WHITE'S BURLY FIST LAYS JACKSON LOW

New York Lightweight Is Floored Three Times.

WINNER MEETS LEONARD

Chicagoan Has Advantage in First Three Rounds, Loses Fourth. Fifth and Sixth Even.

NEW YORK, Feb. 20.—Charley White, Chicago lightweight, tonight defeated Willie Jackson of New York, receiving the judges' decision after their bout in Madison-Square Garden.

The Chicagoan's left hook enabled him to floor the New York boy three times in the 13th round.

Jackson seemed due to take the count on the third knockdown but the bell saved him.

Jackson had the advantage in the first three rounds. White took the fourth. The fifth and sixth were even and all the others went to White.

White weighed 135 pounds, Jackson 134½.

Benny Leonard, lightweight champion, recently signed articles to meet the winner of the match in a title bout.

Carl Tremaine, Cleveland bantamweight, knocked out Harold Farese of Jersey City, in the third round of their eight-round match.

In another preliminary, Dave Rosenberg, New York, middleweight, received the judge's decision after eight rounds with Augie Ratner, also of New York.

DUKE GIVES HIS VERSION

KENWORTHY MAINTAINS INNOCENCE OF WRONG-DOING.

Judge Landis Declared to Have "Tagged Wrong" in Making Seattle Player Ineligible.

SEATTLE, Wash., Feb. 20.—(Special.)—Bill Kenworthy, slugger extraordinary and at present engaged in a little spat with baseball's highest authority, says Judge Landis has decorated him with the Order of the Goat. The iron duke rises to remark that the esteemed jurist is not giving him what is known in the language of the diamond as "a 50-50 break."

"The judge must be a smart person," wails the ex-Seattle skipper, "but he has tagged wrong."

The duke denies that he has broken any of baseball's laws, and points with pride to his long record on the ballfield. Today he outlined in detail the differences between the jurist and himself, throwing new light on the case which is attracting quite a flurry among baseball followers up and down the coast. The duke's statement:

"Not long ago Judge Landis ordered me to sign an order permitting him to obtain all of my personal telegrams from the telegraph company. I objected, as I did not see why any one should obtain my personal telegrams.

"Last week I was notified by the judge that I had been placed on the ineligible list for not complying with his request.

"Since then I have given him permission to look up all my baseball correspondence and I am hopeful that he will change his decision. In all my 15 years of baseball I have never been charged with breaking the laws of the game. The recent action of Landis has hurt me keenly, and I want the baseball public to know that I am innocent of wrong-doing."

Much pressure is being brought to bear to have Kenworthy reinstated. His friends point out that the duke has always been a credit to the game, and they believe that even if he did use poor judgment in not co-operating with the commissioner more fully in the recent case his baseball record entitles him to more consideration.

TOLLEY AGAINST PETITION

British Golf Star Thinks 32 Qualifiers Too Few.

BROOKLYN, Feb. 20.—That Cyril Tolley, the British amateur golf champion of 1920, has his own views is shown by his statement in London the other day, inspired by the petition just sent to St. Andrews, asking that the British amateur championship conditions be changed to a 36-hole qualifying round with 32 qualifying for 36-hole match.

Tolley was one of the signers, yet in his statement to the Times he seems to have doubts as to the merits of the American system, as may be judged from his criticism, which may be of value to those Yankee golfers who do not agree that the American system cannot be improved upon. Britain's ex-champion says:

"Although I am one of the signatories of the petition for the alteration of the championship conditions, I should like to state that I am not wholly in agreement with the proposed alterations.

"In the first place, I consider that 32 to qualify is quite inadequate. When you have 200 golfers competing it is absurd to assume that the 32 best score players will contain the best match players, and the fact of eliminating 168 players will merely produce the best match player from the 32 best-score players. Again, many first-class match players are quite terrified at the idea of a card and pencil, and they would never undertake the long journey to Prestwick or St. Andrews when they stand but a faint chance of qualifying."

U. S. ATHLETES LEAD WORLD

37 Records Held Out of Some 90-Odd Standard Events.

NEW YORK, Feb. 20.—(By the Associated Press.)—Athletes of the United States lead the world as holders of track and field records. An analysis of the latest list of world's records, accepted by the International Amateur Athletic federation, shows that out of some 90-odd standard events, the best time or distance has been made by American athletes in 37 contests. This number, a trifle more than one-third of the entire list of accepted records, is also greater than the combined total of any two other nations.

