

GOTHAM APPROVES DISPUTED STATUE

Masculine Figure to Appear as 'Civic Virtue.'

ORDER DECLARED ISSUED

Park Commissioner Gallatin Says That 'Rough Guy' Will Take Stand in Park Soon.

NEW YORK, April 6.—The 'rough guy' is going to take his stand in City Hall park next week.

This was the announcement today by Park Commissioner Gallatin, regarding the masculine statue of 'Civic Virtue,' chiseled by Sculptor Cass-Monnies, which has been the cause of two public hearings in city hall and countless editorials.

The fate of 'rough guy,' who has incurred Mayor Hylan's special enmity, was left hanging after the second hearing yesterday, but the park commissioner announced today that the contractors had received permission to go ahead.

'It is true,' ruled the commissioner, 'that it is customary to represent virtue as a woman. Whether the figures on our coins, the statue of liberty, the muses, the graces and the innumerable other specimens known to art.

'But in this age of equality, it is no more than right that man should be given some consideration. The women should not begrudge this vanity to man.'

SHOW INSPIRES BUILDING

LARGE NUMBER OF HOMES TO BE BUILT, IT IS SAID.

Visits to Exposition Reported to Have Caused Many Persons to Decide on Construction.

Jimmy Mayo, bashful but determined, walked into the booth of Harry Beckwith at the auditorium yesterday.

'How much does one of those bungalows with a big front porch cost?' he asked.

'I brought Mary—she's my best girl—down here last night and after we had looked all around at the furniture and houses we decided we would have to have a home,' he explained.

The Home Beautiful exposition had done its work.

Many other Portlanders will have homes or will beautify the interior of the homes they already have as a result of a visit to the exposition, according to the opinion expressed by John H. Mariels, chairman of the exposition committee. Mr. Mariels announced that a canvass made among builders and real estate men with booths at the exposition indicated that a large number of homes would be erected or purchased in the city as a result of visits made to the exposition.

Every evening during the week crowds have jammed the place and the interest in the homes and home furnishings has been great.

A feature too has been music by the 'melody four' quartet. This quartet will sing at half-hour intervals at the exposition at various places in the auditorium.

FIVE ASK FOR DIVORCES

WIFE WORKS IN NEGRO CAFE, SAYS GUST KAHROS.

Rose Black Complains That Husband Spends Time Trying to Get U. S. War Compensation.

When his wife started to work March 10, 1922, in a cafe where Chinese and negroes congregated, it was going too far, complained Gust Kahros in a suit for divorce from Georgie Kahros, filed in the circuit court yesterday.

Rose Black complained in a divorce action started that Charles W. Black, whom she married in Vancouver, Wash., in 1919, 'became imbued with the idea that because of his service in the world war the government of the United States owed him a living,' and that he spent all of his time pretending he was sick and endeavoring to have physicians certify that he is entitled to receive government allowances on account of alleged incapacitation.

Other divorce suits filed yesterday were: Helen against A. Ralph Anderson, Mary E. against John M. Satterwhite and John H. against Ellanora Keefe.

ROTARY OFFICIALS HERE

PLANS FOR LOS ANGELES CONVENTION MADE.

International Board of Directors Stops in Portland on Way Home From Vancouver, B. C.

Plans for the international convention of rotary clubs, to be held in Los Angeles June 8 to 9, were outlined at a meeting of the international board of directors, which is now in session at the headquarters of the local rotary club in the Benson hotel.

At the gathering are Dr. Cranford C. McCullough of Fort William, Ont., international president; Estes Snedecor of this city, past international president; Ralph W. Cummings of Lancaster, Pa., first vice-president; William Copeck of Council Bluffs, Ia., second vice-president; H. J. Luteher Stark of Orange, Tex., third vice-president; Chesley R. Perry of Chicago, secretary general; John Bechtold of Chicago, private secretary to Mr. Perry; Carl Rosenberg, president of the Los Angeles rotary club, and William Stephens, chairman

of the Los Angeles convention committee. The international officers attended the district convention recently held at Vancouver, B. C., and stopped off in Portland for the board meeting before disbanding.

In addition to the convention plans, the board also considered the question of redistricting the entire United States. This redistricting plan contemplates dividing the present northwest district in two, one part to include Oregon, eastern Washington and northern Idaho, and the other to include western Washington and British Columbia. It is expected that some action on this will be taken today. The gathering will continue all week, taking up questions of importance relative to the conduct of the rotary clubs.

A dinner and dance will be given for the entertainment of the visitors at the Benson hotel tonight. The dinner will begin at 6:30 P. M. and the dance, given by the retiring officers of the local club, will follow at 9 o'clock. Many out-of-town rotarians and their wives are expected, invitations having been extended to presidents of rotary clubs throughout the northwest.

