

RAILROAD EARNINGS DECLINE THEY CAN MEET SINK AND CUTS

Railroad Earnings Now Below 6 Per Cent, It Is Said.

BLOW AT CREDIT FEARED

Commissions Assert That Fares Are Heavier Than Traffic Can Bear and Ask Reductions.

WASHINGTON, D. C., March 8.—Railroads began their final defense today of existing levels of freight and passenger rates before the interstate commerce commission when attorneys gave oral arguments which will conclude the hearings that have continued for several months.

Henry Wolf Bille of the Pennsylvania system, Fred H. Wood, general counsel of the Southern Pacific, and Frank Gwathmey for the Southern railroads, insisted that neither on legal nor economic grounds had the mass of testimony taken disclosed ground for the commission to make general reductions of rates.

States Have Brief Inaug. The railroads gave way to their opponents just before the day's sessions concluded. Frank W. Putnam of the Minnesota railroad commission, speaking for all state regulatory bodies associated in the hearings, entered upon the preliminaries of an argument, which will be continued tomorrow. State commissions are asking first, he said, for passenger fare reductions on the ground that they are too high for the traffic to bear, and that no portion of railroad changes, if reduced, "would be more quickly reflected in the actual cost to the ultimate consumer."

Mr. Bille used railroad earnings statistics, exhaustively placed in the record, to formulate his contention that no reductions can be granted. Railroads are entitled to a 6 per cent return on the value of their property, transportation, he contended, whether his figure is fixed in the future by law or set up by the commission as a standard, and the latest earnings reports indicate they now are making but 4.4 per cent.

Credit Held Endangered. Mr. Wood took the opposite position, asserting that "no greater blow could be dealt the credit of carriers" than that involved in a general rate reduction. Mr. Gwathmey added that grounds exist for the assumption that there can be any immediate stimulation of business by rate reductions. State commissions, shippers and business industrial representatives will have the next two days to elaborate their arguments in the case, and railroad attorneys will conclude the entire hearing Saturday with their rebuttal.

BRIDGE LOCATION SOUGHT

SELLWOOD COMMUNITY CLUB TO HEAR PROPOSALS.

Planning Commission Engineers to Present Plans for Span Across Willamette.

A special meeting of the Sellwood Board of Trade and Community club has been called for 8 o'clock tomorrow night in the Sellwood community house, East Fifteenth street and Spokane avenue, to get expressions of opinion on the four proposed locations for bridge between the Sellwood district across the Willamette river.

At this meeting the engineers of the city planning department will present the plans for the proposed bridge and set forth the four proposed locations. The first meeting of this club under its new officers Tuesday night, was largely attended and enthusiastic. Chief of Police Jenkins talked on Police Problem, especially on the problem on narcotics, bootlegging and juvenile offenders. He stated that one of the police booths to be established on the east side of the river would be located in the center of the Sellwood district, equipped with three men, a motorcycle and automobile. Talks on club work for the ensuing year were made by J. J. Reinke, H. M. Huff, T. Livingston, L. H. Alexander, H. E. Sellwood and J. H. Bryant and E. M. Cousin spoke on the telephone decision.