America's nearest competitor for the honor of leading the world in the matter of record holders is Great Britain, whose athletes have marked up the best time for distance in 28 events. Denmark and Finland are tied for third place with seven records each. No other national approaches the versatility of the American athlete, for the United States performers have established records in six out of the seven groups of competition into which the world's record events naturally divide themselves.

The apportionment of world's records among the seven holding nations is as follows:

United States, 13 runs, 5 jumps, 4 weights, 1 discus-javelin, 6 hurdles, 8 relay racing.
Great Britain, 5 runs, 13 walks, 1 jump, 1 relay racing.
Finland, 3 runs, 2 discus-javelin.
Denmark, 7 walks.
Sweden, 4 runs, 1 discus-javelin.
France, 5 runs.
Canada, 2 hurdles.

BEST BOWLERS IN TOURNEY

Annual World's Classic Contest Is Staged This Week in Chicago.

CHICAGO, Feb. 20.—Twenty-four picked bowlers, the nation's best, according to a compilation of tourney and match averages, will compete in the first annual world's classic tournament here February 19 to 25. The contestants have been selected from a large field, which was narrowed to 50 and later to 24.

In the past, the winner of the all-events in the American Bowling congress tournament has been considered the leader in the bowling world. There is a certain element of luck in rolling a few games and a man may roll below or above his normal average. This marathon of 115 games, however, which will last for 16 consecutive days, is believed by the tournament committee to be a test which will determine the actual bowling champion.

PEDESTRIANISM IN FAVOR

COMEBACK OF ANCIENT SPORT FORECAST BY AUTHORITY.

Champion Walker, George Brown, Here in Vaudeville Act and Ready to Defend Title.

George N. Brown is authority for the statement that the ancient and honorable sport of walking is coming back into its own throughout the United States, and Brown, who is appearing at the Orpheum theater this week in a specially prepared act ought to know, for he is the world's champion walker and holder of many walking records. He is the professional and undefeated heel and toe champion walker of the world, and makes walking his business.

Making his debut as an amateur walker at the age of 15 years, Brown in less than two years turned professional and has set or broken a flock of records in pedestrianism.

Walking is the greatest of all exercises, declares Brown, who has covered more than 20,000 miles via hoof since he began his career. He expects to walk that many more miles before he retires. Although he is regularly engaged in theatrical work, Brown is always ready to defend any of his titles or walk against any man.

Since 1907 Brown has been pitted against the best professional walkers in the world in both long and short walks and has defeated them all. In 137 actual races he has lost only four, all being handicap events. His amateur records are:

One mile—6 minutes 44 seconds.
Two miles—13 minutes 54 seconds.
Three miles—20 minutes 17 seconds.
Five miles—34 minutes 26 seconds.
Ten miles—73 minutes 43 seconds.

One of Brown's professional records is covering 100 miles in 14 hours 34 minutes and 26 seconds. This is the world's mark for that distance and was set in a six-day walking match at Peterboro, Canada, in May, 1910. There were 30 starters in the field but only 12 men finished.

ACES OF SERIES FOR SALE

GIANTS PUT DOUGLAS AND BARNES ON MARKET.

Pitching Marvels "to Be Disposed of to the Club Offering the Best Inducement."

NEW YORK, Feb. 20.—Pitchers Philip Douglas and Jesse Barnes, each of whom won two world's series games for the New York Nationals last fall, today were placed on the market, "to be disposed of to the club offering the best inducement."

The proposal to sell the players was unexpected in National league circles. Charles Stoneham, president of the club, said that when it was decided to get rid of Barnes and Douglas several tempting offers were received but declared the owners would wait until Wednesday to announce what they would accept.

Douglas and Barnes were the only Giant pitchers who had signed 1922 contracts but this fact, Mr. Stonehame said, was not the reason they had been placed on the market. Douglas was one of the Giants' best pitchers last year, while Barnes who had trouble with his arm during the regular season, proved an ace in the world's series.

WESTERN MANAGERS SIGN

Wally Smith, Former Miller, to Pilot St. Joseph.

CHICAGO, Feb. 20.—With the signing of the veteran Gus Fisher as pilot of the Oklahoma City club, all of the managers for Western league clubs have been selected for the 1922 season, according to reports made to President A. R. Tearney. During the winter season there was a general shake-up and six clubs will take the field under the direction of new leaders. Four of them will make their debut in the Western league.

The new pilots are Joe Dunn, former manager of the Bloomington club of the Three-I league, who will lead the Joplin club; Wally Smith, formerly of the Minneapolis club, who will be in charge at St. Joseph; "Chink" Mattick, the new half owner of the Sioux City club, and Gus Fisher at Oklahoma City, who was obtained from the Portland club of the Pacific coast league. Mattick formerly played with the Chicago Americans and later owned and managed the Dallas club of the Texas league.

