Last Obstacle to Trade With Germany Removed.

BRIGHT OUTLOOK IS SEEN

lective Remedy for Depression. Hitchcock's Aid Valuable.

THE OREGONIAN NEWS BUREAU, Washington, D. C., Oct. 21,-Ratifiseace treaty has aroused a feeling of optimism in Washington. believed that this action will do more to lift the country out of the present ndustrial depression than all of the artificial restoratives which have

been proposed in congress. In making peace with Germany it is asserted that the last obstacle to copening trade relations with all of the world has been removed. It was Senator Hitchcock of Nebraska, a democrat and former leader of his party in the senate, who pointed out that before the war Germany was America's best customer. In the face of much opposition from his own side of the senate, Senator Hitchcock made one of the most effective speeches delivered in behalf of the Harding-Hughes peace plan.

Hitchcock Back in Place. Incidentally, it might be remarked that Senator Hitchcock is back where he belongs as a lone senator of ex-

he belongs as a lone senator of ex-ceptional ability expressing his in-dividual views. He never was in-tended for either leader or follower, and as leader of the democratic party in the senate, a role which he dividual views. He never was intended for either leader or follower, and as leader of the democratic party in the senate, a role which he iaid down some months ago, he was at a distinct disadvantage. He is a man of opinions well thought out, and sometimes as leader he found himself bound by the majority action h'mself bound by the majority action

himself bound by the majority action of his colleagues to lead some fortorn hope with which he had small sympathy.

He made a valiant fight for the league of nations but observers here were always impressed with the outstanding fact that he realized it was forforn because it had been muddled by the then president, who was the by the then president, who was the head of Mr. Hitchcock's party. Up to the time that he became the leader of his party in the senate, Senator Hitchcock had sincere convictions and unshakable independence.

Credit Due to Many.

As one of the rank and tile sen stors he frequently disagreed with President Wilson, and with h's usual candor he disagreed "out loud." And,

Democratic Stampede Blocked.

Their position was much the same as was taken by Senator Hitchcock. They withstood pressure from every direction within their own party and voted for ratification. They, with Senator Hitchcock, prevented a democratic stampede in the senate, which might have caused another defeat of the peace movement. They made themselves effective in charge work are eligible to member of the world war are the world war are eligible to member of the world war are eligi

quaintances" you will make on the night of November 2, when the Port-land Symphony orchestra opens its 11th senson at the Heilig theater! You will be introduced to "prima donnas" (the violins) "sighing lovers" (the 'cellos), "playful elephants" (double basses), "imps" (the picco-los) and "genial gentlemen" (the French horns). You will know them

French horns). You will know them by sound as soon as the music begins, but to help you to recognize them by sight also, today's story will tell you their position on the stage.

The "strings" occupy all the front of the stage, extending to the back of the left side, where you will find the double bases. The violins are divided into two groups, the first violins being placed on the conductor's left, the second violins on his right. Hehind the second violins are the violas, and opposite the violas are the 'cellos. The harp is placed between the first violins and the 'cellos. To balance the heavier strings, the "bases" — trumpets. French horns, trombones and the tuba—one at the back of the right side of the stage.

At the middle of the back of the stage, between the double basses and the "brasses," are the instruments of percussion—tympani, drums, cymbals. Between these and the conductor, and

the "brasses." are the instruments of percussion—tympani, drums, cymbals. Between these and the conductor, and occupying the center of the orchestra, are found the woodwinds—flutes, chees, clarinets and basecons.

There are more than 17 different instruments in the Portland Symphony orchestra. Could you diagram their position on the stage from today's story? Try it, then compare noise when you go to hear the orchestra play.

The safe way to wash fine fabrics

Tests made by leading makers of delicate fabrics

WITH the greatly increased use of sheer fabrics and very delicate colors in the last few years, the manufacturers of silk materials and garments have met a serious problem in the way women laundered them.

Incorrect washing methods and the use of wrong soap products have ruined numberless garments, and brought the manufacturers many complaints.

Leading manufacturers of fine silks, woolens, and sheer fabrics, have recently made careful investigation of the laundering of their special
