

PACKER LABOR VOTES TO CONTINUE STRIKE

Voice of 90 Per Cent of Workers in Favor.

COUNT IS ANNOUNCED

Walkout Already in Effect for Seven Weeks—Arbitration Offers Meet No Success.

CHICAGO, Jan. 26.—(By the Associated Press.)—More than 90 per cent of the striking packing-house workers voted today to continue the strike.

These figures were based on the votes cast in East St. Louis, St. Joseph, Mo.; Oklahoma City, Kansas City, Omaha, Sioux City, Denver, Albert Lea, Minn., and a part of the Chicago vote.

Vote Is Tabulated.

Table with 2 columns: City, To continue strike, To end strike. Rows include East St. Louis, Chicago, Omaha, Sioux City, Denver, Kansas City.

St. Joseph's strikers cast 700 votes, Mr. Lane said, and 98 per cent of the votes favored continuing the strike.

Today's vote came after the strike had been in effect for seven weeks and offers of the union to settle the dispute by arbitration met with no success.

The strike was called after the larger packing plants had negotiated agreements directly with their employees providing for a cut in wages and had refused to recognize the union.

The packers employed other workmen and, while some of the smaller plants were badly crippled, most of them continued to operate.

Omaha Labor Votes Walkout. OMAHA, Jan. 26.—Seventeen hundred and two out of 1904 packing plant workers voting in a referendum yesterday cast ballots against calling off the strike in the meat packing industry.

St. Joseph Votes Strike. ST. JOSEPH, Mo., Jan. 26.—At a meeting of packing house strikers here this afternoon, 90 per cent of the 400 present voted to continue the strike.

INCOME TAX HELD KEY

(Continued From First Page.) are caught by the federal income tax. These persons would be forced to contribute their quota, through a state income tax, to the cost of maintaining the state government.

About half of the wealth of the state dodges taxation because of its intangible character. This means securities, notes, money and the like. This wealth is of a sort which is easily kept under cover and cannot be found by an assessor.

Property Tax Held Unfair. The property tax was declared more or less of a failure, and the investigators have reports from a score of states confirming this view, for every tax commission in the United States which has studied the

Helps digestion —and cleans a coated tongue

Thousands of men and women have found relief from various digestive disturbances by eating Fleischmann's Yeast.

It is human nature to want to find out "why." So far as science can tell us this is the reason:

Fleischmann's Yeast is a food abundant in certain elements which are necessary to health and life itself. It promotes the flow of bile and of pancreatic juice. It has a remarkably beneficial effect on the whole digestive process. It cleans a coated tongue.

Try Fleischmann's fresh yeast in orange juice or in milk. Men like it in milk shakes and malted milk. Women like it spread on bread or crackers.

Keep your digestion in the pink of condition and your tongue clean and healthy by eating 2 or 3 cakes of Fleischmann's Yeast fresh every day before or between meals. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer today.

property tax has condemned it as unfair. Also it places the owner of real estate at a disadvantage over the owner of intangible property.

State Assessor Proposed. The commission has a well-defined idea in the matter of assessments. It favors some central body, perhaps a state assessor, who will appoint competent assessors for the several counties, and do away with the election of these county officers.

When the commission was appointed a year ago there was some talk among the members of placing the motor vehicles back on the property list, so that counties could receive some benefit.
