TWO WOMEN MEMBERS GO

Reassignments Also Announced by
Mr. Jenkins, Who Declares
Order Is Regretted.

Dismissal of 39 patrolmen and two women members of the women's protective division and reassignment of several officers were ordered yesterday by Police Chief Jenkins to meet the demands of the tax supervision and conservation commission which recently cut \$72,000 from the police bureau budget. These dismissals and reductions will become effective January 1, the chief announced.

The revised list of patrolmen who must surrender their stars and quit the city's service follows: M. Bernard, P. B. Bellea, C. M. White, H. T. Ballard, C. L. Anderson, H. A. Longstaff, C. N. Anderson, G. H. Schulze, H. J. Kniskern, George N. Johnson, R. B. McCormick, T. J. Moloney, S. D. Clark, Edwin Cameron, F. J. Vanderwall, M. R. Fleming, B. F. Timm, Edgar Blanchard, C. L. Miller, A. A. Tauber, W. F. Hardin, H. L. Harper, C. L. Chamberlain, G. W. Wells, E. L. Mescham, A. B. Case, E. J. Brewer, F. E. Babcock, E. H. Thurber, T. C. Turlay, E. B. Willard, Jeff Cahler, F. P. Foyar, E. G. Gump, C. C. Morrison, N. E. Persinger, C. Barber, J. H. Poote and A. F. Davidson. The two women operatives to be dismissed are Mrs. Eva Douglas and Mrs. H. Burntrager.

Frank Ervin Is Reduced.
One of the big surprises of the police change was the reduction of Frank Ervin from acting police lieutenant to sergeant. Lieutenant Ervin has been in command of the motorcycle speed squad of the traffic bureau for several years, where his record is conceded to have been one of the best of police bureau officers.

Acting Lieutenant Ervin was reduced to a sergeant, but was kept on duty in the traffic bureau, where he will work under the command of Captain Lewis. Three acting sergeants also were reduced to patrolmen. They were Sergeants Gouldstone, Cason and Barker. Cason is property clerk and will continue in that capacity. Barker will continue as desk officer for the first night relief of the detective bureau, while Gouldstone probably will continue with the traffic bureau.

Reassignments Are Made.
The chief made numerous reassignments, chief of which was to change the entire personnel of the morals squad, with the exception of Sergeant Keegan, commanding officer, and Patrolman Miller.

Patrolmen Hart, Maxwell, Florence and Gallagher have been switched from the morals squad to the various uniform units, while Patrolmen Wright, Day, Shaylor, Anderson and Hess have been assigned to this squad under Sergeant Keegan.

In announcing the dismissals and reductions Chief Jenkins said it was being done with a great deal of reluctance, but inasmuch as the tax commission has slashed the police bureau budget there was nothing else left for him to do.

Order Regretted Keenly.

"This is an order that I regret very keenly, as all the men and women affected are trustworthy, energetic and reliable," the chief said. "I know that the men have been put to considerable expense in outfitting themselves for this work and have placed a great deal of dependence upon the work being permanent. Many requests have come from wives, relatives and friends to keep certain men on the force, but I am unable to do this, as I am governed by civil service rules and have no alternative." The chief likewise declared that these dismissals would seriously cripple the police department during the remainder of the winter months, especially if a serious crime wave should strike the city.

BUSINESS REVIVAL TOPIC

Portland Man Says Depression Is Still General in Country.

Robert E. Smith, president of the Lumbermen's Trust company, who has just returned from a business survey of the country, talked yesterday before the members' forum of the Portland Chamber of Commerce on financial and economic conditions as he found them on his two months' investigation.

Mr. Smith said that he believed the outstanding features of the next three to five years will be unemployment, labor trouble, freak legislation and federal intervention into the relation of retail prices to production costs. Mr. Smith covered a distance of 11,000 miles on his trip. He made a study of conditions in Minneapolis, Chicago, Detroit, New York, Boston, Washington, Jacksonville, New Orleans and other cities en route.

He said that as a result of his trip he believed conditions are the best on the Pacific coast, but that a rapid improvement from present depressed conditions is not to be expected.
