Can you tail me what will remove grease spots from weelen material?

I am asking quite a lot, but this is the first time I have come to you.

Hoping to see a reply in the near future, I am. Yours sincerely.

PORTLAND, Jan. 24.—Dear Madam Richet: I am inclosing cut of cape I wish to make and would appreciate a few sug-

to make and would appreciate a few suggestions.

Would black panns velvet work up satisfactorily into a cape of this kind, and would it wear well?

What I want is something to wear this spring with light dresses. I intend to line it with peacock blue satin. Would you suggest an interlining of cotton flannel for added warmth? I am 21 years of agomedium build, medium brown hair, almost light brown, light blue eyes.

In coliar shall I use canvas for stiffening? Would you suggest a flat collar, extending almost to waist line? Would you add a cuff to the openings in front for hands? What I want is a rich looking wrap, not too flashy.

Would appreciate very much any suggestions you have to make. I enjoy your column very much. I find in it just the element lacking in my own ideas. Sincerely yours.
