LOCAL DELEGATION IN FAVOR OF FAIR cern for several years.

Multnomah Legislators Take Unanimous Stand.

Conferences to Be Held With Legal Committee in Preparation of State Tax Measure.

He read the ordinance passed by Portland and showed that this ordinance specifically stipulates that Portland's \$2,000.000 tax is contingent on \$1,000.000 raised by private subscription and \$3,000.000 by a state Census for Clackamas County Is

scription and \$3,000,000 by a state tax levy.

The senator pointed out that inasmuch as the charter designates a state tax levy, the people of Portland would have to have another special election to amend the charter again if a state income tax was insisted on by the special session of the legislature instead of a state levy.

Senator Banks informed the fair directors present that they need not directors present that they need not waste further time on the Multnomah delegation, but that the support of the directors will be needed with the up-atate members and the senator urged that the directors appear on the scene at Salem. By a rising vote, on motion of Mayor Baker, the directors promised to do so.

OREGON CITY, Or., Dec. 5.—(Special.)—An increase of 639 children in Clackamas county, between the ages of 4 and 20 was revealed in the 1921 school census, which was completed

Ideas Credited to Premier.

The proposal for a four-power entente as now advanced, is considered an outgrowth of the suggestion of David Lloyd George made several weeks ago in parliament that the Washington conference might well consider merging the Anglo-Japanese alliance into an arrangement to which the United States would be a party. The Japanese have shown an inclina-tion to take up that proposal and it has been mentioned more than once o the American delegates. These hints have never brought the

subject to the point of a formal ex-change of views, however.

In every consideration of a possible treaty or international understanding to toplace the alliance, the American delegates have kept in mind the pos-sible temper of the senate should it be asked to ratify such an agreement An "understanding" would not require senate confirmation, but it is conjectural how binding an agree-ment of that character President Harding and his plenipotentiaries would care to effect.

TIME LOST IS NOT COUNTED

WASHINGTON, Dec. 5 -- (By the LLOYD GEORGE NOT EXPECTED Associated Press.)—While the United
States did not neek any allowance in
the American proposal for limitation Irish Matter and Other Questions definite action on the suggestion until an opinion has been received from Prosecuting Attorney Fullerton, as they are uncertain whether or not the county could legally pay part of the salary of the federal hunter.

American building programme incledent to the world war, such an allowance was made for Great Britain in fixing the "60-65-30" naval ratio for the proposed ten-year building holi and the proposed ten-year building holi and the proposed ten-year building holi county could legally pay part of the proposed ten-year building holi and the proposed ten-year building programme incledent to the world war, such an allowance was made for Great Britain in fixing the "60-65-30" naval ratio for the proposed ten-year building programme incledent to the world war, such an allowance was made for Great Britain in fixing the "60-65-30" naval ratio for the proposed ten-year building programme incledent to the world war, such an allowance was made for Great Britain in fixing the "60-65-30" naval ratio for the proposed ten-year building holi and the proposed ten-year building holi and the proposed ten-year building holi and the proposed ten-year building pay part of the proposed ten-year building holi and the proposed ten-year building holi and the proposed ten-year building pay building holi and the proposed ten-year building programme incledent to the world war, such an allowance was made for Great Britain in the proposed ten-year building holi and the proposed ten-year naval circles here to the fact that actually about two years was lost on the American programme due to

the war, while Japan continued build-ing practically unchecked.

It is from this situation, it was pointed out today, that it is now possible for Japanese experts to pre-sent any claim for the 70 per cent ratio they have sought as argust ratio they have sought as against the proposed "5-5-3" status. But for the war, all of the 16 capital ships the United States has offered to scrap without completion would now be with the fleet, Japan, on the other hand, it was said, continued to build throughout the war and achieved a position as to completed ships on that account, she could not otherwise

The act of the victorious Rainier football team at a banquet Friday evening. solution of many of the conference's problems.

By the inclusion of France with Great Britain, Japan and the United States, it is argued, America would find less difficulty in entering the proposed association, while France would be rescued from possible isolation. Great Britain and Japan, it is pointed out, woulk have nothing to complain of, since the fundamental object of the Anglo-Japanese compact would be attained and given greater authority through French participators.

At a banquet Friday evening. The banquet was served by the ladies' auxiliary to the American Legion. R. H. Bailey addressed the boys in behalf of the business men and Eddie Gallagher responded for the guests. Coach McKay also made a short address in which he commended the team as a whole and said there were no stars on the team, but each man did his part in winning success.

GATES TIRES

The Tire with the Wider and Thicker Tread

How Clear This Matter Is!-

Of two steel bars, equally tough, you can more readily file down the narrower one.

Exactly the same with tires. The wider the tread, the longer and harder must be the road grinding to wear it down.

That is the very simple reason why Gates Super-Tread Tires are built with a tread that is wider as well as thicker.

And 200,000 users will tell you that this Super-Tread has a lot more miles in it.
