SPECIAL SESSION

Legislature to Convene on December 19.

PROGLAMATION IS ISSUED

Laws Paramount Business.

State Executive Declares Regulation of Trucks and Stages Warrants Prompt Consideration.

SALEM, Or., Nov. 25 .- (Special.)-Submission to the voters of Oregon \$2,000,000 for the support of the world's exposition to be held in Portland in 1925, and enactment of legislation tending toward conservation of the state highways, are the two paramount issues that should be considered by the legislature which has sion here Monday, December 19.

This was announced by Governor Olcott today when he issued his formal call for the special legislative assembly.

To assist the legislature and to cause no unnecessary delays, Governor Olcott today selected a committee to prepare the bills dealing with highway problems. It is the govrnor's plan to have these bills ready for submission at the opening of the ession. Members of this committee include Sam A. Kozer, secretary of state; Fred A. Williams, chairman of the Oregon public service commission; John B. Yeon, member of the state highway commission; Frank M. Waren, Portland, and Edward Custek

Two Problems Paramount. "Two general topics of paramount uportance are to be considered at the special session of the legislature." Governor Olcott said today in a statement supplementing his official call "Either of these topics I consider of sufficient magnitude to warrant the calling of such session.

The matter of submitting to the people of the state the question of Watts as business manager of the one of them. When the people of Portland voted so overwhelmingly in favor of the proposal, it plainly became the duty of the executive to call TEMBLOR CAUSES PANIC such session of the legislature. It is no more than right and just that the conviction, reached after examination Kingston and Guatemala City Are remainder of the people in the state should be given an opportunity to ex-

press themselves through the ballot

Truck Regulation Urgent. "I believe the legislature should consider two problems in this connection. One of these, is a stricter regulation of the speed and weight of freight-hauling motor trucks. The necessity for guarding carefully our loads means an early dissolution of

the expensive system we are con-

Roads Are Damaged.

"Safeguarding the roads in this manner means extending their life by a long period. The lateral and market roads of the state, constructed almost entirely with county taxes or taxes voted by the road districts, comprise 90 per cent of our mileage. These roads are being constructed of narrow and light macadams, and are being destroyed in many instances by a single overloaded truck. The locallty burdening itself for these roads, which are the life and vitality of our

juggernauts of destruction "The other problem is that of dealing with motor vehicles operating for German submarine threat brings United hire on public highways, including States into war. Page 5. those passenger-carrying Whether an international court of justice might be one of the results, is a subject which the president is said to consider nebulous for present.
