

DAILY DRUG SALES SAID TO BE \$200

Witness Against Harry Davis Makes Even Judge Smile.

HUMOR SEIZES COURT

Comparison of How Addicts and How Law Raps on Door Given. Transactions Related.

Harry Davis, on trial in the federal court on a charge of selling narcotics, disposed of as much as \$200 worth of drugs a day, according to the testimony of Harry Fisher, who said that he was in the Davis apartment on numerous occasions when drug transactions were made.

Fisher described a peculiar sort of a tap which he said drug addicts gave on the apartment-house door when they called to make purchases.

"Why did they tap that way?" he was asked.

"Well," was the reply, "an addict taps this way," and he gave a demonstration of a light repeated knock. "And the law knocks this way," and he demonstrated with a vigorous blow.

Even Judge Bean smiled and the jurymen and courtroom spectators roared with laughter as the result of one retort Fisher made to Barnett Goldstein, while under cross-examination.

"Did you ever use the name of Goldberg?" he was then asked. "Yes," admitted Fisher.

"Why did you say 'no' to the former question then?" asked Mr. Goldstein.

"I didn't think you knew that much," was the reply.

Davis was on the stand when the court adjourned last night. He will be cross-examined by Deputy United States Attorney Flegel this morning. It is expected that the case will be completed some time today and given to the jury.

Apartment Visits Related. Different persons living in the same apartment with Davis and his wife at Fourteenth and Market streets told of the large number of people who came to the apartment at all hours of the night, apparently in search of narcotics.

The case against Joseph Woerndle, in which the government is attempting to cancel his citizenship papers on the charge that he loaned his citizenship papers to a German spy to enable the latter to leave the country, was scheduled for hearing yesterday, but was postponed in order that the Davis case might be completed.

It is expected that the Woerndle case will be started the last of the week.

PROMINENT SHRINER DEAD

ELLIS LEWIS GARRETSON OF TACOMA PASSES AWAY.

Ex-Imperial Potentate of Order in 1920 Succumbs to Heart Attack at His Home.

TACOMA, Wash., March 14.—Ellis Lewis Garretson, 1920 Imperial potentate of the Shriner of North America, died suddenly this morning at his suburban home. Mr. Garretson was the victim of a sudden attack of the heart. He suffered but 15 minutes, and before medical aid could be summoned by Mrs. Garretson, he was dead. He was at his office and in his usual health yesterday.

Mr. Garretson would have been 59 years old June 23 of this year. He is survived by his widow and a daughter, his aged parents and three sisters. He had been a resident of Tacoma for 35 years and was an attorney.

Mr. Garretson was one of the most prominent Masons in the northwest. In 1920, the Shriner of North America, in convention at Portland, Ore., elected him imperial potentate, the chief office in that organization, and he served until July, 1921.

Mr. Garretson, who was born in Victor, Ia., began the practice of law here at the age of 21, having studied in the office of Emmet M. Parker, chief justice of the supreme court of the state of Washington. He was made a Mason in 1902 and thereafter was active in the order. He became master of a lodge and was elected to the Scottish Rite bodies here, and potentate of the Affili temple of the Mystic Shrine before becoming a national officer of the Shrine. He was rated as a broad and accurate scholar of Masonry and his book, "Digest of the Laws and Decisions of the Imperial Council, A. A. O. M. S.," has been adopted as a ready reference book by Shriners.

PORTLAND SHRINE SHOCKED

Death of Mr. Garretson Regarded as Heavy Blow to Order.

News of the sudden death of Ellis Lewis Garretson, past imperial potentate of the Ancient Arabic Order of Nobles of the Mystic Shrine, came as a shock to his many friends in Portland.

"Shrinism has lost one of its hardest workers," said A. L. Tetu, potentate of Al Kader temple, when informed of the death of Mr. Garretson. "He was tireless in his efforts

for a bigger and better organization and his loss will be felt keenly not only by the members of his own temple, but throughout North America where Shriners gather."

Mr. Garretson was elected imperial potentate of the Shrine at the imperial session held in Portland in 1920, succeeding W. Friesland Kendrick. He served for one year, presiding with ability at the imperial council session held last June in Lees Moines, Ia. He was a member of Affili temple of Tacoma and had held offices in the imperial divan for the last ten years. His election as imperial potentate was regarded by him to have been the highest possible honor ever bestowed upon him.

