WASHINGTON, D. C., Jan. 3.—(Special.)—The show-up of the dissonant from Washington must be more than a little dismayed to find some writers and others casting a balance, so to speak, on the arms conference and coming to a tepidly comfortable conclusion that on the whole it has been a success.

The contrast between the spirit of the opening day and the spirit of the closing days is undoubtedly real, but if you look into it closely you will find that mere psychology plays a larger part in it than the fundamental facts do.

Dr. H. L. Bowman, pastor of the First Presbyterian church, spoke on "The Minister as a Student"; Dr. W. B. Hinson, pastor of the First Baptist church, on "The Minister as a Preacher"; and Chaplain F. K. Howard of the Episcopal church, on "The Minister as a Citizen."

CIVIL SERVICE SCIENCE TRUSTEE SELECTED

Judge Names Fred Lamson to Act Temporarily.

COURT TO DIRECT ACTS

Post to Be Kept Until Hearings on Church Row Have Been Completed and Case Decided.

BOSTON, Jan. 3.—Judge Crosby of the supreme court announced today that he would appoint Fred M. Lamson, vice-president of the Old Colony Trust company, here, and a Christian Scientist, as temporary trustee to take charge of the affairs of the Christian Science Publishing society, when details as to his duties had been defined.

Trustees of the publishing society and directors of the first church of Christ, Scientist, had informed the court that they had agreed on Mr. Lamson.

Judge Crosby decided Mr. Lamson should be designated as temporary trustee, rather than temporary receiver, as had been suggested.

Trustees of the publishing society and directors of the first church of Christ, Scientist, had informed the court that they had agreed on Mr. Lamson.

Judge Crosby, in summing up matter not yet disposed of, said it seemed to him that the difference between the trustees and the directors was the desire of the trustees to have the matter of the accounts passed upon in connection with their resignations, whereas the directors insisted that the trustees should approve of their accounts.

CAVE CREEK FLOOD

Grounds of State Capitol Are Inundated.

LITTLE DAMAGE YET DONE

Deluge in Rural Districts Believed to Be Less Serious Than Flood Last August.

PHOENIX, Ariz., Jan. 3.—The crest of the Cave creek flood, which entered the Salt River valley irrigator district last night, passed through Phoenix today without having done great damage in this city.

After efforts to divert the water at a point northwest of the state capitol to keep the flood from the capitol and fashionable residence district in that vicinity had failed, the water spread over a large portion of the capitol grounds.

Some water is still coming down from Cave creek but only in small volume. Officials of the waterusers' association said that the crest of the flood passed the Arizona canal, 10 miles north of Phoenix, about 5 o'clock this morning.

Residents of the northwest part of the city were moving from their homes all morning. Others living in that section of the city were moving to the upper floors of their homes.

CREEDS ARE ASSAILED

CALIFORNIA PROFESSOR RAPS DENOMINATIONALISM

"Co-operative Christianity" Topic of Address to Session of Community Church Conference.

Religious creeds and dogma were assailed by Professor L. S. Hopkins, member of the faculty of the University of California, in an attack on church denominationalism made in his address on "Co-operative Christianity" yesterday afternoon at the opening session of a community church conference in the Young Men's Christian association.

Professor Hopkins characterized a denomination as a "double-edged sword," a true example of artificial thought, which is another name for prejudice.

"We are now faced with the appalling fact that there are more than 300 denominations in America today. At the present rate the number will be doubled in the next 100 years. Think of the injustice when all these sweep down on a single city or community, each demanding a church and parsonage. Think of the absurdity of the village of a few thousand souls striving to maintain 300 churches. Yet this is a parallel case of the ambitious and demands of the denominational churches. It is ridiculous, absurd and foolish."

Dellegates to the conference attending the meeting of the Portland Ministerial association yesterday morning in the afternoon they discussed of routine business and discussed Rev. G. V. McClure of Ridgefield, Wash., was named secretary of the conference.

Rev. D. E. Nourse of Portland, Rev. R. A. Hutchison of Oakland, Or., and Rev. F. E. Reddick of Battleground, Wash., were elected as a committee to make arrangements to launch a campaign for the community church idea.

The conference will close today after morning and afternoon sessions.

AUTO SUSPECT FREED

Warrant for Man Held at Salem Declared to Be Faulty.

SALEM, Or., Jan. 3.—(Special.)—David Patterson was released from the county jail here today by order of Judge Kingsland, following the hearing of habeas corpus proceedings. Patterson was arrested a few weeks ago in Multnomah county on a charge of burglary of a automobile. Upon pleading guilty he was sentenced and then paroled.

Subsequently a similar charge was preferred against Patterson in the Marion county courts, although the crime was alleged to have occurred in Portland. Attorneys for Patterson demanded a church and parsonage. Think of the absurdity of the village of a few thousand souls striving to maintain 300 churches. Yet this is a parallel case of the ambitious and demands of the denominational churches. It is ridiculous, absurd and foolish."

HUNDREDS SEE ROBBERY

DAYLIGHT HOLD-UP IN LOS ANGELES AMAZING ONE.

Three Men on Crowded Street Held Collectors, Seize \$12,000 and Flee in Auto.

LOS ANGELES, Jan. 3.—Police tonight continued search for three men who astonished several hundred pedestrians at one of Los Angeles' most crowded streets, intersections in the business district at 9 o'clock this morning by holding up and robbing three cash collectors of the Owl Drug company, cash amounting to between \$12,000 and \$15,000.

Investigation revealed that the robbers were using a rented automobile and that the same men rented the same car yesterday. Police believe they will be the same men who in South Pasadena last night telephoned to the police station saying they had robbed a safe of the Los Angeles Creamery company branch there and bound and gagged the cashier.

Two thousand dollars was obtained in that robbery.

The robbery of the drug company was announced at Sixth and Broadway streets after the collectors had taken up the cash from sales in five of the drug stores and were returning to the sixth.

Robbers, stepping from their rented automobile, took the cash from the collectors at the point of a gun, and jumped into their automobile and made their escape with the money.

WASCO COUNTY TOLL BRIDGE SUIT IS BEFORE SUPREME COURT

SALEM, Or., Jan. 3.—(Special.)—Attorneys for Malcolm M. Wilson, plaintiff in an action to enjoin the state highway commission from taking over certain lands in Wasco county, today won their brief in the supreme court here today.

Wilson denied the petition for an injunction on the ground that the highway commission had acted within its rights.

The action originated when the state highway commission began condemnation proceedings to acquire land in the vicinity of the so-called Herman L. Whipple, counsel for the plaintiff, said they had made a net profit of more than \$75,000 in 1921.

Mr. Bates retorted that if the trustees had the right to supervise publication of all literature sent out for the benefit of the church and had control over the trustees, Judge Crosby said there was nothing in the decision giving the directors the right to exercise the right to enjoin the highway commission from taking over certain lands in Wasco county.
