceding it told by the injured girl and Borland, a Dartmouth graduate, coincided closely.

Miss Dorothy Gottschalk, Miss Hana's friend, who was with her at the time she shot her pal, said she saw Mrs. Lawson take a cup from her handbag, drink something from it and then dash the vessel to the gutter.

Searchers later found fragments of the china and in the dead woman's bag a phial labeled with the name of a drug.

Borland Admits Quarrel. Borland, while admitting that he and Mrs. Lawson had quarreled over Miss Hana, emphatically denied that any feeling concerning himself had led to the shooting.

He said the motive was "positively not jealousy," expressing the belief

that Mrs. Lawson was temporarily deranged mentally.

Mrs. Lawson was related to Miss Hana by marriage and lived with the Hana family until two weeks ago, when she moved to an apartment at the Vanderbilt hotel. She was divorced several years ago from Edgar E. Schmitt and resumed her maiden name.

"High Life" Pace Killing

A letter to Mrs. Lawson's mother read: "Mrs. M. E. Dittmar, 316 Walnut street, San Francisco, Cal. Mother Darling: You never can understand what I have been through here. Don't try to learn. It is past. I am too tired and ill to try to overcome the great obstacles I have placed in my own way."

"Too much high life. The pace is too fast and the liquor has driven me crazy, dear. Forgive and forget, and remember, pray for my soul. Love to all and think of me as I always say to you, a good, sweet daughter. Lovingly, GRACE."

The second letter asked that Walter Dunnington at the Madison Square hotel in this city be notified of her affairs.

"Send me home to California cremated," continued the letter. Make it easy for my darling, sweet mother. Don't let her know the truth, dear. Can't stand this sordid, tinsel life any longer.

"Forgive me, Billy, all my mistakes, and remember me as sweet and clean as I was . . . before too much liquor and conversation on all sides . . ."

Ring Goes to Borland. "The black leather jewel case in the safe and my rings are gone and I sold the tickets. All my trunks are at hotel storerooms. All my bags at Hana's. Send them home to my mother, please."

After adding that she had sent the "ruby ring to John Borland," the letter added: "I drew almost all my money out of the Harriman National bank. Did have \$600 in my purse."

Miss Hana is 24 years old, while Mrs. Lawson was 32. The younger woman, according to the police, had been married to Jerome Wagner of this city but a divorce had been granted about three years ago.

NO JEALOUSY, SAYS SISTER

Act Due to Temporary Insanity, Declares Mrs. Dittmar.

SAN FRANCISCO, Sept. 23.—Mrs. M. E. Dittmar of San Francisco told newspapermen today that she was the sister of Mrs. Lawson and that jealousy was not the motive for the shooting.

Mrs. Lawson and Mildred Hana were cousins by marriage, Mrs. Lawson being the aunt of the present Mrs. Alfred Hana, Mildred Hana's stepmother.

The telegram only ascribed Grace's act to temporary insanity," Mrs. Dittmar said. "She had been ill for a long time and was almost constantly under the care of a doctor."

"Grace and Mildred Hana were inseparable companions. There was not the slightest iota of jealousy between them. Grace was not in love with John S. Borland. In fact, she wanted Mildred to marry him."

"The fact that she called me mother in her letter instead of sister is proof positive that she was unbalanced. Our mother is Mrs. Rose Lawson of this city and she is now 75 years old."

"Grace has been in the hospital several times in the last few years. She was divorced from her husband, Edgar E. Schmitt, several years ago, and resumed her maiden name of Lawson. She has no children."

Mrs. Dittmar broke down and wept when shown the letter left for her by Mrs. Lawson. She sent a telegram to a woman friend in New York, asking her to take charge of the body.

Captain De Romanet's world record for speed was established on November 4, last, when at the Buc airdrome near Paris he flew over a measured kilometer at the rate of 399 kilometers, 12 meters per hour (about 193 miles), covering the distance in 11.65-100 seconds.

SIBERIAN FLIGHT PLANNED

C. O. Prest Leaves Prince Rupert in Biplane.

PRINCE RUPERT, B. C., Sept. 23.—C. O. Prest, Nevada aviator, left here today in the biplane Polar Bear on flight to Siberia over a course of about 1500 miles.

Prest planned to stop at Wrangell, Wis. Horns and Dawson, and will fly thence to Nome. From Nome his route will carry him across the Bering strait, a 54-mile stretch of water, to Siberia.

The first half of the flight is northward to Dawson, and westward from there to Nome and across the strait.

Mrs. O'Brien Gets Passport. HONOLULU, T. H., Sept. 13.—(Special.)—Mrs. Tommy O'Brien, wife of the California lightweight, passed through here a few days ago on her way to Sydney, where her husband is preparing for six battles with Australian stars.

