WASHINGTON, D. C., Nov. 2.—Notice was given in the senate today by Senator Watson, democrat, Georgia, that he intended to present to the senate evidence of his charges against the American soldiers had been hanged overseas without court martial.

He declared he would not be "bundled up in any committee" and have his evidence "entombed with senators in a report nobody would read," but would make his fight in the senate. He added that he would reserve a decision whether he would appear before the special senate committee appointed to investigate his charges.

ASTORIA MEN PROTEST STATEMENT OF MR. ELDRIDGE.

Effort Declared Made to Keep Zone in Organization and Aid Given Dairymen.

ASTORIA, Or., Nov. 2.—(Special.)—A strong protest was voiced by business men and laborers here against the statement of K. C. Eldridge, manager of the Oregon Dairymen's Co-operative league, published in The Oregonian, charging that Astoria business and banking interests, and not the dairymen themselves, were responsible for the withdrawal from the league of the 521 members in this zone. J. E. Roman, cashier of the Bank of Commerce and one of the committee of the chamber of commerce appointed to assist in solving the problem which confronted the local dairymen, said:

"If Mr. Eldridge made the statement accredited to him, he is undoubtedly endeavoring to create a false impression, as his assertions are not true. Judging from his actions and statements made during the recent conference in this city, Mr. Eldridge evidently was imbued with the notion there was a deliberate plot among the business and banking interests here to wreck the league, and he appears to be possessed with that idea yet. That is far from the truth, and the business men and bankers had absolutely nothing to do with the withdrawal of the dairymen from the league. In fact, everything that was done here was with a view of keeping the zone in the league, and our committee has been working with the dairymen in an effort to accomplish that result.

Round Out The Face and Figure and Beautify The Complexion—Easy To Take—Results Quick.

If you are thin and rindown, if your face is drawn and haggard, your flesh flabby and your figure angular and ill-proportioned, you are probably not getting the health-giving, tissue-building nourishment, called vitamins. Under their influence pimples, boils and disfiguring skin eruptions seem to vanish as if by magic, and the complexion becomes radiantly clear and beautiful. Mastin's VITAMON Tablets do not upset the stomach or cause a bloated feeling, or put on firm flesh, correct constipation and increase energy.
