3-MILE LIMIT OBSERVED

New York Corporation Proposes to Operate Small Boats Out to \$10,000,000 Craft.

NEW YORK, March 9,—(Special.)— Operation of a ship loaded with liquor and lovely women from foreign shores just outside of the three-mile limit was revealed tonight as the plan of the newly-formed Recreation Ticket corporation. The plan was outlined in four circulars printed by the corporation and which recently came to the attention of Ralph A. Day, prohibition enforcement commissioner for the district of New York

the district of New York.

Mr. Day started for Washington tonight. He said he would study the circulars and confer with his col-leagues in Washington about them. The Recreation Ticket corporation, In which Captain James V. Martin is In which Captain James V. Martin is the moving spirit, took out articles of incorporation on January 23, but, according to Captain Martin's own statement today, it has not desired any publicity. With Captain Martin, who is engaged in building aircraft at his own plant in Garden City, the incorporators are Edward A. Kelly, also an aviator and now connected with the Aerial Transport corporation of 505 Fifth avenue, and Charles W. Brewster of 614 West 157th street.

Capital to Be \$100,000. The concern is to have a capital stock of \$100,000, consisting of 10,000 shares of common stock at \$10 each, and the articles of incorporation state

and the articles of incorporation state that it begins business with \$1000 capital. Capitain Martin holds 30 shares, it is said, and Kelly and Brewster ten each.

One paragraph in one of the circulars read as follows: "By arrangement with the federal prohibition enforcement office, the vessel's police and patrol service will co-operate with the United States authorities to prevent any intoxicating liquors from prevent any intoxicating liquors from passing from the recreation vessel to United States territory; and in all matters affecting the vessel's status, she will be entirely law-abiding and

Insteer stafecting the vessel's status, she will be entirely law-abiding and conducted upon such a high plane of wholesome amusement that no reasonable person will be able to take offense."

Arrangement is Denied.

It is this paragraph which particularly interested Commissioner Day and caused him to take the circular sto Washington. Commissioner Day and caused him to take the circular sto Washington. wants his release from the county jail where he is serving a six-month "hitch" for vagrancy, in order that he might properly celebrate St. Patrick's day.

And so anxious is he to win his freedom that he will promise to shake the dust of Portland from his heels for all time to come and seek out new pastures for his improvident that happy-go-lucky nature.

His unique appeal for freedom was Much Patronage Expected.

### **RUB RHEUMATIC PAIN** His unique appeal for freedom was received through the mail yesterday by Judge Rossman. It reads l'ke FROM ACHING JOINTS

Stop "dosing" Rheumatism.

This:
"Hon. George Rossman,
"Dear Sir—The 17th of March is held in memory of the man who ordered the snakes to leave Ireland, and made them crawl out.
"Let us assume that Portland is Ireland, you are St. Patrick, and I am the snake.
"Unlike St. Patrick, you won't have to order me to leave or drive me out.

Stop "dosing" Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson — out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; to grant the stime to the county jail.

"Unlike St. Patrick, you won't have to order me to leave or drive me out, and I will not crewl. I'll fly if you give me the opportunity, and will bother you no more."

But Jack's past record is cluttered you have to be content with his St. Patrick's day celebration up in the county jail.

Limber up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" irom any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rhaumatism away.—Adv.

A little "hunch" plus a bit of detective work on the part of Detective Horack brought about the arrest of Aivin Butler, bad check artist, who was sentenced to 90 days in the county jail after he had pleaded guilty before Judge Rossman yesterday.

Horack was walking near Third

ready for business by July 1. The only delay, he said, has been due to the fact that all the bankers he first approached, to ask them to act as guardians of the money sent in for tickets until such time as the corporation was ready to begin business, refused to do so, for fear that they would be labeled "wets" and that their "dry" depositors would withdraw their funds.

Lovely Women Also to Be And now come the enforcement agents, objecting, Captain Martin intimated today that life is just one darn thing after another.

The princess said she had there to her native land and came here to ask the United States to give her ask the United her rank. When ask the United States to give her an estate befitting her rank. When she reached New York, her jewels, her clothes, her mission and her childlike eccentricities groused unusual interest. Mayor Hylan welcomed her. Foreign emissaries at Washington denied she was a princess. She proved that her title was genuine.

The first radio telephone apparatus to be installed in a department store of the northwest will be completed this week at Meier & Frank's. A high-powered receiving set with several amplifiers and loud speaking magnavokes has been assembled by local radio experts, and will in a few more days, entertain the public with concerts and other features coming through the "ether" from radio stations many miles away.

Aaron M. Frank, assistant general manager of Meier Frank's, Is enthusiastic regarding the future possibilities of the radiophone. "We are installing the radiophone in our store," he said, "and have arranged with several of the local transmitting stations a daily programme of music and other features to be transmitted to us at certain hours, We have already planned future radio features with which we expect to surprise our friends agreeably."

Successful tests were made last week by the radio engineers installing the set. Music from several powerfored big agricular forms.

tus, radio music coming from every station on the Pacific coast will be brought into the store with such strength that it will be clearly heard all over an entire floor of the building, it was said.