Jack Lelivelt, who managed the Omaha club at the start of the 1921 race, will direct the play of the Tulsa club this season, while Dick Breen moves from Oklahoma City to the leadership of the Des Moines club. Joe Berger will remain in charge of the pennant-winning Wichita club, while Fagen Burch will continue at the helm at Omaha. Burch succeeded Lelivelt when the latter resigned last season.

Lelivelt, a former major league star, distinguished himself last season by establishing the highest batting record of any player in organized baseball. His average was .416. He hit at a tremendous clip all season.

CUE CHAMPION IS DEFEATED

E. T. Appleby Meets First Reverse at Hands of Roudil.

PHILADELPHIA, Feb. 20.—Edouard Roudil of France tonight administered the first defeat to Edgar T. Appleby, New York, that the champion has suffered in the international 18.2 balkline amateur billiard tournament in progress at the Manufacturers' club, the Frenchman winning the match 300 to 129 in 18 innings.

Roudil averaged 16 12-18 and went out with an unfinished run of 59. His other high runs were 50 and 47. Appleby's average was 7 10-17, and his high runs 48, 24 and 11.

Lewis and Carpentier Signed.

LONDON, Feb. 20.—Kid (Tex) Lewis of England has been signed for a match with Georges Carpentier, the French champion, on May 11.

Tank Splashes.

National and world's record honors are claimed for the 100-yard breast swim in 1:29 2-5, made by Miss Dorothy Andre of Southeastern high school, Detroit, in the 75-foot pool of the Detroit Y. M. C. A. recently. Tom Clemens, her coach, has submitted to the American Athletic Union fully attested vouchers for the performance. While an American standard of 1:29 1-5 is listed officially to the credit of Miss Ruth Smith of Columbus, Ohio, it was made in a 60-foot tank, so under the new classification both marks will be registered by the governing body.

An international rule requiring tanks at least 75 feet long will prevent recognition as a world's standard of the 220-yard free style swim in 2:19 3-5 returned by John Weissmuller of the Illinois Athletic club in the 60-foot home pool, even though the time is the fastest ever made for the distance officially. In comparing this mark with the world's accepted record of 2:19 4-5, it will be remembered the latter was set by Teddy Cann, then representing the Detroit Athletic club in a 75-foot pool, or with two turns less than Weissmuller had to make. As it is well established that an advantage is gained at the turns in middle distance swimming, there seems no doubt that Cann's actually is the better performance.

B. J. Wood of Yale did more than shatter the national collegiate record when he plunged 79 feet in the College of New York meet recently, as against the former standard of 78 feet by C. G. Lehman of Pennsylvania. He stamped himself a most likely candidate for American Athletic Union championship and record laurels. Experts who saw the contest believe he would have beaten the national American Athletic Union record of 82 feet 9 inches had he steered correctly throughout, so he looks like a dangerous rival to Fred Schwedt of Detroit, present champion and recordholder.

The new organization formed in San Francisco to break the American Athletic control of amateur water sports there will not be called the Pacific Aquatic association, as announced, but the Western Swimming association. The change was decided upon in order to make clear the distinction between the new body and the Pacific Amateur association, in charge of activities in the coast district.

OREGON DEFEATS NEVADA

VARSITY ENDS LONG STRING OF DEFEATS, 32 TO 29.

Basketball Listless Until Last Few Minutes of Play—Bradshaw Is High-Point Man.

UNIVERSITY OF OREGAN, Eugene, Feb. 20.—(Special.)—The Oregon quintet succeeded in breaking its long string of defeats by defeating the University of Nevada here tonight, 32 to 29. The game was listless until the last few minutes, when the Sagebrushers rallied and tied the score. The game from then on was nip and tuck.

The Oregon team arrived home this afternoon at 4:30 o'clock from the California trip and had no time to rest up. Beller and Rockhey, two of the fastest men on the varsity, did not don a suit, as they played in all the games in the south.

Both teams played a close defensive game during the first half, but opened up with an attack in the second.

Captain Bradshaw of the Sagebrushers was high point man, scoring 13. Andre and Edlunds each scored 10 for the varsity.

The two teams will meet again tomorrow night.

IDAHO DEFEATS WHITMAN

Score of Basketball Game, 32-19. Missionary Regulars Ill.

WHITMAN COLLEGE, Walla Walla, Wash., Feb. 20.—(Special.)—With only one regular in condition to start the contest, Whitman's scrappy basketball five held the University of Idaho, which is leading both the northwest and the coast conferences, to a 32-19 score here tonight.