MRS. DREW LEAVES TODAY

MOVIE STAR'S ENGAGEMENT AT ORPHEUM IS ENDED.

Thomas Carrigan Principal Support in Comedy Playlet Written for Well-Known Actress.

Mrs. Sidney Drew, moving-picture star, is leaving for Los Angeles tonight at the Orpheum this afternoon.

"Prestidigitator," a comedy playlet written especially for her by Edwin Burke. She is supported principally by Thomas J. Carrigan, who also comes to vaudeville after attaining fame in movieland.

"Prestidigitator" has many comedy angles, all handled with the nonchalance that made Mrs. Drew popular in the Drew comedies, in which she appeared with her husband, Sidney Drew. The theme of the playlet is humorous and it has a surprise finish of the boomstrange type.

Another feature of the Mrs. Sidney Drew show is the act of Gladys Buckridge and Billy Casey, who do spectacular singing, in which they are assisted by the Trado twins, boys who are expert in various forms of dancing. Scientifically the act of Buckridge and Casey is one of the most artistic seen at the Orpheum this season, and Miss Buckridge is a stellar songstress.

Individual hits in this show also include pretty Lois Bennett, a singer who is encircled to the echo at every show after her high-class act, in which she is accompanied by Phil Sheppard on the piano, and Ray and Emma Dean, "the laughing stock of vaudeville," a big comedy hit. Lois Bennett sang for the Rotary club at its luncheon yesterday and was applauded with gusto, the Rotarians greeting the pretty singer with more enthusiasm than ever before accorded an Orpheum artist.

SIBERIAN LEADER ARRIVES

GENERAL SEMENOFF EXPECTS TO DESTROY BOLSHEVISM.

Anti-Soviet Chief aims to Visit Washington in Interest of New Far East Republic.

VICTORIA, B. C., March 14.—General Ataman Gregorieff Semenoff, Siberian anti-Bolshevik leader, hopes to unite the people of Siberia under a new Siberian republic, he declared on his arrival from the far east today on the liner Empress of Russia. "I am perfectly aware," he said, "that the people of this continent are not well disposed towards me, and the reason for this is the erroneous information which has been given on this continent regarding me and my policy during my activities in the world war. I believe that I am now in a position to disprove any insinuations which have been leveled against me by my personal enemies or political adversaries. I am here as a representative of the Siberian people, who collectively want to be freed from the strife and terrible conditions that now prevail in my country. "My hope is to unite the people of Siberia under a new Siberian republic and it is the hope of bringing this about that brought me to this country. He declared opposition to the present soviet government of Russia and intimated that should the proposed Siberian republic be formed it could not be induced to co-operate with the soviet administration. VLADIVOSTOK IN CHAOS

MILITARY PATROL STREETS; INHABITANTS FLEE.

Troops of Far Eastern Republic Reported to Be Within 200 Miles of City, Which Is Their Goal.

CHITA, Siberia, March 14.—(By the Associated Press.)—Vladivostok is without a central government, soldiers and marines are patrolling the streets and the wealthier inhabitants are fleeing to Japan, according to far eastern news service advices from Vladivostok. Troops of the far eastern republic, with Vladivostok as their goal, are reported to have reached to within about 200 miles of that city. They have captured a series of towns. The troops of Merkuloff are reported to be retreating and blowing up the railroads behind them. The dispatch contains an accusation by Merkuloff's cabinet ministers and five officers of the late General Kap-

pell's forces that Merkuloff himself had robbed the Vladivostok government of more than 5,000,000 gold rubles since last May and that the rubles were exported to Japan after Merkuloff's resignation. It is charged also that Kappell's officers and the Merkuloff ministers attempted to arrest Merkuloff, but the Japanese prevented them from doing so.

A dispatch from Vladivostok March 6 announced that Merkuloff had resigned as president of the anti-Bolshevik government in Vladivostok because of ill health and that Mayor Brenemy had been designated as acting president. Previous advices concerning Merkuloff were on February 23, when it was reported his forces had been defeated and driven to the southeast by troops of the Chita, or far eastern government.