The visitors were entertained at the home of Dr. and Mrs. Fred E. Moore Wednesday night and at the home of Mr. and Mrs. Estes Snedecor last night. They will be taken on a trip over the Columbia river highway Saturday, with dinner at the Columbia gorge hotel.

PHONE RETURN PUT LOW

COMPANY FIGURES NET EARNINGS 2.21 PER CENT.

Service Commission Declares Figures Inaccurate and That 3.83 Per Cent Is True Profit.

SALEM, Or., April 6.—(Special.)—The Pacific Telephone & Telegraph company's rate of return in Oregon for the year 1921, as shown by the report of the corporation filed here today, was 2.21 per cent, while the same figures interpreted by the commission indicated that the rate of return was 3.83 per cent.

The telephone company, in arriving at its rate of return for the year, deducted from the gross revenues 4 1/2 per cent in accordance with an agreement existing between the Oregon corporation and the American Telephone & Telegraph company for services rendered, and the value of the transmitters, receivers and other equipment belonging to the parent concern be included in the rate base of the Pacific Telephone & Telegraph company.

Under the commission's method, the income account was restated in accordance with its former orders, with the result that the rate of return was 3.83 per cent, which the commission contends more accurately represents the net result of the company's operations in Oregon for the year 1921.

The operating revenues for the year 1921 increased \$871,541.07 over the year 1920, while operating expenses increased \$505,558.88 during the same period, leaving a net increase in net operating revenue of \$365,982.19. Taxes increased in the year 1921 approximately \$76,000 when compared with the year 1920.

Charles Hall of Marshfield, also a candidate for governor at the republican primary election, was among those who filed today. Mr. Hall's platform reads: 'Administer state affairs in interest of all the people; reduce taxes; urge budget system; substitute department for useless commissions; improve marketing facilities; aid farmers credits; equitably adjust automobile license fees; improve highways; improve roads; further good roads, particularly farmers' market roads.

Naval Officer to Be Grand Marshal of Rose Festival Parade.

Admiral Henry T. Mayo was the guest at lunch at the Multnomah hotel Wednesday of Percy G. Allen, director in charge of the grand floral parade for the 1922 Rose Festival. The occasion was the formal acceptance by Admiral Mayo of the position of grand marshal of the floral parade and the presentation of the sash: Major George Mayo, United States engineers; Lieutenant R. E. Kerr, United States navy; Lieutenant

John A. Beckwith, United States naval reserves, and Lieutenant Harold C. Jones, United States naval reserves, who were also luncheon guests.

In accepting the position of grand marshal Admiral Mayo said: 'I am delighted to serve Portland on any occasion, but I am more than delighted to be active in helping to put over the floral parade.

'When I came to Portland and found the members of clubs and civic organizations vying with each other to entertain strangers, and when I learned that the hotels and eating houses prided themselves on the fact that no advance in prices was permitted on such occasions as the Rose Festival, I was determined to join in the unselfish service in any way I could. I only make this reservation, don't ask me to ride a horse or walk, otherwise I am ready to help.'

A. W. NORBLAD INDORSED

STATE SENATOR URGED TO RUN FOR SEAT IN CONGRESS.

Astoria Chamber of Commerce Asserts Young and Energetic Man Needed to Get Results.

ASTORIA, Or., April 6.—(Special.)—The board of directors of the Astoria chamber of commerce this afternoon adopted a resolution urging A. W. Norblad, state senator of this city, to enter the race to obtain the republican nomination for representative in congress from the first congressional district of Oregon.

The resolution recited that the lower Columbia river section and western Oregon have not proper representation in congress; that their needs are not being presented to the national congress as they should be, and that what the people of this district need is a young and energetic representative, who can be depended upon to get results. The board also asked other commercial and civic bodies in the district to indorse its request.

'I deeply appreciate the honor which the people of my home city and of the district seek to confer on me,' said Senator Norblad. 'And their request to become a candidate for representative will receive my earnest consideration. During the past few days I have received numerous letters and telegrams from various parts of the district, urging me to enter the race against Representative Hawley. I am awaiting word from the remaining members of the district and will announce my decision within the next few days.

'I realize the importance of the office which the district offers to me, and to accomplish something for the people of my home state. There are many matters in which this district must have assistance from the national government and prominent among them are the continuation of the improvement of the river to care for ocean commerce and the building of the Roosevelt highway.'

It is understood that should State Senator Norblad decide to become a candidate, Mrs. W. S. Kinney, who is serving her first term as legislative representative from this county, will become a candidate for the state senate.
