You Have Been Waiting

and watching each day's paper for just such a sale as we now offer on these

DRESSES

There Are Sixty-five of Them at—

\$32.45

You will find dresses for both afternoon and sports wear among them, for the materials include taffetas, georgettes and canton crepes in black, navy and the more vivid sports shades. So very new are the designs that it is hard to realize such attractive frocks can be so moderately priced.

SKIRTS

There Are But **\$7.45** Fifty at.....

Striped Prunella
Velour Checks
Fancy Tweeds

These skirts have just been received and you might expect to pay double this price for many of them. In marking the entire sample lot at this one price we are giving you the very finest values in these popular pleated and plain sports skirts. You will find both light and dark mixtures in them.

Perhaps the Newest and surely the cleverest Sports Suits

are the striking new affairs in velette. There is a gleam to this material that lends a rich tone to color that you find in no ordinary spring suit. While the jaunty little jackets, which hang straight from the shoulder and feature an unusual collar, are in solid color, the skirts of some are in contrasting stripes, in others a harmonizing color.

Black and white, black and beige, brown and ruby, blue and cream and brown and blue are among the most effective combinations.
