FLORISTS OF OREGON SHOW RARE BLOOMS

Chrysanthemum Fete Opened at Commerce Chamber.

EXHIBITS DELIGHT CROWD

Displays From Portland and Many Other Sections of State of Unusual Beauty.

Portland's first annual chrysanthe-mum show was launched yesterday private showing of the blooms in the green room of the chamber of in the green room of the chamber of commerce, where the public exhibition will be made today. The show is being given under the combined auspices of the chamber of commerce and the Oregon Florists' club. Those invited to the private showing were the wives and families of members of the chamber of commerce and a group of 250 patronesses. The green room was banked solidly with flowers and a row of tables through the center of the room supported elaborate floral displays. An orchestra was screened behind a mass of blooms.

General Exhibits Excellent.

The exhibit will be open to the pub-lic from 2 to 10 P. M. teday and no admittance will be charged. There are 22 exhibitors and the flowers displayed include many others besides

Chrysanthemums.

Wilson, Crout & Gehr have pompom chrysanthemums in yellow and plank. The Van Kirk Carnation company is represented by a basket of 18 red and white carnations, of which banister was intertwined with laurel the red flower is new. Crantford's Flower Shop sent a basket of pink chrysanthemums and Ophelia roses. Fred M. Young's display features a vase of new yellow carnations. The Swetland Flower Shop is represented by a basket of Columbia roses and two stands of yellow chrysanthemums with a hedging of other blossoms.

ERROR OF \$200,000 IS FOUND IN BUDGET

City Estimates Must Undergol Further Slashing.

LOWER LEVY IS LIKELY

Council Members Oppose Tampering With Service Items but Reductions in Salaries Liable.

An error of approximately \$200,000 in estimated revenues for Portland, was discovered yesterday in the budget by the tax supervision and conservation commission, on the eve of the first conference between the commission and city officials on the budget. The first hearing on this budget before the tax commission is scheduled at 2 o'clock this afternoon. Members of the council were informed of the error yesterday and upon investigation found that an amount of estimated revenue from delinquent taxes had been entered into the budget twice by the city auditor's office and this error had not been discovered when the budget was checked prior to its filing with the tax commission.

\$200,000 Must Be Cut.

\$200,000 Must Be Cut. The error means that the lax com-mission and the city are now faced with the task of cutting \$100,000 from the budget before it will be in the shape it was supposed to have been

plans to circle the earth by airplane, but his wife declared the arrangements ended when his plane was attached by creditors.

Mrs. Gorden met her husband while working for a film company in which Gorden was a director. He represented to her that he owned the production and would make her a star of the first magnitude, she asserted. His plans for the future turned out to be air castles, she complained, and she desired her freedom.

Gther cases in which default decrease were awarded by Judge Stapleton were those of. Maude against W. F. Kennedy. Florence against Clarence Brown, Lillian N. against R. G. Nellson, A. Ordinary London air contains black particles which vary in diameter from 1-100,000 to 1-20,000 of an inch. Exhaled air yields similar particles.

Chara the Lower Levy Likely.

However, it is practically certain that the tax commission will decree that the amount to be raised by taxation next year shall be less than that raised for the present year, and in this event not only will the \$200,000 item be curtailed, but an additional amount must be chopped out somewhere.

The budget now calls.

.Cook entire meal at one time -save fuel-save work

Think of being able to prepare an entire meal-a delicious roast, baked potatoes, macaroni, escaloped tomatoes or some other equally tempting dish together with a dessert such as rice pudding or baked apples—all at ONE time in the oven or over ONE burner on top of the stove! You can do it and SAVE a great deal of the time, the work and the fuel required

to prepare such a meal in the ordinary way, if you have a

Wear-Ever" Aluminum HICK Roaster

The THICK sheet aluminum used in the "Wear-Ever" Roaster is made hard, dense and rigid by rolling it COLD in gigantic rolling mills. Thus it is that the metal used in "Wear-Ever" utensils stores up a larger quantity of heat and retains it for a longer time than is possible with the thin, soft aluminum used in ordinary utensils. As a result, the "Wear-Ever" Roaster heats EVENLY all over, it insures BETTER-COOKED, BETTER-FLAVORED foods and it SAVES from one-third to one-half the fuel required by ordinary utensils.

If "Wear-Ever" utensils were made of metal only slightly less thick and only a very little softer, such utensils could be sold to you for a great deal less than "Wear-Ever" utensils now cost but-they would give you several years LESS service.

"Wear-Ever" stores now have in stock the "Wear-Ever" Aluminum Roaster, which is made in three sizes. Go to your regular dealer's and get one of these time, labor and fuel saving utensils TODAY.
