

GENUINE SYNTHETIC DRUGS

Smugglers Declared to Be Operating in America.

LARGER FORCE PUT ON

Doctors Declare That More Rigid Control of Manufacture of All Kinds of Drugs Is Needed.

NEW YORK, Dec. 7.—(Special).—Synthetic cocaine, heroin and other habit-forming drugs, manufactured in Germany, are being smuggled into the United States in large quantities...

Dr. Simon said he had received information that Germans were manufacturing by synthetic processes certain cocaine, and probably heroin, novocain, amphetamine, veronal, sulfonal and encaïn, and were smuggling them into this country...

Heavier Penalties Wanted. Germany, he said, developed this synthetic method of manufacture during the war, when cut off by blockade from the supply of leaves and vegetable extracts from which these drugs are usually derived.

Dr. Simon said that despite the popular opinion, very few cases of drug addiction according to his experience were caused by physicians' prescriptions, and that it is the exception for either a physician or a druggist to violate the drug law.

Many drug preparations are not only "produced under filthy conditions, but contain filthy material," said Dr. W. S. Hubbard, associate chemist of the bureau of chemistry of the United States department of agriculture...

Dr. Hubbard further asserted that advertising laws were needed in every state to obtain properly trained men. The bureau of chemistry offers co-operation to the extent of indicating the kind of analysis and the training of men.

Stricter Control Suggested. "Every city and state should control all pharmaceutical preparations and patent medicines, and they can obtain help from any one of the fifty states in their analysis and interpretation of results."

Dr. Harold J. Knapp, city chemist of Cleveland, O., also suggested that the federal laws left gaps in their "failure to exercise control over advertising and interstate commerce in drugs."

The public was warned against extravagant claims advanced on behalf of vitamins by Dr. William H. Lipman of Chicago, who used the name "vitamin" in his name, and who is committed in his name, and continued:

"The patent medicine man and the cure-all manufacturer were always in taking advantage of the vitamin theory and the great publicity it has received during the past few years. The public has been misled by models with preparations in the shape of foods, drugs and confections that are supposed to be checkful of vitamins and will run in any way, and as well as preserve youth and enhance beauty."

GREEK VETERANS WHITE UNIT LATEST ONE TO ADVANCE AMERICANIZATION.

Election of Officers Is to Be Held Next Week—League Organized Month Ago.

The Hellenic American League, sponsored by Greek ex-service men of the late world war, is one of the latest organizations in Portland for the purpose of advancing Americanization.

The league, which has its headquarters at 211 Dekum building, now has 75 members. As soon as the election is held it will make application for a state charter. It proposes to hold monthly meetings and to take up other work in which Americanization will be made a special feature.

Full membership is held only by ex-service men, but auxiliary membership is granted to all Greeks who have taken out their first citizenship papers, and special attention will be given to fitting them for full citizenship.

The nominations for president of the league are: J. Faturis and A. Anagnostis; secretary, J. Sigris; treasurer, T. Givas and Pete Loukas; and three trustees, a chaplain and a sergeant at arms.

Knights Meet in Pendleton. PENDLETON, Or., Dec. 12.—(Special).—Several hundred Knights of Pythias gathered yesterday for a district convention at which Edward J. Clark of Damon lodge, No. 4, of this city gave the address of welcome and Otto Sapper of Hermiton responded.
