

ULSTER BORDERLINE
THE BATTLE FRONT

Rival Armies Gradually Are
Creeping Closer.

OUTBREAK IS IMPENDING

Every Important Bridge Leading
From Free State Blown Up.
Many Evacuate Homes.

LONDON, March 20.—(By the Associated Press.)—The borderlines of the Ulster "Free State" are described as "like a battle front" by the Evening News Belfast correspondent, who says rival forces of the Irish republican army and of Ulster special constables were actually within rifle range and continually firing at each other during the week end.

The combatants were too well concealed for serious losses to be inflicted and the exchange fire was mainly intended to prevent surprise attacks. The rival armies, continues the correspondent, "are gradually creeping closer and the first collision is expected to occur on the frontier near Cladon, County Tyrone."

"The sound of the blowing up of bridges on the Ulster border during the week-end could be heard miles away," adds the dispatch. "The northern forces were mainly responsible, and as the result of their activities every important bridge leading from the Free State has been demolished, while hundreds of roads have been trampled and closed with trees."

"The tension is already beginning to affect the inhabitants behind the battle line. The unionists along the frontier are much perturbed over the menace of invasion and have asked that more protection be afforded them. Many close to the battle zone, which is no man's land, have had to evacuate their homes, which immediately have been occupied by the fighting forces."

The Pall Mall Gazette and Globe correspondents today telegraphed: "There are all the elements of a serious outbreak on the Ulster-Free State border and only a spark is needed to bring it about. Some shots already have been fired."

GUNMEN ACTIVE IN BELFAST

Police Barracks at Maghera Captured and Constable Killed.

BELFAST, March 20.—Gunmen again were active in Belfast today. A number of cars proceeding to work were stopped by the unionists who pointed a revolver at them and ordered them back. In the ensuing altercation one carter was wounded. An ashman employed by the city was wounded in the jaw while working in the Ballymacarrett section. The police barracks at Maghera, county Londonderry, were captured during the night. A Belfast special constable was shot at Tobermore, near Maghera, by raiders engaged in cutting wires and obstructing the road. The barracks at Maghera consisted of three members of the regular police force and eight special constables who were overwhelmed by the force. Previous to the attack the roads had been blocked with trees, trenches had been cut and a bridge destroyed. Telegraph communication also was interrupted. The raiders obtained 14 rifles.

RAID LAID TO TENANTS

FOUR MASKED MEN SAID TO HAVE BEEN IDENTIFIED.

Bridegroom Declares He Will Find Out Whether Klan Knows of Visit at Cascade Locks.

HOOD RIVER, Or., March 20.—(Special.)—Albert Stewart, here from Cascade Locks today to call on Sheriff Johnson, declared that he would ask for a thorough official investigation of activities of masked men who, he declares, called at his home on Wednesday night of last week. "I do not believe the Klan has anything to do with the call," Stewart said, "and I intend to go to Portland headquarters of the organization at once and determine if it really has a Cascade Locks affiliation or if the headquarters organization is cognizant of any activities directed at me. Mr. Stewart has been boarding at the home of his bride, formerly Mrs. Mary C. Lee. The two were married here last Friday, two days after the mysterious call. Street rumors today were to the effect that the masked callers demanded the wedding. Other rumors were to the effect that they sought to make Mr. Stewart leave the city and prevent the wedding. Mrs. Stewart accompanied her husband today. Both declared that no requests were made of them. They said that the masked visitors were seen coming from the house of a neighbor who has won a reputation for shiftlessness."

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless is caused by a lack of Sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that eye-catching hair that has a beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture, improved by the addition of other ingredients, by asking at any drug store for a bottle of Weyeth's Sage and Sulphur Compound, which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Weyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance.—Adv.

They carried a bucket of tar, the two declared. This man, the two said, left town the next day. Mr. Stewart said that he has learned identity of four of his callers, and Mrs. Stewart, who said she owns 25 houses, declared that every one of the men identified is in arrears in rent.

