

WRESTLING MEETING TO BE HELD MONDAY

First Steps to Be Taken to Form Industrial League.

BASEBALL FIRST EFFORT

Organizers Expect to Foster Other Branches of Sport After Work Is Well Under Way.

The first formal steps toward the formation of an industrial athletic league here will be made next Monday. The Portland community service yesterday sent out a call to the industrial plants and stores of Portland to have representatives present at next Monday night's meeting, at which an industrial baseball league will be formed as a starter. It is hoped that from baseball the league will foster other branches of indoor and outdoor athletics.

Committee Favors Plan.

About three months ago a committee was appointed from the Physical Education society to study industrial recreation in Portland, which, after making a thorough investigation of the field, reported in favor of the organization of a Portland industrial recreation association. Before the industrial community service work Henderson was with the personnel department of the Goodyear Tire & Rubber company of Akron, O. There he was closely associated with Malcolm C. Brock of the Goodyear organization, who was the organizer and for several years national secretary of the American Industrial Athletic association. This experience will be valuable in launching industrial recreation work in Portland.

It is planned to start the work of the proposed association with a baseball game already some 20 firms have signified their interest in such a project. Later it is planned to broaden the scope of the work to include other forms of athletics.

Same Course to Be Followed.

"We plan to conduct the work along same lines," said Henderson. "In many instances studies and surveys conducted in a very extravagant manner, so that the cost was entirely out of proportion to any benefit derived. It is possible to put on a very comprehensive programme at low cost if the work is managed rightly. We hope not only to foster competition between firms, but to promote inter-departmental recreation in the individual firms. This last work is even more valuable than inter-firm athletics because it reaches a far greater number of employees."

Girls Are Included.

The Paterson association also aims to reach the employed girls as well as the men. Paterson recently held its third industrial carnival, which was attended by 6000 people and which drew nearly 1000 entries from the various firms. It is not only in the east, however, that such associations have been successful. San Francisco has a large and thriving industrial recreation society. In Seattle the proposition is receiving considerable attention from the Industrial Relations association, and an organization probably will be effected. The general value of such work has been very well stated by A. H. Wyman, of the Carnegie Steel company, who said: "There are three important factors that have been strengthened through the installation of industrial recreation. "First—There has been a noticeable change in the physical alertness of the employees. "Second—Through inter-departmental and interplant competition has grown a better spirit of true sportsmanship. "Third—A closer welding of the groups of employees together with closer and more friendly relationship between workers, foremen and superintendents. A stronger feeling of loyalty on the part of employees exists than the plan of recreation has fostered, which has developed efficiency and a spirit of pulling together, two successful factors in the success of industry."

COLLEGE BOOTS ARE HELD

WRESTLING AND BOXING CHAMPIONSHIPS SETTLED.

Contests at Corvallis Include 60 Men and at Finals More Than 1000 Persons Attend.

OREGON AGRICULTURAL COLLEGE, Corvallis, March 14.—(Special.)—Wrestling and boxing championships have been determined by the finals just completed. The contests have included more than 60 men and at the time of the final bouts more than 1000 persons witnessed the matches.

Nixon and Poy went to a draw in the 125 class and Lockhart won over Elliott in the 135 weight. At 145 Allen won from Moran, at 158 Avritt got a decision over Madren, and in the light heavy class Goodale won over Lechner. In the heavy class Thomas received the decision over Puhlos. Some good possibilities have been discovered for next year's varsity team, believes Coach Rathbun.

Two of the boxing bouts went and drew in the three rounds and had

CHAMPIONS IN EIGHT DISTRICTS SELECTED

to go the fourth round to gain a decision. They were Manning and Disk at 128, Disk winning, and Porterfield and Walker at 145, with Walker gaining the decision in the extra round.

Zeller won over Hollingsworth in the 125 weight and Hunter was awarded the decision over Bennett in the 135 weight. Courtney won over Fowler at 165 and in the 175 class Peavy and Olson were to have mixed but illness prevented.

Mike Butler's boxing classes furnished the material for the athletic events. Clement Shockey referred the boxing bouts and E. Duffy handled the wrestling matches. It is planned to run off the championships next year before the varsity wrestling season in order to give the coaches a line on more men for the team.

Baseball Starts April 30.

LA GRANDE, Or., March 14.—(Special.)—The baseball season here will open April 30, when the Cove and La Grande teams of the Intermountain Baseball league will play their first game. On the same day Union plays Elgin at Elgin and Haines plays Baker at Baker. The league has arranged a schedule of 15 games, the closing game being scheduled for August 6. Eight matches will be played here by the local team.

ORIENTAL TO MEET THYE

BOUT HINGES ON SHOWING IN JIU JITSU BOUT TOMORROW.

