Nearly All Those of Men Who Lost Their Lives in Meuse-Argonne Drive in France.

The bodies of 24 soldiers of the northwest who lost their lives in France will arrive in Portland at 5:30 o'clock Thursday morning...

Following the custom adopted when Mayor Baker appointed a committee to have charge of soldier burials, the bodies will be met at the Union station by members of the American Legion, Veterans of Foreign Wars and other veterans' organizations.

Each body as it is sent out of Portland to parents or relatives in Oregon, Washington or Idaho will be accompanied by a guard from Vancouver Barracks.

Practically all of the bodies to arrive are those of men who lost their lives in the Meuse-Argonne drive. Since the war they have rested in the United States cemetery at Romagne in the heart of the Argonne.

BOY SCOUTS TO HELP BUILD T. R. MEMORIAL

CABIN TO BE NEAR GRAVE

Dr. George J. Fisher, Deputy Chief Scout, Arrives in Portland for Northwest Conference.

The Boy Scouts of America are preparing to erect a memorial to the memory of Theodore Roosevelt near the grave of the ex-president at Oyster Bay, according to Dr. George J. Fisher of New York City, deputy chief scout executive, who arrived in Portland yesterday for the first annual conference of Boy Scout workers of Oregon, Washington, Idaho and Montana, which opens today in room A at the central library.

The Scouts, working in co-operation with the Roosevelt Memorial society, plan to remove the foundation stones from the old Dakota ranch home of Roosevelt and use them for the foundation in the reconstruction of the Boy Scouts if he desires. Of the 17,000 scout troops now in existence, 7,000 are not under local councils. It is an evidence of the popularity of the work that these 7,000 troops have organized themselves in every part of the country.

Dr. Fisher is making tour of the field work of the Boy Scouts of America and is touring the country while working out a plan to extend the Boy Scout organization to every community in the United States. "Inside of five years at the utmost we expect to have the country so organized," said Dr. Fisher, "that each community will have a first class council in charge of scout affairs, with the opportunity offered to every boy to become a member of the Boy Scouts."

Delegates from the principal cities of Oregon, Washington, Idaho and Montana arrived in Portland yesterday. All visiting workers were taken for a drive over the Columbia highway today as guests of the local council.
