Household Problems

My Dear Miss Tingle: I am coming to you with a household problem that does not require a recipe, but I believe out of your kindness of heart you will help me. Is it an unpardonable crime to eat the lettuce leaf on which a saiad, for instance Waldorf, is served? I have always done so, for I enjoy the lettuce. My daughter, who has just returned from an eastern boarding school, claims it is enough to bac one from good society, that it is as bad as cating with one's knife or drinking teafrom one's saucer. Thanking you,

MRS. CASET-WANTS-TO-KNOW.

Fleischmann's fresh yeast helps digestion and ' cleans a coated tongue

HOUSANDS of men and women have found relief from various digestive disturbances by eating Fleischmann's Yeast.

It is human nature to want to find out "why." So far as science can tell us this is the reason:

Fleischmann's Yeast is a food abundant in certain elements which are necessary to health and life itself. It promotes the flow of bile and of pancreatic juice. It has a remarkably beneficial effect on the whole digestive system. It cleans a coated tongue.

Try Fleischmann's fresh yeast in orange juice or, if you prefer, in milk. Men like it in mill: shakes and malted milks. Women like it spread on bread or crackers.

Keep your digestion in the pink of condition and your tongue clean and healthy by eating 2 or 3 cakes of Fleischmann's Yeast fresh every day before or between meals. Get Fleischmann's Yeast fresh daily from your grocer.

SALEM, Or., Feb. 5.—Dear Madam Richett Finding many helpful suggestions in your columns in the Sunday and daily Oregonian, I write you to aid in the designing of a dress to be made over.

The dress I which is remodel is of crepe de chine in a brilliant turquoise hue. It was formerly high-waisted, short-sieeved and narrow-skirted. The skirt measures 54 inches at the hem, and is 34 inches long; two sash ends 12 inches wide and 30 inches long, short aleeves, elbow length, and a waist cut in deep collar effect, surplice in front (cut like sketch), comprise the places.

I wish to have it for an afternoon frock. Could you suggest for any form of decoration you suggest I can do. I prefer, if peasible combining with no other material. Of course, that may not be possible.
