As I PROMISED the Sacred Heart of Jesus that if he would heal three of my patients, that the doctors had acknowledged were incurable, I would publish the same in the daily papers. I am happy to say that all three of the above named patients are fully recovered; one of the cases being severe dementia. All praise and thanks to the Sacred Heart and it makes me truly happy to say that the patients are fully cured of their ailments for good they have received. I am now asking the prayers of the public for another patient, the disease being dementia, and when this patient is fully recovered will again publish the healing in the public papers.

Medical Men From All Parts of State Attend Funeral of La Grande Resident.

The funeral of Dr. Carlton T. Bacon, prominent physician of eastern Oregon and ex-president of the Oregon state board of health, took place last Monday at La Grande, where Dr. Bacon had been practicing for 30 years and where he died last Saturday. Physicians from Portland and many other points throughout the state were in attendance at the funeral. Dr. Bacon was born in Illinois in 1857 and was graduated from Rush Medical college in Chicago in 1882. Immediately after graduating he came to Oregon, settling in Arlington, where he practiced until 1891. In that year he moved to La Grande, where he practiced until his death. He was well known in professional circles throughout the state, having been a member of the Oregon state board of health from 1917 to 1921 and president of the board in 1920. He was an active member of both the La Grande Masonic lodge and the La Grande chapter of the Order of the Eastern Star and served as county health officer of Union county for many years. In addition to his professional activities, Dr. Bacon was keenly interested in lodge affairs and was an active Mason. At the funeral services the La Grande Masonic lodge was in charge. The deceased is survived by his widow and by a son, Archie C. and a daughter, Reena Bacon, all of La Grande.

FAIR MEETING TOMORROW

COURSE TO BE FOLLOWED IS TO BE DECIDED.

Conference Is to Be Held in Old Colony Club—New Plan in Work.

To determine what shall be done about the 1923 exposition since the special session of the legislature refused to refer the matter to the people, the executive board of the state fair committee will meet tomorrow. The conference, which is called for noon, will be held in the Old Colony club, Multnomah hotel. It may be decided not to go into the legal tangle brought about by the 14 members of the state senate to determine the validity of the proposed constitutional amendment and the gasoline revenue bill, but instead to work out a new plan. The executive board may conclude to go before the people with an exposition measure through the initiative. In the latter event, the measure may be placed before the electorate in May, or at least in November. To initiate a different distributing center, says the executive board, the ironing out of various details, whereas if the plan would be for action in November a more leisurely course could be followed and this, too, would give time in which to thoroughly acquaint the voters with the program.

The executive board is made up of members living in Portland and upstate and judging from responses received to the call for the conference, there will be a good attendance.

HOOD RIVER, Or., Jan. 3.—(Special.)—P. F. Clark, sales manager of the Applegrowers' association, who left last night for an extensive tour of different distributing centers, says that apple values are showing a material strengthening.

"While the demand at present is not so keen as the value of good quality apples is stiffening and indications point to the movement of the Hood River valley's Newtowns at satisfactory prices," said Mr. Clark. Mr. Clark said he anticipates net returns to growers of an average of about \$1.50 per box on the season's apple crop.

SLAYER IS REMOVED TO EMERGENCY HOSPITAL. Previous Marital Troubles of Man Who Killed Wife and Other Man Are Revealed.

Charles W. Purdin, admitted slayer of his divorced wife, Agnes, and Howard Sigsby, early last Saturday, was removed from St. Vincent's hospital to the police emergency hospital yesterday afternoon. He will be constantly guarded by policemen until he recovers sufficiently to be placed in a cell.

According to the court records in Washington county, the divorce decree obtained by Mrs. Purdin in Portland on December 19, last, was not the first of this kind in which the pair figured, for Purdin obtained a divorce from his wife at Hillsboro on September 2, 1916. He alleged cruelty and infidelity at that time, asserting his wife received attentions from other men.

The Purdins originally were married in Portland on February 5, 1913, after Mrs. Purdin had been divorced by Charles A. Yerevan, a hop grower of the Laurel district. She had two children by the first husband, who were awarded to their father.

The pair, however, were unable to get along and this resulted in the Hillsboro divorce. Later a reconciliation was effected and they were re-married at Kalama, Wash., in 1917. Again in 1920 a divorce suit was asked in Portland by Mrs. Purdin and the case was later dismissed. She again started suit late this fall and won her decree shortly before Christmas.

On the advice of his attorney, Purdin thus far has refused to discuss the case with anyone. Throughout the day yesterday he complained of pains in his head and stomach, and although he has improved greatly during the past few days, he was said to be yet a very sick man.

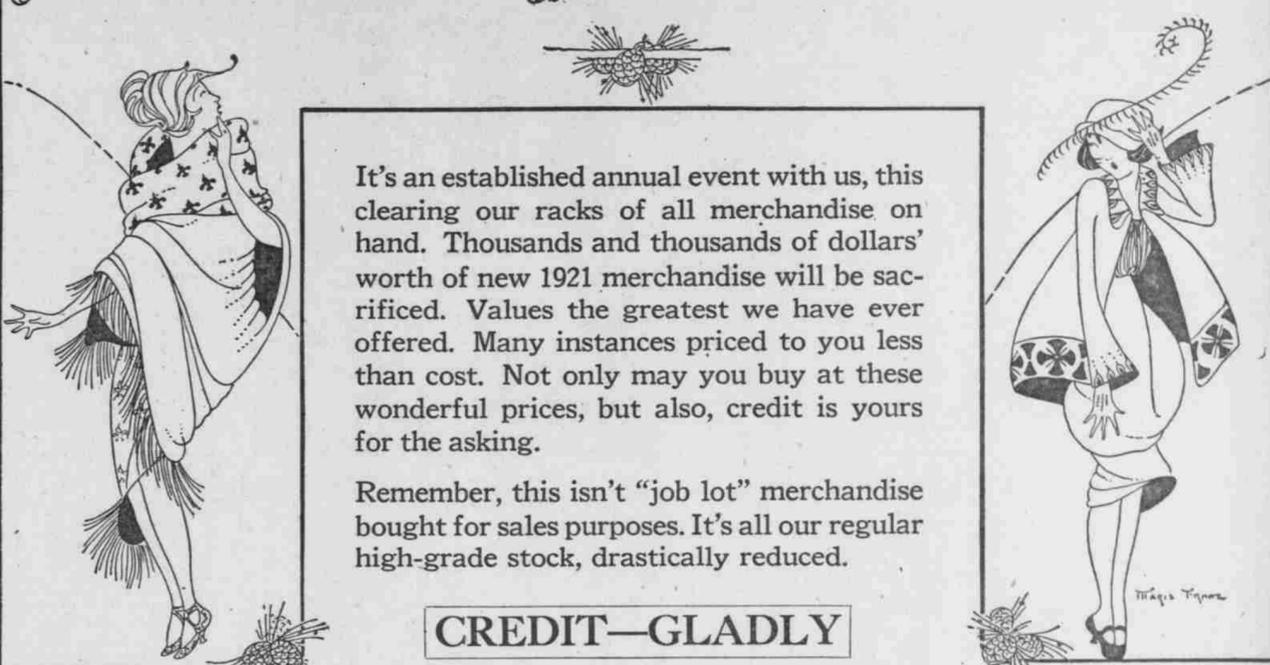

Formal charges of first-degree murder were filed against the prisoner by Deputy District Attorney Mowry.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair's your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe, improved by the addition of other ingredients, at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and luster of your hair.

Everybody uses "Wyeth's Sage and Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous—Adv.
