### TRAFFIC BUREAU PLANNED

LIVESTOCK SHIPPERS TO HAVE BOARD OF 16 DIRECTORS.

Four Northwestern States Are to Hold Elections for Membership Under New Arrangements.

Under the constitution and by-haws adopted by the Northwestern Livestock Shippers' league at the conclusing meeting at the Imperial hotel yesterday, the traffic affairs of the ivestock shippers of the four northwestern states will be looked after by a board of 16 directors, ten of whom must be livestock shippers and an executive committee of five, three of whom must be shippers.

The present membership of 1143 shippers has been divided into districts. Northern idaho and Montana will elect two directors. Washington two southern idaho two, eastern Oregon two and northern California and western Oregon two. The Portland, Seattle and Spokane livestock exchanges each will select two members of the board of directors.

"According to the constitution and by-laws" said William Pollman of Haker, chairman of the temporary hourd of directors, "the livestock shippers and raisers are in compilete control of the organization and its

hoard of directors, "the livestock shippers and raisers are in complete control of the organization and its activities. Every member whether he ships one carload or a hundred carloads a year can feel that he has a traffic department that he can call upon for help by telegraph or letter. The shippers handling the organization of the league decided to include a representation of market men on the board of directors so as to get their full co-operation and help."

Aithur M. Geary, attorney for the league, filed petitions with the department of public works of the state of Washington asking that free half return fare be granted all single carload shippers of livestock. The league procured this concession in Oregon shipments several months ago.

Mothers! Watch Your Daughters' Health Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established she needs all the care the thoughtful mother can

The condition that the girl is then passing through is so critical and may have such far-reaching effects upon her future happiness and health that it is almost criminal for a mother or guardian to withhold coun-sel or advice.

Many a woman has suf-fered years of prolonged pain and misery through having been the victim of thoughtlessness or ignor rance on the part of those who should have guided her through the dangers and difficulties that beset this

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let her overstudy. If she com-

plains of headache, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, make life easier for her. She needs thoughtful care for a few years.

In all such cases Lydia E. Finkham's Vegetable Compound abould be given as it is especially adapted for such conditions. It contains nothing that can injure and can be taken in perfect safety.

Read how Mrs. Eicher helped her daughter. She says: "At the age of sixteen my daughter was having trouble every month. She had pains across her back and in her sides. Every month her back would pain her so she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound and I read the books which were left at my door. She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter in your little books and in the newspapers."—Mrs. KATIE EICHER, 4034 N. Fairhill St., Philadelphia, Pa.

Mrs. Williams will profit by her own experience. She says:

"When I was thirteen years old I had sick spells each month and as I was very backward I would bear the pain and my mother knew nothing about it. I read in the daily paper about Lydia E. Pinkham's Vegetable Compound and took my own spending money and bought a bottle. It helped me so much that I took it regularly after that until I had taken two bottles and I did not have any more pain or backache and have been a healthy, strong woman. I am now 39 years old and have a little girl of my own, and when she gets old enough I shall give her none other than Lydia E. Pinkham's Vegetable Compound."—Mrs. C. E. Williams, 2437 W.
