The Most Sensational Clothing Announcement in the Entire History of Portland!

\$1 CLOTHING SALE

*It's Going to Be the Greatest Day for Buying Clothing
That the Northwest Has Ever Seen*

Choice of Our Entire Stocks of
**SUITS AND
OVERCOATS**

If You Buy a Garment
of Similar Quality at
the Regular Price

The Simple Plan

You just pick out any Suit, Overcoat, Raincoat or Full Dress Suit. You pay our regular price for one and only \$1.00 for the other. For instance, if you pick out a \$35 Suit, you can pick another \$35 Suit or Overcoat for an additional \$1.00. Our regular prices are low, ranging from \$25 to \$50, so you can easily figure it out for yourself.

Our Stock

is one of the best selected stocks in the northwest. All brand-new merchandise, bought at present manufacturer's prices. Beautiful worsteds, serges, cassimeres and tweeds. Sizes from 33 to 46. High-grade tailoring. The Overcoats are the season's newest. Belted, half belt or no belts; latest style sleeve designs. Ulster or Chesterfield models.

The Reason

Last fall, when we opened this store as a Men's Clothing and Furnishing Goods Store, we resolved to completely turn our stock every season. This great \$1 sale is the result. The great clothing house of Chicago, "The Hub," has adopted this plan of turning over their stock every season, and Chicago has gone wild over it.
