FOR SALE-AUTOMOBILES.

CONFIDENCE IN THE HOUSE YOU BUY FROM. Confidence is one of the most-important things to be considered in the purchase of a used car. Probably more important when buying a used car than when ob-taining a new one. You must rely largely upon what you are tolds-you should be able to believe what you are told—to know you will be treated with all fairness should defects appear in your car, when you were told the mechan-ism was in good condition.

It is with such confidence you can purchase, a used car from us. This establishment has been in business for 17 years—wê are here to stay—we will continue to want your patronage. Since December first, last year, our used car sales have averaged 2 cars a day. Confidence in our house has been largely responsible for this reco.d.

We have replaced every worn part with a new one and put these cars in thorough mechanical condition, including paint and tires.

The advantage of buying from a reputable company with a record for fair and honest dealing is self-evident, because you get
