Belmont Before Senate Committee

in Behalf of Association.

ALBANY, N. Y., March 10 .- August Belmont, representing the West Chester Racing association, appeared before the senate committee on taxa-tion today and urged the defeat of the Pitcher-Betts bill designed to impose a 6 per cent tax on the gross receipts of the racing association. Mr. Bel-mont as well as R. T. Wilson, representing the Saratoga Racing associa-tion, told the legislators that an added tax of 6 per cent in gross incomes, with all the other taxes imposed, would bring their total tax to 67% per cent of net receipts,
"If this is done," said Mr. Wilson,
"it will necessitate a reduction of

Challenge Contained in Cablegram to Tennis Association.

NEW YORK, March 10.-India hallenged for the Davis cup today. The challenge was contained in a cablegram to the United States Lawn Tennis association from A. Gupta, Delhi, honorary secretary of the Lawn Tennis association of India. India's was the ninth challenge received for the 1922 tournament, In view of the long trip which the team from India made last year to England, then to the United States and then back to England before re-turning home, it was feared the party might not enter the contest this year. Last year's team, which in-cluded L. M. Deane, Fyizee Moham-med Sleem and S. M. Jacob, surprised many tennis followers by defeating France. This brought the India team against Japan at Chicago. The players were obliged to return to England immediately after the match so they did not compete in any eastern tournaments.

The friendly competition seen be-tween the two last season has been carried over into this year's training period, and each is attempting to out-do his rival in the matter of sending the ball over the fence.
