

GEORGE GOULD SUES FOR ESTATE SHARE

Payment From Trust Funds Declared Stopped.

ATTORNEY IS THREATENED

Friction Among Heirs of Late Financier Crops Out Again When Suit for \$644,904 Filed.

NEW YORK, March 15.—Friction among the heirs of the late Jay Gould, financier, which has been aired in the courts at intervals for more than 20 years and has threatened Thomas Chabourne, noted corporation attorney, with prosecution proceedings, cropped out again today when George Jay Gould of Lakewood, N. J., brought suit before Surrogate Foley to recover \$644,904, alleged to be due him as his share of his father's estate.

Surrogate Foley issued an order requiring the petitioner's brothers, Edwin and Howard, and his sister, Mrs. Helen M. Gould Shepherd, as executor and trustee of their father's estate, to show cause why they should not pay the sum mentioned, which George Jay Gould claims is wrongfully being withheld from him.

The elder Gould died December 2, 1892, leaving a will dividing his residuary estate into six parts set up in the form of trusts for his six children. The petitioner declares he received one-sixth of the net income regularly until December, 1920, when payment on a check which he had received from the trustees was stopped. Since then, he adds, he has received no more of the income, although beneficiaries of the other funds have received their payment regularly.

Surrogate Foley announced he would set a date for a hearing as soon as citations had been served on all the defendants. George Jay Gould was removed as chief executor and trustee of his father's estate by the state court in Justice Whitaker in 1918. The court at that time found he had abused his trust. Mr. Chabourne's firm was counsel for George Jay Gould and the proposed disbarment proceedings grew out of the court action in that case.

Mrs. Gould Wants \$45,000. Counsel for Mrs. Edith Kelley Gould, divorced wife of Frank Jay Gould, today told Supreme Court Justice Newburger that his client needs \$45,000 annually for living expenses. These were enumerated as follows: Clothing, underwear, shoes, etc., \$18,000; operating automobile, \$4000; rent of apartment, \$6000; food, \$5000; entertainment, \$5000; doctor bills, \$2000; dentist, \$1000; dancing and music, \$1000.

This statement was presented to the court by Attorney Gustavus Rogers, who asked that Mrs. Gould be granted \$180,000 for "her board and clothing, maintenance and other necessities," since her husband divorced obtained her allowance after a divorce obtained from her in France nearly four years ago. Decision was reserved.

GHOST IN FOREST SUGHT

GEOLOGICAL SURVEY ASKED TO TRACE STRANGE LIGHT.

Wise Men of Mountains Declare That Railway Train Headlight Solution Is All Bosh.

WASHINGTON, D. C., March 15.—(Special.)—The Antigonish ghost, a rival on Jones ridge, Brown mountain, North Carolina, and Senator Overman has asked the geological survey to investigate the "ghost" light that moves up and down in the forests of the Blue Ridge, southeast of Asheville, far from any human habitation.

Preliminary reports on the Brown mountain "apparition" have been made by federal officials, but they are not satisfactory to the people of Morgantown, Marion and other North Carolina communities that have observed the light for years. The geological survey explained to Senator Overman that the light catches, blizzards, railway engine headlights running down the circuitous road from Asheville. "Wise men of the mountains call that suggestion 'bosh' and demand a more searching survey. Recently the National Geographic society threw down the geological survey and said that the light came from a peculiar combination of electrical phenomena and atmospheric conditions.

Washington scientists are keenly interested in the stories of Jones' ridge and the Antigonish ghost. They pooh-pooh the claim that the tricks of the ghost are due to radio disturbances. Professor J. Harris Rogers, inventor of the underground wireless, and E. B. Judson of the radio laboratory of the bureau of standards, the Antigonish ghost, has nothing in common with electrical disturbances. They emphatically state that a barn was fired by radio currents.

The bureau of standards, the last word on radio, has knocked the radio theory into thin air. In the midst of treaty and bonus tributes the republican administration is enjoying the search for solutions of the Brown mountain moving light and the Antigonish ghost.

DOOM OF FRILLS SOUNDED

Pendleton, a candidate for the legislature, retrenchment is possible and an income tax should be imposed and made to apply to everyone. He says that 1200 doctors in Oregon could be paying a tax on an average income of \$3000, and that each doctor, drawing from \$1200 to \$4000 a year, could be contributing \$10 a year each to help the state.

Limitation Repeat Urged. "We have been on a prosperity jag and have a headache and now we want to climb on the water wagon," is the way they diagnosed the tax situation. He is the author of the measure which created the tax investigating commission. As individuals have to economize, the state, counties, road and school districts must do the same, he informed the investigators. With 75 per cent of

POLICE HUNT CHEF IN CIRCUS MURDER

Widow Denies Plot to Slay Husband for Money.

