—Suits just in by express, with a letter from our Mr. McGee, buyer of women's apparel, to the effect that this is the greatest purchase of Women's Suits ever made in his entire career.

—Unsatisfactory weather conditions—weeks of unseasonable hot weather—added much to his opportunity in securing these Suits at his own price.

The Materials—

Velours Silvertones Moussyne
Tricotine Tinsel Tone Veldyne
Duvet de Laine Broadcloth

The Trimmings—

Slynx Squirrel Beaver Mole
Australian Opossum French Seal

The Colors—

Black Navy Reindeer Malay
Zanzibar Sorrento Taupe

The Styles—

Reflecting the latest modes in "Tailleurs," originated and designed by three of the most noted makers of women's "tailor-mades."

—Every well gowned woman knows she looks her best in a tailored suit—every well groomed woman starts her fall wardrobe with a tailored suit.

—These Suits so far exceeded our own expectations that we were at a loss as to what to do with our own stock of Suits. We realized that once these new Suits were put on sale we could never sell our own Suits, so, acting on the suggestion of our Mr. McGee, we have included over 200 of our own NEW SUITS in this sale—many at retail prices much less than our recent wholesale costs.

—What a delight awaits every woman in Portland tomorrow in this, the greatest Suit Sale ever offered Portland women.