Bill Chandler, Whitman freshman guard, held Al Fox to a single field basket, although Fox has a high lead for conference scoring honors. The foul shooting of Fox, Gurian and Penrose was a feature. R. Fox, Idaho captain, starred with four long field baskets, while Jack Gurian, the little 115-pound Whitman forward who hails from Portland, played a clever game in the second half despite the fact that he has been sick for a week.

Captain Rich, Whitman's 1921 all-Northwest forward, and Nat Penrose, star guard, are both out of the game for the rest of the season.

The line-up:

Idaho—		Whitman.
A.Fox	F	C.Penrose
R.Fox	F	Sohen
Thompson	C	York
Steiner	G	Schroder
Edwards	G	Chandler

Substitutes: Idaho, Telford for Thompson, Gartin for Edwards; Whitman, Gurian for Sohen, Knudson for Penrose, Douglas for Shroder.

BILLIARDISTS AT MEDFORD

Schaefer and Conti, Champions, Show Skill in Exhibitions.

MEDFORD, Or., Feb. 20.—(Special.)—Jake Schaefer, billiard champion of the world, and Roger Conti, billiard champion of Europe, gave two exhibitions here today.

In their afternoon match of 300 points Schaefer drove the balls with wonderful skill and accuracy and ran out the contest in five innings with an unfinished run of 171. The score follows:

Conti—1-1-0-2-79. Total 83.
Schaefer—0-37-92-0-171. Total 300.

In tonights game, billiards ran hard for both players, the experts said. Schaefer's control seemed to be better. Especially did he give a perfect exhibition in his run of 151. Tonight's score:

Schaefer—0-56-3-1-0-3-151-67-1-18. Total 300.
Conti—52-80-1-0-1-32-8-0-11. Total 185.

GUSTAVO TO MAKE DEBUT

EASTERN OREGON MATMAN TO MEET BUTLER TONIGHT,

Fabre-Nutting and Anderson-Arndt Matches Promise to Afford Great Sport for Fans.

Ad Gustavo of South America and Baker, Or., middleweight grappler, will make his wrestling debut in Portland tonight against Oscar Butler, at Pythian hall, West Park and Yamhill streets. Gustavo has been stirring the boys in eastern Oregon by his mat work.

Ted Thye is the only wrestler who has thrown him hereabouts, but it is no disgrace to lose to Thye. The match tonight will be held under Police Gazette rules—best two out of three falls, with a two-hour limit.

There is considerable interest also in the semi-final between Leon Fabre Jr. and Red Nutting. Fabre has been one of the best amateur wrestlers on the coast for several years, but has kept out of the professional game. After watching some of the local mat artists, however, he has concluded they ought to be easy for him, so tonight he will make his professional start in a 20-minute bout.

The first preliminary match will be between Jimmy Anderson and Walter Arndt, who also will wrestle under a 20-minute time limit.

The first match will begin at 8:30 o'clock.

GOLF BOOSTED BY STAGG

CHICAGO ATHLETIC DIRECTOR IS ARDENT FAN OF LINKS.

Western Conference Coaches Are to Discuss Subject at Meeting Next Month.

CHICAGO, Feb. 20.—College golf in the west next spring is to receive the recognition and encouragement for which its enthusiastic followers have clamored for several years, in the opinion of Coach A. A. Stagg of the University of Chicago.

Throughout the conference there is being manifested a new interest in the game, and it is the Midway mentor's belief that the approaching spring is to mark the dawn of a new day for western collegiate golf—a day in which the sport will be ranked with track and other pastimes of the warmer months.

This spring, however, is to be only the dawn, for the day when golf will be ranked as a major sport is still in the rather distant offing.

Coach Stagg, although he is perhaps one of the busiest mentors in the big ten, has always been among the few western athletic directors, who were willing to give of their time to the sport, and it was as the result of his tireless efforts last year that the Western Intercollegiate tournament was held at Indian Hill. Working with Coach Stagg last season and this year is George Hartman, captain of the Maroon team who is one of the most ardent enthusiasts in the cause of college golf. Hartman was runner-up in the 1921 tournament at Indian Hill.

Golf in the big 10 will be among the matters brought before coaches at their meeting March 16 and 17 at Northwestern, where the annual indoor conference is to be held. The course over which this year's tournament is to be played will be selected at this meeting.

The golf world is waiting expectantly for reports from across the water concerning the attitude of the English toward the request of both American and British players that 36 holes, instead of 18, be played in the qualifying round. It is known that the request has been regarded from several different angles at St. Andrews.