Japanese to Attempt to Throw Three Heavyweights at Columbia Hall Within Hour.

Terro Miyake, the Japanese jiu jitsu world's champion wrestler, who has agreed to toss three heavyweights tomorrow night at the Columbia hall within an hour, will get a chance to meet Ted Thye, wrestling instructor at the Multnomah Amateur Athletic club and one of the best middleweights in the country, if he makes good in his bout with the three heavies.

While the wrestling tomorrow night at the Columbia hall is all jiu jitsu, the Thye-Miyake match will be a sort of combination of the oriental native style and catch-as-catch-can, which means that practically everything short of murder will be allowed. Miyake will stick to his native style of jiu jitsu limb twisting, while Thye will attempt to put the brown man down by using catch-as-catch-can methods. They will probably meet Wednesday, April 23, at the Heilig theater.

Of course Miyake will have to dispose of the three heavyweights tomorrow night if he expects to meet Thye. Ad Garlock, who is promoting the jiu jitsu show, has lined up a flock of heavyweights who are all eager for a chance to show with Miyake. They are Max Glover of Penitentiary, Or., light heavyweight; Ernest Olsen, 175-pounder; August Rudst, Russian, 180-pounder; and Jim Beeson, Tim Eino and Mike Norberg, who are all near the 200-pound mark.

Garlock has been putting the heavyweights through their paces in workouts in the gym and will select the three men who can make the best showing at jiu jitsu wrestling. These are catch-as-catch-can bouts on the card. Louis Pergantian, the Greek middleweight, will take on Paul Kenney of Omaha. There will be one other preliminary, which will start at 8:15 o'clock.

LEAGUE MEETING SATURDAY

Southwestern Washington Baseball Circuit to Be Organized.

SOUTH BEND, Wash., March 14.—(Special.)—Plans have been made for the organization of a 1922 Southwestern Washington baseball league. A meeting to perfect the plans will be held at the South Bend Commercial club on Saturday. Representatives from a number of towns will be present. A similar meeting was held at Centralia last year when the league was launched and considerable enthusiasm attended the starting of the league. All the towns were well satisfied last year. South Bend reached the top of the ladder and was awarded a silver loving cup by the N. & E. Sporting Goods company in Centralia. Other towns in the circuit were Winlock, Toledo, Chehalis, Centralia and Raymond.

So much interest has been manifested this year that fans predict a good season. There is a possibility that the lineup will be a trifle different among the towns this season.

MAT MEN EAGER FOR FRAY

WASHINGTON IS KEEN TO MIX WITH STATE COLLEGE.

Wrestling Meet Saturday Night to Be Fast Affair—Both Squads in Good Shape.

UNIVERSITY OF WASHINGTON, Seattle, Wash., March 14.—(Special.)—After taking five straight victories from the Tacoma Y. M. C. A. wrestlers, the University of Washington mat squad, under Coach Arthur Holm, is eager for the meet with the W. S. C. grapplers here Saturday night.

Coach Bohler's mat men have stacked up an enviable record, which makes the Cougars formidable competitors for the conference cup, and Coach Arthur Holm is intent on keeping his men in the very best of condition and intends to cram all the knowledge of the game into his students as can be before the meet. Guildford of W. S. C. will meet Crum for the 155-pound honors. Unless Bougas, the Pullman skipper, recovers from injuries incurred in the Pacific Northwest association meet, Alden will compete in the 145-pound class with McCredy, the purple and gold captain.

A lively mix is expected when the 135-pound Cougar, mixes with Clithero, the star Huskie grappler. In the 125-pound group Jahstrom probably will meet Berry. Jahstrom defeated Fulton of O. A. C. who in turn beat Berry. Coach Bohler expects the largest turnout for wrestling ever seen at Pullman. The Cougar grapplers took three out of five bouts from Oregon, whereas the Huskies lost four out of five.

HUSKIE BALL SQUAD IS CUT

25 Men and Dozen Pitchers Now Are Ready for Spring Work.

UNIVERSITY OF WASHINGTON, Seattle, March 14.—(Special.)—The large squad of baseball aspirants that has been turning out under the direction of Coach Matthews at the University of Washington was cut to 25 men, plus about a dozen pitchers, Saturday.

Weather has not been favorable so far for much diamond activity, but Saturday was a fine day and all were out. Matthews had a good opportunity to see the boys go through their paces.

Twelve members of the team that made the successful invasion of Japan last year are back this year, and several of the returning team are good. Perry Land is one of the missing, but "Spike" Maloney, his co-worker behind the bat, is still in school. Spike is a good backstop and is mean with the oak.

"Mickey" McMahon, outfielder, on whom the Pacific league scouts have been keeping an eye, is piloting the Huskie ball-tossers this year. As an outfielder Mickey is sure and as a batter he heads the percentage column.