The British consul refused to give her passport in San Francisco because she was born in Germany but the British consul in Honolulu was more obliging and issued it when she explained that she was Tommy's mascot. "Why, I'm Tommy's good 'luck,' she told him, 'and once he got knocked out because I wasn't at the ring-side.'"

At 11 o'clock last night, she said, she and Borland drove Miss Gottschalk to her home in Schermerhorn street, Brooklyn, where they stayed until shortly after 1 o'clock.

"We had just emerged from the vestibule when I saw Mrs. Lawson step away from an airway," Miss Hana continued. "I then heard three pistol shots and I dropped to the sidewalk, took a cup from her handbag, drink something from it and then dash the vessel to the gutter. Searchers later found fragments of the china and in the dead woman's bag a phial labeled with the name of a drug."

This shot ended the life of Mrs. Lawson.

One other person witnessed the tragedy. A neighbor of Miss Gottschalk said she was at her window and saw Mrs. Lawson sit down on a nearby stoop, take a cup from her handbag, drink something from it and then dash the vessel to the gutter. Searchers later found fragments of the china and in the dead woman's bag a phial labeled with the name of a drug.

OIL STRIKERS QUIT CHALLENGING AUTOS

Orders Are Issued by California Labor Council.

ARMS NOT TO BE CARRIED

Formal Notice Is Issued to Men Patrolling Roads as Watchmen. Settlement Is Sought.

BAKERSFIELD, Cal., Sept. 23.—Walter J. Yarrow, adviser of the striking oil workers' unions in Kern county, announced tonight that the district council had issued orders that there should be no more stopping of cars on the highways of Kern county and that men who might continue to patrol the roads as watchmen would not carry any arms of any description.

A formal notice to this effect was immediately posted at the Labor temple here and was sent to other towns for distribution.

This statement by Mr. Yarrow followed a series of conferences with Martin C. Madsen, secretary to Governor Stephens, at which Mr. Madsen met Mr. Yarrow, Harry Baker and R. H. Frazier, the local heads of the striking oil workers, together with Sheriff D. B. Newell and District Attorney J. E. Doney.

Strikers Advised to Cease. "I told the striking oil workers they are outside their authority in stopping people on the highways," said Mr. Madsen today. "I told them that while I am not in a position to tell them what to do, I very strongly advised them to cease this."

Mr. Madsen said he had received vigorous protests from citizens against the patrol system, while endeavoring to learn the feeling of the public about the strike situation.

While Mr. Madsen was investigating, the district council of the oil workers met and sent out a flag of truce in the shape of a long message to Al Well of San Francisco, formerly chairman of the producers' committee and now affiliated with one of the larger companies affected by the strike.

Settlement Is Wanted. The telegram asked Mr. Well to use his good offices to effect a settlement.

The council also announced it had decided against extending the strike to other fields pending the receipt of further word from the United States department of labor, which had asked that any further strike calls be deferred.

The situation in the fields was reported unchanged today. Numerous workmen employed by the Standard Oil company, which has not been affected by the strike, were reported to have been laid off today, but the company denied any such move.

PRODUCTION IS PROBLEM

Ways and Means to Continue Operations Are Considered.

SAN FRANCISCO, Sept. 23.—Ways and means of resuming the operations on oil properties in Fresno and Kern counties affected by the strike of union oil workers are being considered by the executive committee of the California Oil Producers' association. It was announced tonight by David S. Ewing, vice-president.

Decision to consider plans to resume work was made, Ewing said, despite the report of an investigating committee that the most such a move. A statement on the matter is being prepared, he said, and probably will be completed and made public tomorrow.

Leprosy Treatment Success.

HONOLULU, T. H., Sept. 13.—(Special.)—The application of chaulmoogra oil treatment for leprosy perfected by Dr. A. L. Dean of the University of Hawaii is producing remarkable results in Japan, according to Dr. T. Hoyoshima, professor of the medical college of the Kyoto university.

THE LARGEST CHAIN DEPARTMENT STORE ORGANIZATION IN THE WORLD

THE PUBLIC MAKES PRICES!

The buying public of 26 states through 312 stores commanded a working capital last year of \$50,000,000

While other retail stores suffered from constant inflation and destructive price reductions, these 312 stores progressed steadily, normally, and positively. The reason for this condition is the policy of the J. C. PENNEY COMPANY that always reckons first with the public, what it wants to pay. It is a good old-fashioned policy of giving full value for every cash dollar spent. It creates CONFIDENCE and in return this CONFIDENCE has created and re-created business. It is making a beaten track from the most obscure community straight to the wealth of the greatest markets and enables the J. C. PENNEY COMPANY to give unquestionable values for every dollar of the millions spent for their customers.
