lends interest to his native city, Tarbes, in the south of France. This town, which is destined to be a shrine of France henceforth, already has contributed in other ways to the military prowess of that country, according to a bulletin from the Washing-

tional Geographic society.

"Honored by a conspicuous status and by the name of one of its principal afreets is Dominique Jean Larrey. pai atreets is Dominique Jean Larrey, who introduced the 'flying field hospitala,' adopted and developed by Napoleon, the genesis of the modern ambulance. More recently it has been a center for the breeding of the famous Pyrenean horses, an Anglo-Arabian breed, valued primarily for their light cavalry use. It also has an important arsenal.

founder of the Jesuit order, was a Basque. One brother of the affled generalissimo is a Jesuit priest.

Town a Miniature Venice. "Tarbes is a miniature Venice. It is situated on the Adour and channels have been cut into all parts of the town through which flow the waters of this stream. Physically the location is important because from it radiate three valleys, those of Lourdes, Arreau and Bigorre. The plains about the city are fertile and verdant, Agriculture and cattle raising are car-ried on. Beyond them are forests wolves, bears and boars may

"One traveler called Tarbes "the most truly Pyrenean town of the plain." A landscape gardener who directed the aboreat and floral arrange-ments of Versailles gave to this na-tive town the Jardin Massey, a 35acre tract, long before modern city planning made parks a municipal necessity. Herein is a museum and a cloister which has a bust of Theophile Gautier, reminder of another famous native son of Tarbes. Parks, Gardens and Running Water.

fablishments of Tarbes, its tanneries and mills and tile works, and its ar-senal, he notes that they are not permitted to mar the beauty of its major tween C. H. Hanna proprietor of a SALEM DRUGGIST CHOSEN grocery store at 910 East Glisan, and growing about them and becomes con-scious of the never ceasing murmur of its many artificial rivulets. Then he words, which were emphasized by the

its many artificial rivulets. Then he realizes why a Frenchman was called upon when George Washington conceived the ideal of a beautiful capital city for this republic.

"Its fairs are noted. Its market days present a never-ta-be-forgotten picture. In the Place Maubourgust are tree-shaded booths, where women from the countryside sell produce and poultry, and the splashing fountains and statuary that form the setting for the scene do not seem incongruous. Another square, given over to auctions Another square, given over to auctions of horses, is shaded by tall plane trees.

a sufferer from the religious wars in the 16th century, and the scene of a victory by Wellington, over the French, in 1814."

THE ROSE AND THE RING AND RIP VAN WINKLE PRODUCED.

Small Figures of Wood Dressed to Perfection in Minute Detail. Scenery in Proportion.

The production of "The Rose and the Hing" and "Rip Van Winkle," by Tony Sarg's marionettes at two performances Wednesday at Washington as the Facilic coast and does much formances wednesday at Washington

The vogue for marionettes is con-stantly increasing and critics through-out the country agree that Tony Sarg's creations are an institution pre-eminent in American art. The presentation is especially in popular favor at this the Tuletide season, and favor at this the Yuietide season, and capacity audiences attended the charming entertainments yesterday. The proceeds will apply on the fund for the library of the Washington

The marionettes are small figures of wood, dressed to perfection in minute detail, surrounded by complete scenery adjusted to the scale of the tiny figures, with all effects if proportion. After the final curtain proportion. After the final curtain when Charles E. Searle, manager and director with the marionettes, made his appearance on the stage among the wee figures his size in comparison with the wee folk who had peopled "Rip Van Winkle" suggested a giant. Mr. Searle gave a delightful introductory talk, explanatory of Mr. Searle artistic ideals and tremendous Sarg's artistic ideals and tremendous, ly interesting in general information about the marjonettes and their history. A company, working behind the scenes, operates the strings, sometimes as many as 30 for each toy actor, at the same time speaking the lines that seem to come from the lips of the puppet. In mechanical ingenuity Sarg's puppers surpass his many

ortland, although other marionettes have been exhibited at vandeville the aters, and at the Little theater.

The afternoon's entertainment was Villiam Makepeace Thackersy's "The tose and the Ring," done into a play y Hettie Louise Mick. The history by Hettie Louise Mick. The history of Prince Giglio and Prince Bulho, and the romance, which happened in the kingdoms of Paflagonia and Crim Tartary 16,000 or 20,000 years ago, was beautifully related by the realistic vide Suitable Quarters.

Society at the Portland note: wedness day night.

"Another thing to be considered is the psychology of a sick person," he said. "A man who is sick is, mentally, almost in the same condition as a drawning man and will grasp

toy actors.
The evening offering was Washing aunts and Rip and his friends, and a dozen old familiars, all tiny and animated. A complete singe with all facilities is carried by Mr. Searle. giving the effect of a full-sized stage with real actors.

Franklin T. Griffith Urges Use of

Golden Rule in Business.

SALEM, Or. Dec. 14.—(Special.)—
Franklin T. Griffith, president of the Portland Raflway, Light & Power company, defined business ethics as applicable to the golden rule in an address at the weekly luncheon of the Salem Rothy club here today.

Emphasis was laid by Mr. Griffith on the matter of taxation, He referred particularly to the income tax which was passed as a war measure. He said that this tax was discriminatory in that it was not as fair to one man as another.

The club voted a 25 cm.