ESTATE DECLARED SMALL

Attorney for Woman Insists That Reports Concerning Showman's Wealth Are Ridiculous.

RIVERSIDE, N. J., March 15.—Reverend efforts will be made to find George Lamb Werner, a circus chef, in connection with the killing of John T. Brunen, circus proprietor, shot to death in his home Friday night. It was announced tonight by Prosecutor Kealey. The prosecutor said he wished to question Werner, who had been employed by Brunen in the cook tent of the "Mighty Doris & Ferrari Shows" to clear up certain points. He directed that a picture of Werner, known as "Dutoby the Chef," be given out for publication at once. Werner was said formerly to have conducted a bakery in New York and Milwaukee. He was employed in the quarters of Brunen's shows at Williamstown, N. J., until a week before Christmas, when he was discharged.

That was the outstanding phase of the search for Brunen's slayer today after the publication last night of a letter Brunen had written to his sister, Mrs. Elizabeth Jaesche, at Cary, Ill., charging that his household was "framing" to "get him," and the announcement of County Detective Ellis Parker that the showman had shown him a list of names of persons he believed were planning his death. Walter S. Keown, Camden attorney, retained by Mrs. Brunen, today issued a statement denying that the showman's widow knew the identity of the person or persons responsible for the death or anything of the killing. He asserted also that the letter written by Brunen to his sister had been composed in the heat of passion and had no foundation in truth.

As to the estate of the showman, the statement said the reports concerning his wealth were "ridiculous." Keown said that it consisted of nothing more than one-half interest in the "Mighty Doris & Ferrari Shows" and approximately \$18,000 in cash. The only insurance Brunen had, he declared, was a \$2000 policy, in which his wife was named as beneficiary.

PEOPLE BLAMED FOR TAXES

Representative Kay Gives Talk at Meeting at Salem.

SALEM, Or., March 15.—(Special.)—The people and not the legislature are to blame for the increasing taxes in Oregon, according to statements made by T. B. Kay, representative from Marion county, in an address at the annual dinner given by the Six-O'Clock club here today.

The great increase in taxes, including the highest property, was not caused by the legislature. Only about one-sixth of all the taxes are levied by the state, he said. Mr. Kay said the legislature would have to change his attitude toward the tax problem. He starts in, Mr. Kay said, believing that a part of the expenses can be trimmed. When he visits the institutions he finds that the state is spending more money than the needs of the charges.

Mr. Kay gave some interesting figures showing the highest dividend in Oregon. He showed that the two largest incomes in the state, with \$12,000, had paid a tax of \$48,000, while 33,185 others with incomes under \$3000, and a total of \$61,000,000, paid only \$598,000. The Pullman Car company, he said, had paid a tax of \$1,200,000, while the Southern Pacific company paid \$37,500. Mr. Kay said the time would come when the tax on the Pullman Car company would be a workable income tax, but that it is not just to exempt the others so heavily as to drive capital out of the state.

MILL WORKERS AROUSED

Samuel Gompers Reports on Probe of New England Strike.

WASHINGTON, D. C., March 15.—New England textile workers, "aroused as I have never seen them aroused before," Samuel Gompers, president of the American Federation of Labor, stated today upon his return from strike centers of the industry there. He asserted that the mill operators were fighting to "beat the mill" against an attempt by the employees, through wage reductions, to force the mills to improve their service. He added that the rates at his hotel will be materially reduced.

Seaside Hotel to Cut Rates.

ASTORIA, Or., March 15.—(Special.)—Gilbert O. Madison, new manager of the Hotel Seaside, in speaking before the Rotary club here today, outlined his plans for developing a larger patronage of the Clatsop beaches through an improved hotel service. He added that the rates at his hotel will be materially reduced.

Brownsville Directory Issued.

BROWNVILLE, Or., March 15.—(Special.)—A 14-page city directory for Brownsville and the adjacent community has been published by the Brownsville Times. Because the city has never before had a directory, the Times will put a copy of it free of charge in every home and will print the directory from year to year.

Appetite Keen and Bowels Relieved

You can relish your meals without fear of upsetting your liver or stomach if you put your faith in Carter's Little Liver Pills. Foul accumulations that poison the blood are expelled from the bowels and relieve dizziness and small skin eruptions. Small Pills—Small Dose—Small Price.

MISSION PLAN FEATURED

CONVENTION OF BIG ALLIANCE OF PORTLAND IN SESSION.

Workers in Foreign Fields Far Outnumber Those at Home and Cover World.

Sessions of the annual convention of the Christian and Missionary Alliance for Portland have been held each afternoon and evening this week in the Gospel Tabernacle, at East Ninth and East Clay streets, and will continue until Sunday night. Missionary themes are featured at each session.