"It seems to me," she said, "that they were trying to run me out so that they could get out of paying." Mrs. Stewart also declared that she believed callers tried to prevent their wedding. She said that a number of residents at the Locks have had designs on her property and that the keen resentment has been expressed in various quarters against her plans.

"Our wedding last week," said Mr. Stewart, "was the result of plans of some weeks. I believe the visitors were scared away from our place by the fearlessness of Matt Buckler, who went out into the yard and played a pocket flashlight on the armed men." Buckler, Hood River boy, has been working for Mrs. Lee.

GANDHI CASE ANTI-CLIMAX

ARREST OF INDIAN LEADER FAILS OBJECT SOUGHT.

Government Officials Admit That Unrest Has Not Abated and Await Developments.

LONDON, March 20.—(By the Associated Press.)—The arrest, trial and imprisonment of Mohandas K. Gandhi, the Indian non-co-operationist, are regarded in official circles as an anti-climax. The government, without any definite ideas regarding the turn the Indian situation is likely to take, the placing of Gandhi into safe-keeping resulted in no outbreaks nor disorders, as might have been expected. The arrest of the British official, the founder of the non-co-operation movement lost much of its prestige even among his own followers as a result of his vacillating policies during recent months.

The climax in Gandhi's case came when the government's plans regarding his arrest became widely known among the Indians. They received this news quietly, wondering who would assume the leadership of his cause.

Officials freely admit that despite Gandhi's arrest in India has not abated. The question receiving their closest attention is whether a new leader will rise and attempt to carry on the non-co-operation programme.

Officials conversant with the Indian situation are inclined, however, to believe that any Mohammedan would encounter insurmountable difficulties in obtaining a following among the Hindus.

WORN OUT AFTER SHE COOKED A MEAL
Took Lydia E. Pinkham's Vegetable Compound. Read the Result
Cincinnati, Ohio.—"I suffered for a year with nervous troubles and irregularities before I took Lydia E. Pinkham's Vegetable Compound. My back ached all the time and I was unable to do any work. I was worn out if I cooked a meal, and was unable to do my washing. My good friends and my sister told me if I would take your Vegetable Compound and Liver Pills I would be relieved. After taking the first bottle I felt better, and neglected it awhile, but found I could not do my work until I was stronger. So I took the Vegetable Compound again and now I am the mother of a 15 month old boy. He is fat and healthy and I am sure I could never have carried him if it had not been for your medicine. I recommend your medicine to all women although I am young to be advising some one older." Mrs. CHRIST. PETROFF, 318 W. Liberty St., Cincinnati, Ohio.
A CLEAR COMPLEXION
Ruddy Cheeks—Sparkling Eyes—Most Women Can Have
Says Dr. Edwards, a Well-Known Ohio Physician.
Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.
These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.
If you have a pale face, allow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.
Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, liss and 30c.—Adv.
Menthol-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.
The moment this sulphur preparation is applied the itching stops and after two or three applications the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Menthol-Sulphur always heals eczema right up.
A small jar of Menthol-Sulphur may be had at any good drug store.—Adv.

If Stomach is Out of Order —"Diapepsin"
Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pepp's Diapepsin, and realize not only immediate, but lasting relief. This harmless antacid helps digest anything you eat and overcomes a sour, gassy or out-of-order stomach in five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your druggist a sixty-cent case of Pepp's Diapepsin. There will be no sour risings, no belching of undigested food mixed with acid, no gas or heartburn, no fullness or heavy feeling in the stomach, no nausea, headache or intestinal griping. Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this food fermentation and begin eating what you want without fear of discomfort or indigestion.—Adv.
DRINK HOT TEA FOR A BAD COLD
Get a small package of Hamburg Brest Tea at any pharmacy. Take a tablespoonful of this Hamburg tea, put a cup of boiling water upon it, pour through a sieve and drink a teacupful at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.
It is inexpensive and entirely vegetable, therefore harmless.—Adv.
