

DODGE, GOAT OF JAIL, TO BE TRIED AGAIN

Young Millionaire to Face Liquor Charge Today.

HOTEL ROOMS RESERVED

Charges Result of Joy Ride Week Ago When Young Woman Leaps From Car and Is Hurt.

DETROIT, Mich., March 20.—John Duval Dodge, youthful millionaire, completed a five days' speaker's sentence at the house of correction this morning, passing the remainder of the day in consultation with his attorneys and departed tonight for Kalamazoo, where, tomorrow, he is slated to face charges of driving an automobile while intoxicated and illegally transporting liquor.

The Kalamazoo charges grew out of a "joyride" a week ago, in which a young woman, student at Western State Normal, leaped from the car and was injured. Her report of the affair led to Dodge's arrest. The police allege he was under the influence of liquor and that a quantity of liquor was found in his machine.

Suite of Rooms Reserved. A suite of eight rooms was reserved at a Kalamazoo hotel for the Dodge party. Young Dodge, it was announced, would occupy two rooms and the remainder would be taken by attorneys and witnesses from Detroit.

Dodge was released from the municipal prison here today an hour before the expiration of his sentence, but this was not regarded as a letting down of prison rules in favor of the young millionaire. It was to permit him to evade newspaper men and photographers, who, it was believed, might divulge Dodge's preparations for appearance in Kalamazoo.

Before his release, Dodge voluntarily wrote an article for the prison publication, praising the officials as "extremely humane," and the inmates, among whom he became popular during his incarceration, as "extremely human."

Scar Over Right Eye. Miss Kwakernaak was picked up unconscious by a passing motorist and taken to the hospital, where the incident was reported to the local authorities. Dodge and Earl were arrested. The former said later he and Earl just wanted to give the girls a "little ride."

The only remaining evidence of Miss Kwakernaak's injury, which was said to be a scar over her right eye, where she struck the ground, and she expects to be discharged from the hospital this week.

CO-ED SAYS SHE WAS AFRAID

Girl for First Time Tells Circumstances Surrounding Injury.

KALAMAZOO, Mich., March 20.—That fright prompted her action was declared by Miss Emmeline Kwakernaak, 19-year-old Western State Normal school co-ed, who was injured a week ago when she jumped from an automobile driven by John Duval Dodge, youthful Detroit millionaire. She today told for the first time the circumstances surrounding her injury.

Miss Kwakernaak is a student at a local hospital where she was taken after the accident which led to charges of driving while intoxicated and illegally transporting liquor being filed against Dodge.

Miss Kwakernaak said she had just left a dance in company with Miss Ethel Clomans, her roommate, and Miss Sue Stegenga, a friend from Grand Rapids, when an automobile drove up and two young men in it, who later introduced themselves as Dodge and Rex Earl of Kalamazoo, invited them to ride.

Not knowing the men, they declined, she said, adding they explained they were on their way home and had only a short distance to go. Then, according to Miss Kwakernaak, Dodge and Earl offered to take them home and they accepted.

When they were taken by our boarding house and we headed out into the country at a terrific speed, we all became frightened," she said. "We were all of us—three girls sitting in the back seat and the men in front. Then a sudden impulse moved me to jump. When I woke up I was in the hospital here."

Referendum at Election in May Decried on Ground That Proposal is Defective.

BAKER, Or., March 20.—(Special.)—The city commissioners late today rejected a petition requesting that the question of a city manager for Baker be placed on the ballot for the May election. Mayor Gardner and Commissioner Mahan voted against the granting of the petition, while Commissioner Mahan favored it. There were 535 signers to the petition.

The action of the commissioners practically halts a vote on the plan at the May election. Whether the taxpayers will get an opportunity to pass on the proposal in the November balloting was left to conjecture.

These commissioners opposing the petition were bitter in their expressions on the plan, saying that it

NEW LIEN ISSUE RAISED

HOMESTEAD EXEMPTION TESTED BY WORKMAN.

Property Set Aside Said to Have Been Removed From Bankruptcy Court and Subject to Lien.

Judge Bean took under advisement yesterday a case in which it was said a new point had been raised in Oregon law. This was whether or not a homestead exemption in bankruptcy case avails against a mechanic's lien.

It was the contention of Julius Silvestone, attorney, that Sadie Burkman, bankrupt, designedly went through bankruptcy to avoid payment of many creditors, among them small tradesmen who could ill afford the loss. He represented H. H. Matthews, who performed painting and paperhanging in the Burkman home just a few days before a bankruptcy petition was filed.

Mrs. Burkman claims her home, 595 East Twenty-eighth street, as a homestead exemption and it was set aside by the court in bankruptcy case against a mechanic's lien, in accord with the state law of 1919.

It was the contention yesterday of Mr. Silvestone that, as the home against which the lien was filed had been set aside by the court in bankruptcy as an exemption, it was within the jurisdiction of the state courts and not that of the federal court.

In other states, held to be parallel, were cited. This view of the case was contradicted by J. N. Hudson, attorney for Mrs. Burkman.

MINER IS BELIEVED DEAD

BAKER COUNTY MAN MISSING SINCE EARLY DECEMBER.

Cabin Deserted and Indications Point to Asphyxiation or Entombment at Tunnel.

BAKER, Or., March 20.—(Special.)—Frank of Baker, a miner working in Stice's gulch, about 17 miles southeast of Baker, fear that he has met death in his home. Frank is believed to have been missing since early in December. It was believed that his mine caved in on him or he was asphyxiated by gas in the mine.

His friends in the neighborhood visited Petzold's cabin Sunday, found it unlocked, his vest and personal property intact and some provisions in the cabin. All indications were that he had been absent from the cabin for several months.

A searching party entered the tunnel of the mine today but found the air so bad that they could not enter. The sheriff was petitioned to send a search party to the mine, but lack of money was given as the reason for refusing the request.

A searching party made up of friends of the missing man probably will leave Baker tomorrow. He was well known in Baker.

"Will You Excuse It, Please—There Is No One on the Line Now"

Mistakes are bound to happen. We all make them. When your telephone bell rings and the operator says, "Will you excuse it please, there is no one on the line now," she is not responsible for your annoyance and inconvenience.

The occasion for the use of the phrase most frequently arises when the called party is slow to answer—the calling subscriber does not wait and hangs up his telephone.

Many times daily telephone users call wrong numbers—use incorrect prefixes, such as "Main" for "Market"—transpose figures, such as 5342 for 5432. Suddenly realizing their mistakes, they hang up their telephone.

Without fault or negligence on her part the telephone operator is left to explain, and the sentence first quoted is that adopted as most briefly and concisely covering the situation.
