ELECTRICAL RATE CUT ASKED

Seattle Committee Favors Reduction for Industrial Current.

PUGET SOUND BUREAU, Seattle, Wash., April 10.—(Special)—Reduction of 25 per cent in rates for Seattle municipal plant for off-peak electrical industrial current will be recommended by the finance committee of the city council. The proposed bill does not apply to the months of August, September and October, when the water supply is low. It is a source of city hydro-electric power, and most of the current is generated by steam plant.

Pantages.

IF BERTHA DANUBE ever should fall while she is being catapulted through space at Pantages this week she would be a fine example of the "Beautiful Blue Danube." Bertha is the most interesting person among many, on the new bill which opened yesterday. Bertha is a slender, agile young woman who takes life merrily and risks her pretty neck while serving as a human ball tossed lightly from the arms of her two brothers, hanging high in mid-air. The two brothers are casters in a sensational act, and the dainty Bertha and one other brother act as subjects. Any number of phenomenal adventures

CHAMBER INTEREST HIGH

SEVERAL INDUSTRIES SEEKING PLACES ON BOARD.

Balloting for Directors Will Start One Week Ahead of Annual Election on April 28.

The annual election of the chamber of commerce, which will be held during the week of April 24, promises to be one of the greatest interest in the history of the organization as a number of the members are asking for greater representation of active members of the chamber on the board of directors.

The building industry is another seeking recognition and point out that this year will be the greatest in the history of that industry in Portland. The nominating committee named James F. Clarkson when William MacMaster declined to serve on the board again. As Mr. Clarkson is a railroad contractor the building industry probably will enter a candidate of its own.

The steamship interests are also asking for a director. It has been asked that Arthur Callan's name be put on the ballot.

A committee composed of Jesse A. Curry, as chairman, Dr. W. C. Shaver, Frank C. Riggs and W. J. Hoffmann has been appointed to arrange for the annual meeting to be held on the evening of April 28. The voting for directors will start about a week ahead so that all members will have an opportunity to vote.

Along Broadway is a pretty and novel turn presented by Henry Catalano. An excellent pianist, Stanley Murray adds to the appeal of the act and two interesting girls of attractive personality who dance further enhance the turn. The girls dress stunningly. Catalano sings nicely.

Opening the bill is a strong woman who is remarkably agile and graceful. She is Maggie Clifton, an unprogrammed man partner acts as her subject in strong-arm balancing and difficult positions.

Beside the PantageScope filled with news of the day, there is a comedy, "The Rubberneck," featuring Lee Moran.

MURDER CASE IS NEAR

Suit Against Bend Board for Alleged Breach of Contract Listed. BEND, Or., April 10.—(Special)—The April term of circuit court opened here today with the prospect of an unusually light docket, unless the grand jury which went into session this morning returns a number of indictments. Its members are D. H. Peoples, foreman, and A. O. Carlson, T. J. Murphy, Carl E. Wise, P. M. House, W. D. Evans and Claude B. Kelley.

B. M. Kelsay, charged with larceny in the case of a dog, is in court for his hearing tomorrow. Robert Stevens, indicted on two counts for alleged attacks on Bend women, will be tried Wednesday and the will action of Frank L. Rockwell, who is suing the Bend school board on allegations of breach of contract, will come up Thursday or Friday.

Two other cases of importance are listed, those of A. J. Weston, alleged second degree slayer of Robert H. Krug of Sisters and A. J. Woolsey and George Albright, charged with wantonly and feloniously killing a dog. The Weston case starts April 17, and the Woolsey and Albright case will be heard toward the end of the term.

FOUR GENERATIONS UNITE

Members of Brownsville Family Hold Birthday Celebration. BROWNVILLE, Or., April 10.—(Special)—Members of the Davidson family down to the fourth generation met at the home of Mr. and Mrs. William Davidson yesterday in celebration of Mr. Davidson's 77th birthday. Present at the dinner were the following sons and daughters: Bruce and Oral of Harrisburg; Mrs. Clara McCoy of Corvallis and Mrs. Lydia Davidson Morse of Brownsville. Besides the families of these children, the following other relatives were present: Mr. and Mrs. Claude Davidson of Shedd, Miss Lilla McCoy of Corvallis, and Mr. and Mrs. Lynn Brown and children, Betty Ann and "Brownie." The Brown children are great-grandchildren of Mr. Davidson. Mr. and Mrs. Davidson will celebrate their 55th wedding anniversary in June of this year. Mrs. Davidson will be 79 years old in October.

Radio telephony was pressed into service last night in the effort to locate Bobbie Winslow, five years old, who disappeared from his home near Lents Junction, on the Estacada electric line, Sunday morning, and who, up to a late hour last night, had not been found, although deputy sheriffs and police officers scoured the woods throughout the neighborhood all day.

By means of The Oregonian wireless apparatus a notice of the youngster's disappearance, together with a brief description of him, was broadcast, to be picked from the air by thousands of radio fans in this locality. It was hoped that in this way the news of the boy's disappearance might reach the ears of someone who had seen him recently, or perhaps even of those who may have taken him in to keep him until they could find out where he belongs, if such has occurred.

The boy seems to be a born explorer and has run away any number of times, according to Mrs. Ora Fleming, his grandmother, with whom he lives. Every other time, however, except one, he has returned after a few hours of exploration, she said. In that one instance he was picked up by a family living a short distance away and kept until his identity was learned through the police.

He is described as a happy chap with fair complexion and rosy cheeks. When he disappeared Sunday morning between 11 and 12 o'clock he was wearing a blue stocking cap, a gray overcoat over blue denim rompers, and had on a pair of heavy overshoes.

Every large city has one newspaper which, by universal consent, is the Want-Ad medium of the community. In Portland it's The Oregonian.