This is distinctly a missionary organization, although it maintains local churches. It is proud of the fact that its workers in foreign fields far outnumber those in the home fields, there being 287 pastors and workers in the United States, while there are 330 in the foreign lands. Missions are maintained in Annam, India, the Philippine Islands, Annam, South America, Cuba, the Congo, Sudan and Palestine. Each church organization in America supports more than one foreign missionary.

Yesterday afternoon the speakers were Rev. W. H. Feidges, missionary from Chili, and Rev. W. W. Newberry, district superintendent and dean of the Simpson Bible school at Seattle. Last night Mrs. Feidges and Rev. W. W. Morrison of Everett, Wash., were the speakers.

The programme today will open at 2:30 o'clock, and Rev. Mr. Morrison and Mrs. Feidges will be the speakers. The afternoon and evening sessions will be held at 7:30 o'clock. Messrs. Newberry and Feidges will go to Salem today to participate in the entrance of the annual convention here. Three meetings are scheduled for Sunday at the convention here—morning, afternoon and evening—and the annual missionary offering will be taken.

Twenty students in the Simpson Bible school are preparing themselves to enter the mission fields.

AIRMAN INJURED IN FALL

Record for Parachute Drop. MINEOLA, L. I., March 15.—Sergeant Eugene Reviere, holder of the world's altitude record for a parachute drop, and Sergeant Roland Blake were seriously injured at Mitchell field late today when their airplane crashed to the ground from a height of 100 feet and buried them in the wreckage.

Reviere suffered a broken leg and nose and serious cuts and bruises. Blake's legs were broken and he suffered internal injuries, which surgeons feared might be fatal. The only insurance Brunen had, he declared, was a \$2000 policy, in which his wife was named as beneficiary.

SEAL BOUNTIES \$7220

1913 Sea Animals Killed in 1921. Says Master Fish Warden.

ASTORIA, Or., March 15.—(Special.)—A letter was received this morning by Alex Somppi, secretary of the Co-

SECRETARIES TO STUDY

23 Chamber of Commerce Men to Take University Course.

UNIVERSITY OF OREGON, Eugene, March 15.—(Special.)—Twenty-three secretaries of chambers of commerce throughout the state have registered in the university's short course during spring vacation, the course starting March 27 and ending April 1.

Three phases of chamber of commerce work will be considered, namely, the secretary, the community and club work. A part of the programme will be handled by university professors and part by the visiting secretaries.

Mr. Corey Leaves for Hearings. SALEM, Or., March 15.—(Special.)—H. H. Corey, member of the Oregon public service commission, left tonight for eastern Oregon, where he will hold a series of hearings. The first of these will be at Pendleton tomorrow, when a proposed adjustment of grain grades will be considered.

Order to Halt Ball Monday. Eureka council, No. 204, Security Benefit association, will celebrate St. Patrick's day with a ball, next Monday evening, at the Woodmen of the World hall, East Sixth and Alder streets. Good prizes and a good programme are promised.

Camp Fee Fixed. A charge of 50 cents a day will be made for each automobile using the municipal automobile camp grounds this year, according to an ordinance passed by the city council yesterday. The charge last year was 50 cents for ten days' use of the camp.

To Cure a Cold in One Day. Take Laxative BROMO QUININ Tablets. (Be sure you get BROMO.) 50c. S. & H. green stamps for cash. Holman Fuel Co., coal and wood. Broadway 4252 560-21.—Adv.

SCIENTISTS ARE PUZZLED

NATURALIST THINKS PELICANS DROPPED LUNCH.

Expert Admits That Storm May Be Responsible for Appearance After Hard Rain.

PITTSBURG, Kan., March 15.—The tadpole controversy continued to demand scientific attention here today. It was further complicated by the entrance of another tadpole into the situation. Monday afternoon, following a hard rain, Rev. C. J. Armento found a tadpole 3 1/2 inches long on his sidewalk. He expressed the view that it came down in the rain. W. E. Ringling, naturalist of the state manual training normal, said that was impossible; that it was likely that a pelican traveling north and carrying the tadpole for a lunch en route, dropped it.

Today Mrs. William Chimpky announced that she found a three-inch tadpole on her front porch after the same rain. Mr. Ringling said there may have been

two pelicans. However, he said it was possible that the tadpoles were drawn into the air by the Oklahoma cyclone storms and were carried this far by air currents before they fell.

adoption of a national color, is also going to paint all the postal vans green.

\$1000 Asked for Crash. VANCOUVER, Wash., March 15.—(Special.)—J. B. Dolan and Kathleen Dolan have filed suit against Harold
